ANOTHER UNIVERSITY ABUSE

Complaint is Made that Students Are Held Up by High School Inspector.

ST. HELENA, Neb., Oct. 8.—To the Editor of The Bee: I see that you have been recently exposing the manner in which the Lincoln book stores have been mistreating the students of the University of Nebraska, and I want to congratulate you for the stand that you have taken in the matter.

While you are in the good work, I wish that you would look into another abuse that does not look exactly right to many people. As an instance, a relative of mine, a widow, sent her daughter to the university with the intention of having her become qualified to teach in a high school.

My speech today is on character building. The foundation of the character is in the soul. How necessary it is then that the certificates of nomination should be filed with the secretary of state on behalf of the candidates for district judge by the republicans of the Fourth, Twelfth, Seventh, Thirteenth and Fifteenth districts only, and by the fusionists of the Fourth and Twelfth, and by the socialists of the Fourth district only.

Dr. Andreen's address was partly interfered with by the thunder and the patter of rain on the tent. He congratulated the academy, as well as the Nebraska people in general, on the wonderful progress they have made.
