Students of Creighton College, Priests and Prominent Catholic Laymen Honor Noted Educator-Author of Many Text Books.

The observance of the fiftleth annivermary, or golden jubilee, of Rev. Charles Coppens, one of the noted Jesuit educators of the United States, began yesterday morning at Creighton college and concluded in the evening with a reception to the priests and prominent Catholic laymen of

Solemn high mass of thanksgiving was celebrated by Father Coppens at 8:30 o'clock in St. John's church, Father Rigge being deacon, Prof. Calhoun subdeacon and Prof. Dahlman master of ceremonies. A number of other priests were in the sanctuary and all the students and a number of the members of the parish were present. Later Father Coppens was tendered a reception by the students, addresses being made on behalf of the seniors and juniors, and a poem written by Father Stritch, professor of poetry of the university, being delivered. Father Coppens responded, drawing many lessons from his long experience as a teacher.

Born in Belgium.

Father Coppens was born in Turnhout, Belgium, May 24, 1835, and entered the Society of Jesus at Tronchiennes, Belgium, September 21, 1853. He arrived at Florissant, Mo., the normal college of the Jesuits where members of the order are educated. December 26, 1853, and was ordained a priest in St. Patrick's cathedral, New York, July 26, 1865. He was professor of rhetoric at Florissant for the next ten years, after which he was for six years a professor in the Jeguit college at St. Louis and for five years at St. Mary's college, St. Mary's, Kan., first as prefect of studies and later as rector of the college. After returning to Florissant as professor of rhetoric for two years Father Coppens was prefect of studies and professor of philosophy at the Detroit (Mich.) college until 1893, when he was transferred to this city to be professor of philosophy and lecturer on medical jurisprudence at Creighton college,
