REFORM COMMISSION NAMED

The composition of the mixed commission to carry out the program of reforms in Macedonia is officially announced today.

While definite conclusions have not been reached, no hitch has occurred in the negotiations. On the ground that all is now quiet in Bayroot, it is not unlikely that the Porte is pressing for the withdrawal of the American ships, but no direct request of this nature has been preferred to the authorities here.

British High Commissioner Will Not Accept the Colonial Secretaryship.

LONDON, Sept. 25.—The Associated Press is able to state definitely that Lord Milner, the British high commissioner in South Africa, who is now at Carlsbad, has been offered and has declined the colonial secretaryship.

Further pressure is being brought to bear on him, urging him to reconsider his determination, but if the forecast of his friends is correct he will not accept.

Mr. Brodrick has accepted the secretaryship for India and in the event of Lord Milner declining to accept the office of high commissioner for the colonies, will become undersecretary for India, precedent ordaining that the secretaryship of the colonies shall not sit in the same house.

Climate Affects German Horses. BERLIN, Sept. 25.—Count Von Lehndorff, the Prussian minister of the horse, has reported to Emperor William that the climatic and food conditions make German horses inferior to the English and French horses and that, therefore, a full regeneration of the German stock cannot be too quickly brought about by importing stallions. Much of the horse food used in Germany is now brought from America.

Count Von Lehndorff suggests popularizing horse racing by permitting bookmaking and Sunday racing.

AMERICAN MAILS DELAYED

English Railroad Refuses to Transport Them Unless Paid for Extra Service.

LONDON, Sept. 25.—General indignation has been aroused here by a dispute between the postoffice authorities and the management of the London & North-Western railroad over the payment for the transportation of mails, by which the American mails have been delayed at Liverpool when, under exceptional circumstances, they have not been landed at Queenstown.

It appears that the railroad disputes its liability to carry to London a larger portion of the Atlantic mail than can be shipped away in an ordinary boat train, without extra payment.

The recent arrival of Umbria's mail brought matters to a head, when the railroad officials refused to carry the mail unless paid for the cost. Confronted unexpectedly with this ultimatum, the postoffice complied under protest. On the arrival of the Umbria, the railroad took a similar stand, but on this occasion the postal authorities stubbornly declined to comply with the conditions.

Consequently, hundreds of mail bags brought by Etruria were left at Liverpool and forwarded to London in small numbers, at the accommodation of the ordinary cars of the ordinary trains permitted, the last portion of Etruria's mails not leaving Liverpool until Monday.

SEVENTEEN YEARS IN PRISON

Defaulting Treasurer in the Philippines is Given Severe Sentence by Court.

MANILA, Sept. 25.—Dean Tompkins, the defaulting treasurer at San Fernando, convicted recently of forgery, has been sentenced to seventeen years imprisonment. His trial on the other charges filed against him has been postponed.

A Filipino named Kalbas, president of the nationalist party, was arrested today upon a similar charge as that which has just been preferred against Dominador Gomez. He is accused of being concerned with the latter in fomenting the disturbances which have lately taken place in the northern province of Luzon, where a guerrilla warfare has been carried on for some time past by bandits against the peaceably inclined natives.

He is now held to answer on charges of rebellion and insurrection against the authority of the United States.

Two prisoners named Rudd and Black, escaped fugitives from the United States military prison on Malaga Island, in Laguna de Bay, Luzon, have been killed in the Philippines. The latter claim that the killing took place during an attempt to capture the fugitives to gain the reward which was offered for their arrest and return to the military authorities.

PEER OF LOU DILLON

Major Delmar is Second Horse to Make Two-Minute Record.

NEW YORK, Sept. 25.—The big event today at the Empire City track was the effort of the champion gelding, Major Delmar, to beat his own record of 2:00 and to beat the world's record of 2 minutes held by Lou Dillon.

He trotted a most wonderful mile, and in a game but tiring finish, shot under the wire in the record time.

After a preliminary warming up the gelding champion came out for his trial at 4:20. He went under the first turn, broke and came back. At the second attempt he went away as steady as a clock, though a slow beginner, got to the quarter in 20 1/2 seconds. Up the back stretch he shot with such lightning rapidity that he flashed by the half-mile pole in 59 seconds. Then the grand stand roared and cheered as the gallant son of Delmar flew across the finish line in 1:29 and three-quarters pole in 1:29 and came home to the wire in 2:04, thus equalling the time of Lou Dillon.

It was a splendid performance by the animal, which only this week changed owners at \$20,000, the highest price ever paid for a gelding. Major Delmar is a New York animal, bred and foaled, trained and owned in the Empire state.

Two running horses, hitched to sulkeys, were provided for pacemakers. The sulky equipped with the winning gelding was driven by George B. Spear, regular trainer for E. F. Smathers, Major Delmar's owner.

Other Events of the Day. In the 2:11 class Promise was the choice at even money. He was beaten by a nose in the first heat and won the second by a head. In the third heat he was a poor third, and the judges were so dissatisfied that they decided all pools off on the race and fined the driver \$100.

In the 2:18 pace George R. Pock was the choice, but he was a counterfitter, as Arzille, after the first heat, won easily. Results: 2:18 class, pacing, purse \$500.
