### REGARD BARNES AS A WINNER

Governor Mickey and Representative Thompson Predict Republican Success.

### GRATIFIED AT HARMONY IN DOUGLAS

Governor Says It Promises Much to the Party in State and National Campaigns Next Year.

"I think the political sky is clear for Mr. Barnes," remarked Governor Mickey, who spent Saturday in Omaha. "I have been taking a sort of general survey of the situation, and from my best and most careful observations and from conversing with others who are in closer touch with such affairs than I, I am led to believe that Mr. Barnes will be elected to the supreme court this fall. My candid opinion is that his election is generally anticipated. That seems to be the view where I have been."

"Our friends on the other side are, of course, making a zealous campaign, and it will not do for the republicans to get overconfident or apathetic because of their conviction that they are sure to win. It sometimes requires sturdy efforts to draw out the will of the majority."

"I have observed with a great degree of satisfaction and pleasure the spirit of harmony and unanimity prevailing among the republicans of Douglas county. I can tell you, frankly, it is attracting my attention throughout the state and is the course of much gratification and encouragement to republicans generally. You know the state has a way of looking to its metropolis for political examples and when you folks here are split up by party discord it makes us fellows out in the state feel badly. Then besides it has a bad material effect upon the rest of the state. The unification of the party this fall in Omaha

and Douglas county means victory in your present campaign and assures great good for us in 1904. I have heard so much enthusiastic comment from prominent republicans and from the rank and file over this genuine harmony which is characterizing the republicans here. It's a healthy sign, certainly."

### To Talk Over Fair Plans.

Governor Mickey came up on private business and to confer with G. W. Wattles on matters affecting the state's display at the World's fair, in which he is taking the utmost interest. "I think the state did the wise thing to have no state building erected at St. Louis," said the governor, "but reserved its funds to be devoted to a more general and excellent display of the state's resources than would have been possible had we spent the money necessary to put up a state building."

Regarding the recent notoriety over the attempt to kidnap one of his children, the governor laughingly said: "Well, there was a serious phase to it, but the matter was greatly exaggerated. The plot, I guess, was really laid by the convicts and that made the affair a serious one."

Representative W. T. Thompson of Central City was in Omaha on legal business, having a case in the district court. He is much encouraged and enthused over the outlook for republican victory in Nebraska this fall.

### SMITTEN BY HIS CONSCIENCE

Iowa Citizen Pricked in the Heart by Misdeds of the Past.

Officials of the Missouri Pacific are somewhat amused over the receipt of a communication which came to the office addressed to "Headquarters." It shows that there is at least one honest man in the state of Iowa and his conscience has troubled him so much that he wrote the following communication:

To Whom It May Concern: Since I have taken thoughts to live a life for Christ, and putting away the work of the Devil, I will with a few words make known to you what I have done. I have beaten the Sinners' out of one fare between the points of Kansas City and Newton, by paying the brakeman about 1 cent a mile. Please send me at once full fare and I will kindly restore to you the full amount. Asking you for forgiveness, some will say it will make no difference, that is all past, but I believe in restoration and do not feel alright until it is settled some way or other. There is no sin against God, but I believe in restoration and bid that shall not be known. Matt. X-2. CHRIS GLENNER PROMPTLY.

### DUNN RETURNS WITH HALL

Chief of Detectives Gets Man Suspected of Embezzling in Omaha.

Chief of Police Donahue has received a telegram from Captain Dunn, who went to Butte, Mont., several days ago for George Fred Hall, wanted for the alleged embezzlement of \$75 from the wholesale liquor firm of Henry Rohlf, Leavenworth street, advising him that he will arrive here with the prisoner today. It was necessary to extradite Hall, and some time was consumed in having the necessary requisition papers made out and signed up at Helena, the state capital.

### HELD ON DOUBLE CHARGE

Lincoln Enslay, Accused of Larceny as Bailor and Forgery, is Bound Over.

Lincoln Enslay was bound over to district court Friday by Justice King on the double charge of larceny as bailor and forgery in the sum of \$750, in default of which he now languishes in the county jail. His trouble grew out of a spree started at Waterloo. Enslay and George Goranson, employed as a laborer by the Union Pacific, were drinking, and at the finale Goranson discovered that he was short \$75 in cash and a Union Pacific pay check for \$75.30.

The missing funds were traced to Enslay and his arrest followed. It further appears that Enslay persuaded Christopher Coch, a saloonist at Millard, to cash the pay check above described, and that Enslay had signed Goranson's name thereto as an endorser in the presence of Coch and other citizens of Millard.

As a consequence Mr. Enslay is in serious trouble. Goranson is out \$75 in cash and Coch is minus \$75.30, the amount he advanced Enslay on the paper.
