

CRAZY MAN ATTACKS WOMAN

In Sudden Fit of Violence Threatens to
Exterminate Family.

CHASES HER WITH GUN IN EACH HAND

Hired Man Gives Farmer's Wife a
Bad Scare—Fires Several Shots
Without Effect and Is
Taken to Jail.

PAPILLION, Neb., Sept. 19.—(Special Telegram.)—Mrs. Seibold, living five miles from here, had an experience this evening, from the effects of which she will not quickly recover. During the absence of her husband, Andrew Seibold, the hired man became suddenly violent, and with a revolver in one hand and a shotgun in the other, threatened to exterminate the family. Mrs. Seibold was chased around the yard by the maniac, who tried to strangle her and yelled at her in most blood-curdling manner.

The woman finally took refuge in the house, followed by Lobeck, who stood guard over her with the gun and threatened to murder her. While Lobeck was in another room Mrs. Seibold hastened to the telephone and asked Papillion to send assistance at once, as she did not think she could hold out longer. Several shots had been fired by the crazy man, but none of them took effect.

City Marshal Gatewood and Deputy Edward Blodet and R. H. Second went to the house as fast as possible and met Lobeck close to the house on foot coming toward Papillion, and pursued by men on horseback. The marshal got the man into the rig and brought him to Papillion and placed him in jail. He had thrown his guns away and when he was searched nothing was found except an ugly knife and about \$50 in currency.

Lobeck made a good deal of demonstration on the road back to Papillion, but with little difficulty, was made to keep from growing too violent. Mrs. Seibold is in a very nervous condition as the result of her experience and expected to be killed every moment. Lobeck has been in this neighborhood for a long time and has always been crazy, but never known to be very violent. There is much excitement here tonight over the affair.

MEN ARE NOT ONES WANTED

They Are Arrested at Papillion for
Robbery, but Are Later
Released.

PAPILLION, Neb., Sept. 19.—(Special Telegram.)—Pat Ford and Henry Schmelling, who were arrested at Springfield yesterday for the robbery of a holdup of William Whitton, were released from custody here this morning.

Shortly after the holdup Whitton said Ford and Schmelling were the parties, but later could not identify the men and they were released.

Yesterday morning Ford and Schmelling were rearrested and brought to Papillion and lodged in jail. Whitton came to Papillion this morning and positively swore the men were not the right ones. Ford and Schmelling were released at once and have returned to South Omaha.

Warm Sun Is Ripening Corn.

BEATRICE, Neb., Sept. 19.—(Special Telegram.)—Today has been an ideal one for corn, being warm, and a strong south wind prevailed. A week more of such weather guarantees us a bumper crop. WEST POINT, Neb., Sept. 19.—(Special.)—Careful investigation shows that the corn crop of Cumming county has been damaged very little by the recent frost. The growth of early corn has been checked and this will materially hasten its maturing. The late planted corn is not damaged as much as was expected, much of it being too late to be good corn.

HERIT MAKES IT FAMOUS.

The Only Remedy in the World
Except a Surgical Operation,
That Will Certainly Cure
Any Form of Piles.

The study of physicians, the experiments of chemists, the loudly advertised pretensions of quacks, have been for years expended in one direction; to find a pile cure that would cure.

The results have been a number of harmless and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; nearly all of them gave some relief, but nothing approaching a radical cure resulted from these preparations.

The remedy required is one which will immediately stop the pain so severe in many cases of piles, and then by contracting the small blood vessels (capillaries) to their normal state, produces a radical cure by reducing and finally absorbing the tumors and healing the inflamed, raw mucous surfaces.

Until a few years ago no such remedy had been produced, but at that time a suppository was placed upon the market, which has since proven itself to be the long-sought permanent cure for the common and distressing trouble; it has rapidly become famous throughout the United States and Canada and is now sold by all druggists under the name of Pile Cure.

It is now the best known, because its merit and safety have been advertised wherever used. It has been advertised by word of mouth from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous surgical operations without avail, have finally found that piles can be cured without pain and without expense practically, as the Pile Cure is sold for the nominal price of 50 cents and \$1.00 per package.

The Pile Cure instantly stops all pain and at the same time contains no cocaine, morphine or narcotics; the acids and healing properties contained in the remedy speedily remove, cause a healthy, natural contraction and absorption of the tumors. It will cure any form of rectal trouble except cancer and advanced fistula, which, by the way, nearly always results from neglecting proper and timely treatment for piles.

KEEPING UP THE MAN HUNT

Posses Close on the Trail of Madison, the
Red Cloud Murderer.

CATCH BRIEF GLIMPSE OF HIM AT ONE TIME

Dodges into Cornfield and Escapes His
Pursuers—Belief He Is Subsist-
ing by Eating Green
Corn.

COWLES, Neb., Sept. 19.—(Special Telegram.)—The hunt for Madison, the Red Cloud murderer, continued all day without abatement and tonight the hope that his apprehension is about at hand cheers the pursuers and the quest is vigorously prosecuted. The forces had been concentrated about four miles northwest of Cowles, the pursuers urged on by repeatedly finding clues. At the farm of Mr. Partridge the fugitive asked for work and while wrangling over the price caught sight of the posse on a neighboring hill, when he at once made for the cornfields. The pursuers were only fifteen minutes behind the murderer when the latter was found in a cornfield. The chase was resumed by a few, some of them from Kansas, among them William Snour, a Bohemian farmer, living three miles north and one mile east of Cowles. While at work Mr. Snour observed a man emerge from a cornfield whose description agrees with that of the fugitive. He at once notified Sheriff MacArthur of Webster county and the latter with Detective Madison and the latter with Detective Madison drove to the scene. Soon footprints were found leading from a cornfield into a plowed field, but were lost in the stubble beyond. These were identified by the trapper, who knows Madison as the footprints of the murderer. It is upon this trail that the men are now working.

Kansas Men Threatening.

There is intense excitement among the Kansas men, about 200 of whom are in the vicinity, and there is no doubt that if Madison falls into their hands he will be immediately lynched. It is more probable, however, that he will be taken by the officers and removed to a place of safety. The vicinity in which the man is lurking is suited to his purpose, and though they were close upon his heels, it would be difficult to dislodge him. There are thick clumps of trees in dense shrubs, very along the ravines, while on the uplands there is a thick stand of corn and along the roadway sunflowers offer ample means for concealment. The man is believed, and frequently along the trail munched ears are found with the crumbs of chewing tobacco upon them.

Some Conflicting Stories.

HASTINGS, Neb., Sept. 19.—(Special Telegram.)—The hunt for Tom Madison, the supposed murderer of Mrs. Williamson and her daughter and Mrs. Williamson's mother, all residing five miles south of Red Cloud, is progressing, but unless the unexpected happens the fugitive will not be captured until tomorrow if he is captured at all. Nothing has been seen of Madison near Roseland or Ayr, and at Blue Hill the bloodhounds lost the scent. It is reported that Madison stole a team at Lawrence and started in a southeasterly direction from Red Cloud. It is reported a man was seen driving a team southward at a breakneck speed, and the description of the man tallies identically with Madison. However, it is not generally believed that the man seen going south of Red Cloud was the fugitive, for it cannot be comprehended what reason he would have for returning to the neighborhood where the murder was committed. A farmer reported at Lawrence that he

DUNN IDENTIFIES THE COUNT

Jules De Ayness, Wanted in Omaha,
Arrested in Rochester.

OBJECTS TO TRIP BACK TO OMAHA

Attorney Sees Out a Writ of Habeas
Corpus and the Case Will Be
Argued in the Supreme
Court.

ROCHESTER, N. Y., Sept. 19.—(Special.)—Chief of Detectives H. W. Dunn of Omaha arrived in this city yesterday. His object was twofold. First, he wanted to see Director of Detectives Hayden and impress upon him the necessity of fighting strenuously the habeas corpus proceedings brought to release Jules DeAgness, the French count, under arrest for forgery committed in Omaha, and secondly, to see DeAgness so that he might assure himself no mistake in identification was made. DeAgness was brought to headquarters from jail and Chief Dunn had a chat with him. The "count" was taciturn and his shrill voice and the repeated slugging of shoulders indicated that the interview was distasteful to his royal sense of etiquette. "It's a shame and an outrage," he piped in a high key. "I forged nothing but my own name. Dees is a-a-a execrable country." After which explosion of wrath he was taken to his cell.

Asks for Extradition Papers.

Dunn and Hayden consulted for some time and about 4 o'clock the Omahan boarded an eastbound train for Albany, where he will ask for extradition papers. A warrant for the arrest of DeAgness was left with the local police. In it Rome Miller of Omaha complains that DeAgness defrauded him of \$50 through a worthless check on a Salt Lake City bank. A most mercurial disposition is that of the "count." In one breath he says he will not go back to Omaha, but will ask Hon. T. D. Sullivan of Tammany hall to help him at Albany, and in the next breath he says he will go back and fight it out there. The writ of habeas corpus will be argued in supreme court this morning and Dunn will have hard work to unwind the red tape necessary to head off the habeas corpus proceedings and return with his extradition papers.

A Picture of the Prisoner was Taken by the Bertillon Operator at Police Headquarters.

DeAgness protested against being "mugged" and writhed and struggled. When he was jacketed up, he made a wry face.

PICKPOCKETS GET A BIG WAD

Collector Robbed of Five Hundred in
Currency and a Thousand Dol-
lars in Checks.

BEATRICE, Neb., Sept. 19.—(Special Telegram.)—Mr. Simpson, a collector for the Cudahy Packing company, was robbed of \$500 in currency and \$1,000 in checks this afternoon while boarding a train for Lincoln. Mr. Simpson was stopping at the Butler hotel and just before going to the depot placed the money and checks in a large black pocketbook. Just as he entered the passenger coach, one man stepped in front of him and two followed close behind. When he sat down in the seat he felt for his pocketbook and was startled to find that he had been robbed of his roll. He promptly notified the officers of the robbery, but the thieves had made their escape. He was unable to give any description of the men. As Forspugh & Sells Brothers' shop exhibited here today, the robbery is supposed to have been committed by a gang traveling with the circus.

DEBATE LIQUOR QUESTION

Methodist Conference Wars Up Over
that and the Social
Evil.

(From a Staff Correspondent.)

LINCOLN, Neb., Sept. 19.—(Special Telegram.)—The temperance question occupied most of the time of the Methodist conference today, nearly every minister present taking a hand and one of them incidentally scoring President Roosevelt, Governor Mickey and Mayor Adams for not taking steps to prevent the sale of liquor. This was Rev. H. H. Bennett.

Rev. Shepherd, who was caught by the police recently while exploring the bad lands in search of a plan to combat the social evil, told that Lincoln was full of hell-holes and pitfalls for young women.

Rev. Freeman combated the speech of Rev. Hale by telling that the governor had been sure, do all in his power to enforce all laws. Rev. Wharton asked the conference to allow the spirit of Christ to prevail and assured the ministers it would be better to talk to the people quietly than to antagonize them. Thus peace was restored.

The resolutions adopted expressed gratitude that the sale of liquor and beer was prevented in the army, opposed the sale of liquor in government buildings, endorsed the prohibition of the sale of liquor in the territories, District of Columbia, and all places where the federal government has control and condemnation of any attempted legislation that would license the social evil to make it a source of public revenue.

Conference Ends at Stromsburg.

STROMSBURG, Neb., Sept. 19.—(Special.)—The National Synodical conference closed its session here yesterday. Over 300 ministers and delegates have been in attendance. Among prominent ministers who have been at the session are Dr. Frank E. Johnson of Chicago, Rev. C. S. Saline of Texas, Rev. L. Johnson of Omaha, General Missionary for Iowa; Dr. E. W. Winger of Chicago, editor of the "Weekly Mail," the denominational paper. The weather has been splendid and the people took their meals in a large tent on the church grounds where 300 people were seated at one time. The visiting ministers remained in the city Sunday and preached at the different churches.

Full Vacancy on Fusion Ticket.

TECUMSEH, Neb., Sept. 19.—(Special.)—At a meeting of the fusion county central committee George Sandusky was selected to run for county superintendent. To fill the vacancy caused by W. I. Swisher's refusal to make the race, and DeMott Swan was chosen to make the fight for commissioner, in place of B. B. Buffum, resigned.

Negroes Hang a Negro.

LUXBURG, Ark., Sept. 19.—Negroes last night overpowered the sheriff, took out a negro named Helman and hanged him to a tree. Helman was left hanging until this morning. He was charged with criminal assault on two little negro girls, aged 7 and 8. Everything is quiet today.
