TEACHERS CONFERT TOGETHER

Langing End of the Public Schools Hold a State Convention.

INCOLN WHOLESALERS INTERESTED

Save Little Hope of Being Able to Knock Out the Gross Credit Feature of the New Revenue Law.

From a Staff Correspondent. LINCOLN, Oct. 23.—(Special.)—The principals and superintendents of the state got together in annual convention at Memorial hall this morning and spent most of the day in listening to an address by W. L. Stephens of this city on "Some Fundamental Principles of Discipline" and a discussion of it. There were 120 principals and superintendents present at this session and a large number of them took part in the discussion.

All good doctors prescribe Ayer's Cherry Pectoral for coughs.

Omaha, but when time was called Mr. Pearce was somewhere on the road, so had to take his place lower down on the program. He talked on the "Business Management Work of a Superintendent," with which he showed great familiarity, dwelling particularly upon the need of superintending and principals knowing the financial side of the school system.

At the afternoon session this program was carried out. "Supervision of Work in Grades," by W. L. Rouse of Plattsmouth; "Proper Moral Training," by Dr. Fletcher L. Wharton, Lincoln, and "Co-operation of City Superintendents and Principals with County Superintendents," by E. C. Bishop, York.

Tonight the annual banquet was held at the Lincoln hotel, at which A. H. Waterhouse of Omaha was toastmaster. These have enrolled: H. H. Halm, Beatrice; M. S. Brown, York; H. E. Mason, Stanton; B. H. Thompson, Waterloo; N. Clark, Sterling; H. H. Halm, Beatrice; W. L. Evans, Wahoo; Emma Hoeg-Klein, Wahoo; J. W. Pearson and wife, Fairbury; E. J. Case, Red Cloud; Anna H. Day, Beatrice; J. G. Winters, Lincoln; W. M. Kern, Columbus; W. A. Yoder, Florence; C. Nelson, Lincoln; Bronson Eagle, J. W. Crabtree, Lincoln; Mary Deane, Beatrice; O. R. Bowman, Lincoln; G. E. Burton, Lincoln; E. R. Sherman, Schurler; W. A. Reed, Superior. Lincoln Wholesalers Interested.

The same argument that was used in the Omaha case. City Attorney Strode said, would hold good in Lincoln. No one here, so far as heard from, contemplates bringing suit, but all are anxious for the supreme court to pass on the subject. In the meantime the question as it affects the state at large is not being discussed to any great degree. The state board will withhold the schedules until shortly before the first of January, when by the provisions of the law they are to be delivered to the county officers. It is the opinion of one who has made a study of the law that the credit men will have to put up with the law for this year at least and depend upon the next legislature to repeal that section.

Interest in Politics. Deputy Land Commissioner Eaton has returned from a trip to Boyd county where he went to look after the interests of the state in the re-appraisal of some school land in that county. While at Naper Mr. Eaton attended a political meeting addressed by the republican nominees for the district bench, Captain Fisher and Mr. Wills, which he said was one of the most enthusiastic meetings he had attended this campaign. A large crowd was out and every indication pointed to the election of the republican nominees. "Both candidates made stirring talks," said Mr. Eaton, "and both were well received. There was no mud slinging and each spoke well of his opponent. From indications in this and other counties I have visited in this district I believe that both Wills and Fisher will be elected."

Oil Companies Incorporate. Evidently there is considerable faith in Nebraska as an oil state, as two companies, each with large capital and much push, have filed articles with the secretary of state to develop and run oil fields, lay pipe lines, build gas plants and do a general mineral mining business. The first to file articles was the Shell Oil and Gas company of Omaha with a capital stock of \$600,000 and these incorporators: R. F. Graeber, G. W. Grigsby, Herman Burkley, D. W. Woodin and Charles Whitaker. The Beaver Oil company of Chadron is the other with a capital stock of \$800,000. The incorporators are: W. W. Tracer, C. J. Barnes, Gordon Bigelow, M. J. Miller and N. L. Barnes.

county court today when Thomas Frey and his wife signed papers releasing to his aunt, Miss McClintock, their 2-year-old baby boy. The mother is seeking a divorce and before the hearing they both agreed to allow the aunt to have the child. The little fellow played around the court room, running back and forth from the father and mother to the aunt, prattling to each and knowing not that they were giving him away. Mrs. Frey alleged in her petition for divorce that Frey had treated her cruelly on several occasions and that he was insanely jealous. The parties to the divorce are well fixed financially and were elegantly attired when they entered the court room together.

BRANTNER ON THE WAR PATH

Shoots at Hired Girl Because She Said She Was Not Afraid of Him.

PLATTSMOUTH, Neb., Oct. 23.—(Special.)—William Brantner, who caused so much excitement in the town of Murray yesterday by shooting his wife and her hired girl, Mrs. Hattie N. Davis, was arrested on a warrant sworn out before Justice R. W. Swearingen at that place, containing two counts, one charging him with shooting with intent to wound and the other charging him with shooting with intent to kill. When arraigned he pleaded not guilty and the hearing was set for November 7. Deputy Sheriff Frank E. Schlater brought Brantner to this city last evening and confined him in the county jail.

Brantner was employed in this city by W. L. Coffey to deliver general merchandise and drove a horse and buggy of theirs to Murray the night before and stopped with his wife at her hotel. A short time before noon yesterday he went into the kitchen, where his wife and hired girl were, and said to the hired girl, "I understand that you said you are not afraid of any man." Her answer was, "That is correct." She says he then drew his revolver from his hip pocket and shot point-blank at her face. The bullet missed her and struck the cupboard. She said something about it being a "blank cartridge," but seemed to lose her nerve and started on the run to leave the room, when another bullet entered her hip. His wife then remonstrated with him, when he commenced shooting at her, and before she could get

out of the room and hotel one bullet had passed through one hand and one through one of her lower limbs, just above the ankle. Brantner crossed the street and talked with some of the people for a short time, and as he took his departure he remarked that he would go to the hotel and lie down, as he felt sleepy, and the sheriff could find him there.

Buffalo County Medical Society.

KEARNEY, Neb., Oct. 23.—(Special Telegram.)—The Buffalo County Medical society met in this city last night for the regular quarterly session. Those present were Dr. Crummer of Omaha, Dr. Miller and Dr. Ray of Gibbon, Dr. McNulty of Callaway, Dr. Yoder of Elm Creek, Dr. Lucas of North Platte and Drs. Bell, Hoover, Gibbons, Blanchard, Woods and Hull of Kearney. The meeting was called to order by Vice President Miller of Gibbon, the president, Dr. Packard, being absent. Dr. Crummer of Omaha read a paper on "Endocarditis." A vote of thanks was extended to Dr. Crummer for his kindness in coming here from Omaha especially to present the subject to the local society. Dr. Blanchard read a paper on "Nasal Obstructions and Pressure and Their Results." Dr. Bell prepared a paper, the title of which was "Physicians and Nurses Responsible for the Existence of Childbed Fever." Dr. Hoover reported an interesting case of an overdose of opium in an infant with a consequent profuse rash. This meeting marked the beginning of the Buffalo County Medical society.

Promoters Talk Confidently.

PAPILLION, Neb., Oct. 23.—(Special.)—Charles L. Miller, Lyman Watterman, Z. Cuddington, A. A. Tully and E. E. Wilcox, incorporators of the Omaha & Southern Electric Railway company, were in Papillion yesterday looking over the ground for their line and to ascertain approximately the amount of grub, live stock and other shipments made between here and Omaha

yearly in order to form some idea of the freight business they can count on. In an interview the gentlemen said they had the best survey yet made between South Omaha and Papillion and were satisfied with the prospects for a large freight and passenger business. They said the line would certainly be built and built immediately. This line is understood to be merely a local line running between South Omaha and Papillion, and is a separate and distinct road from the Omaha, Lincoln & Beatrice company.

Quiet Campaign in Dodge.

FREMONT, Neb., Oct. 23.—(Special.)—The political campaign in this county has been very quiet. No public meetings have been held so far by either party. There are three tickets in the field, republican, democratic and socialist. The prohibitionists also have a partial ticket. The socialists have never had a county ticket here before. They claim they have 300 voters, but it is doubtful if they cast over seventy-five socialist tickets. Republican and democratic candidates are making almost a house to house canvass throughout the county. This county has a candidate for district judge on each ticket and each will vote more than his party vote. The greatest interest centers on sheriff and county clerk with the odds in favor of the republican. Dodge county was formerly democratic but during the last eight years the tide has been turning until half the county officers are republicans and the old time majorities on the state ticket reduced to under 100.

Beatrice Students Organize Club.

BEATRICE, Neb., Oct. 23.—(Special.)—Another meeting of former and present students of the State university was held last night in the Beatrice club rooms with a fair attendance. The constitution was read and adopted, after which a splendid musical program was rendered. It was decided to perfect a permanent organization to be known as the University club at a meeting to be held in two weeks, at which time officers will be elected.

Open Hospital at Crete.

CRETE, Neb., Oct. 23.—(Special.)—The Crete hospital is a new institution which has opened its doors this week. A commodious two-story brick dwelling in the eastern part of the city was selected as the location and it has been fitted up with modern hospital appliances. The staff is

composed entirely of local physicians, with Dr. Charles H. Breuer as director, and a trained nurse who has just arrived from Chicago.

Norfolk Proud of Its Building.

NORFOLK, Neb., Oct. 23.—(Special.)—The walls on Norfolk's new United States court house are pushing rapidly heavenward and all but two of the 200 carloads of material for the structure have been received. The attic timbers will be laid within a day or so. It is estimated that the freight bills alone for the building have been \$20,000 and the product when finished will be magnificent. The appropriation is \$100,000. Superintendent of Construction Fain, who has represented the government in every part of the country on just this sort of buildings, says that there is no city in the United States of Norfolk's size which can boast of so fine a government building. Superintendent Williams of the construction company is just now figuring on a new \$300,000 freight depot for Kansas City and also for the new government building at Hastings, Neb.

Engine Goes Into Stream.

BEATRICE, Neb., Oct. 23.—(Special.)—Yesterday afternoon as Lon Simms was moving a threshing machine outfit across a bridge which spans Bear creek, the plank gave way and the engine went into the stringers. Fortunately there was no one injured, as the engine did not turn over, but it took several hours to get the machine out of the bridge and across the stream.

Teachers Go Visiting.

HARVARD, Neb., Oct. 23.—(Special.)—This is visiting day with the teachers of Harvard public schools, given them by the Board of Education to visit each year one of the schools in other cities they may select. Lincoln, York and Hastings have been selected this year as the schools visited by the different teachers, a portion going to each place.
