A TRUE AMERICAN BIRD.

The father of his country, George Washington, instituted Thanksgiving day, and to make it enduring for all times, he designated the turkey as the official bird for the occasion. With this great deed he has won the hearts of a nation, and his name is mentioned by successive generations with true thanksgiving. Dr. Burkhart, who has given to the world his private formula has bestowed in his famous Vegetable Compound the greatest blessing upon mankind and he has won thanksgiving and gratitude in millions of homes, where the afflicted were cured of Rheumatism, Kidney Troubles, Catarrh and Blood Diseases. Thirty days' treatment 50c at all druggists, or six months' guaranteed treatment for $1.00. You can't afford to miss this opportunity of being cured for such a small sum.

TEACHERS ELECT OFFICERS

Superintendents and Principals of State Convention Conclude Interesting Session.

GOVERNOR OPPOSES DANCING AT SCHOOL

Objects to Those Given by University Students, but Does Not See How He Can Prevent Their Being Held.

(From a Staff Correspondent.)

LINCOLN, Oct. 24.—(Special.)—After a most interesting session the principals and superintendents wound up their convention this morning by electing these officers: W. H. Barta, president; Miss Brown, vice president; F. C. Williams, secretary, and W. H. Wagner, member of the educational council.

"Proper Instruction in Narcotics and Stimulants," was the subject of a paper by H. B. Ward, in which he said the physiologies paid too much attention to the muscles and such and not enough to the care of the body. He held that the child should be taught that it was just as bad to eat too much food as it was to drink too much stimulant. Dr. Wolcott and others joined in the discussion.

After the general discussion A. E. Davisson of this city spoke on the advisability of "A Practical Course in Agriculture." He said he rejoiced that the study of agriculture was being looked into by so many instructors and said that a course in agriculture was one of the most practical things a boy could study. He told of its fascinating lessons and how interesting it was to know how things grew and blossomed. His talk was purely informal, but well directed, and he told the teachers how they could teach it in a small way even without the use of expensive apparatus. Dean Fordyce of University Place and G. A. Gregory of Crete, discussed the question and agreed with Prof. Davisson in every way.

Governor Opposes Dances.

Governor Mickey, in speaking of the report that he had been asked to use his influence to stop the dances given at regular intervals by the university band boys, said:

"I have not been asked to interfere in the least with any dances or to use my influence to stop them, and I was not aware that a movement was on foot to stop dances given by the classes of the university, and neither was I aware that the university classes gave dances. Of course, it is none of my business, but, in my opinion, no school should endorse dancing or permit it in the name of the school if there were any way to prevent it. From talks with men and women who know, I am positive that dancing is the cause of more women failing than any other social divertisement. I get my information from people who have made the dance a study, and they ought to know."

State Will Not Purchase.

The state will not buy any Cobbey statutes for distribution among legislators, which it was authorized to do by the late legislature, which passed the measure over the veto of Governor Mickey. Judge Holmes this morning handed down a ruling to restrain the printing board from buying the books. The injunction suit was brought by a representative of the Journal company, which failed to get the contract for printing the books, but did have the contract for printing the Wheeler statutes. The statutes were to cost the state $9 for a set of two volumes.

Judge Holmes held that the act was in contravention of that provision of the constitution which prevents members of the legislature from enjoying any compensation or perquisites in addition to their salary, and in so holding touches up the modern legislator quite freely for his tendency to overlook any little provisions of law that may stand in the way of his acquisitiveness.

Boy Accidentally Shot.

Clifford Bentley, son of Detective Bentley of the Lincoln police department, was accidentally shot in the back of the head this morning by Frank Reed, a playmate, with a 22-caliber rifle. The ball entered at the base of the skull, plowed through the skin and came out near the ear. The wound is not considered serious.

Back from Maneuvers.

Governor Mickey and Captain Chase of the university returned last night from a two days' visit to Fort Riley, where they witnessed the army maneuvers. Both report a most enjoyable trip and both were loud in their praise of the Nebraska boys.

"The bringing together of the National Guard and the regular army is a great thing," said Governor Mickey, "and it will mean the wiping out of the feeling that has heretofore existed between the two. The Dick bill is certain to work wonders in the military affairs of the country. I enjoyed the trip immensely and was royally received and treated by General Barry. All of our boys are giving an excellent account of themselves and there is no sickness among them. The hospital corps has come in for a great deal of favorable comment and it has done much work among the other regiments."

FOUR MEN ESCAPE FROM JAIL

Prisoners Spring a Steel Door and Remove Brick from Wall in Jailer's Absence.

COLUMBUS, Neb., Oct. 24.—(Special.)—There was a wholesale delivery of the inmates of the jail last night between 7 and 11 o'clock while the jailer, Ed Rossiter, was uptown. The prisoners sprung the heavy steel door leading to the corridor and removed the brick from the wall. Those who escaped were: George Reubenthaler, awaiting trial for assault with intent to kill; James Hamlin, horse stealing, and John Schultz and James Wilson, who were serving a thirty-day sentence for petty larceny. James Church, an inmate, refused to leave the jail and was found there when the escape was discovered. He has but a couple of days more to serve. He will say little of how the prisoners managed to do the work. This is the second jail delivery within two months.

Sheriff Byrnes has offered a reward of $25 each for Reubenthaler and Hamlin. Reubenthaler is a German and speaks no English.

Big Hay Stack is Burning.

HASTINGS, Neb., Oct. 24.—(Special.)—George Durkee, who lives nine miles north of this city, is having an unprofitable experience with a large stack of alfalfa hay. Three weeks ago the hay on the outside of a huge sixty-ton stack turned black and in a week the haystack looked as black as a pile of burned straw. A few days ago a column of dark smoke issued from the center, which still continues. The huge stack became ignited from spontaneous combustion and it is supposed the slow fire will continue a few weeks yet before the stack will be entirely consumed.

May Lose Sight of Eye.

PAPILLION, Neb., Oct. 24.—(Special.)—Yesterday while Mr. Hayden, a well known man in the western part of the county, was engaged in chopping wood, a stick flew up and struck him a hard blow in the left eye. The injury is serious and will result in the loss of the eye.

Falls Under Load of Apples.

PLATTSMOUTH, Neb., Oct. 24.—(Special.)—While driving up North Sixth street in this city with a load of apples the wagon was overturned and W. Birdsell, who resides on the east side of the Missouri river near Pacific Junction, was caught under it and had one limb fractured near the ankle. Dr. Martin was called and reduced the fracture.

BANKER WANTS A DIVORCE

Sensational Suit Filed in Nebraska City Involving Prominent People.

NEBRASKA CITY, Neb., Oct. 24.—(Special Telegram.)—A sensational divorce suit was filed in the district court here today involving two of this city's most prominent society people.

Minatee E. Catron, cashier of the Farmers bank, sues for divorce from his wife, alleging among other things infidelity and naming Robert Levi as co-respondent.

Mrs. Catron is the daughter of Robert Lorton, a prominent capitalist, and formerly a wholesale grocer here. M. E. Catron is the son of J. H. Catron, president of the Farmers bank and one of the richest men in southwestern Nebraska.

Robert Levi, the co-respondent, is a member of the firm of Levi Brothers, who run a livery stable on South Eighth street.

The marriage of M. E. Catron and Miss Lorton was a romantic one, and for a long time it is understood the match was opposed by her parents, who later gave their consent. Their married life has been somewhat checkered since then and for some time past stories have been current here in regard to the domestic relations of the Catrons.

The prominence of all parties in society and the business life of the city makes interest of the public intense and the developments in the case are eagerly watched for by the whole city.

HANS IS SENTENCED FOR LIFE

Motion for New Trial Overruled, but Case Will Go to Supreme Court on Writ of Error.

AINSWORTH, Neb., Oct. 24.—(Special.)—Judge Harrington this morning overruled the motion for a new trial in the case of Fred M. Hans, the Elkhorn railroad detective, who was convicted of murder in the second degree. The judge then sentenced Hans to the penitentiary for life—the limit for murder in the second degree. The motion for a new trial was submitted by W. F. Gurley of Omaha, counsel for the accused, without argument. The case will be taken to the supreme court at once on error.

Hans shot and instantly killed David Luce of Brown county in the spring of 1901. He alleged that he did the shooting in self-defense while seeking to arrest Luce on a warrant for shooting horses. The coroner's jury exonerated Hans on this ground, but the matter was later placed before a grand jury and Hans was indicted.

Surgeon Performs Delicate Operation.

AUBURN, Neb., Oct. 24.—(Special.)—Dr. Hamilton of Omaha performed a very delicate and successful operation on Clarence Wilkinson, son of Robert G. Wilkinson. He was assisted by Drs. Boal, Dillon and Tyler of this city. Young Wilkinson has been a sufferer from consumption for years. He spent several years in Colorado. Last fall he returned home, and has seemed much better for the last two months. However, it was found that the cavity of the lung on one side was filled with some kind of a fluid. An incision was made in one side about two inches of one rib removed and about two gallons of fluid taken from the lung cavity. He is now resting easy. It was discovered that one lung was entirely gone, but the other one was found to be healthy. Both physicians and friends hope for his entire recovery.

New Lodge at Beatrice.

BEATRICE, Neb., Oct. 24.—(Special.)—A new lodge of the Sons of Herman was instituted in this city last night by Organizer A. F. Klehl. Grand President Fred Volpp of Wayne, Neb., acted as installing officer. Officers were elected as follows: John Lentz, president; Louis Werner, vice president; Louis Lamberti, secretary; E. Schackel, treasurer; John Kleeman, Henry Lucks and August Schaefer, trustees. The lodge starts out with a membership of about thirty.

Reavis to Be Principal Speaker.

BEATRICE, Neb., Oct. 24.—(Special.)—The republican county committee has arranged for a political meeting to be held in this city at the Paddock opera house next Friday evening, October 30, at which Hon. C. F. Reavis, republican candidate for district judge, and candidate for county offices will speak. The Beatrice Glee club has been engaged to furnish the music and it is the intention of the committee to pack the house.

Fancy Price for Jersey Heifer.

BEATRICE, Neb., Oct. 24.—(Special.)—Lake Bridenthal of Wymore was in the city yesterday and while here purchased a very fine Jersey heifer of J. B. Smith, for which he paid a fancy price. The animal is a 2-year-old and was the first prize winner at the Iowa and Nebraska state fairs last year.

Aged Man Undergoes Operation.

PLATTSMOUTH, Neb., Oct. 24.—(Special.)—Nelson Jean, a prominent farmer who has resided near this city for twenty-nine years, was operated on yesterday for gall stones by Drs. B. B. Davis of Omaha and T. P. Livingston. The operation was very successful and although the patient is 84 years of age, hopes are entertained for his recovery.

Jury Calls it Manslaughter.

M'COOK, Neb., Oct. 24.—(Special Telegram.)—The jury in the case of Charles McMillan, charged with the killing of Lee Jones at Indianola on May 30 last, brought in a verdict this morning, after being out all night, of manslaughter. This is generally regarded as light punishment for the crime committed.

Beatrice Man Injured.

BEATRICE, Neb., Oct. 24.—(Special.)—Word was received here yesterday that D. O. Staker, a former Beatrice young man, had been seriously injured by the cars at St. Joseph, out of which place he has been running on the Missouri Pacific as brakeman.

HYMENEAL.

Reynolds-Noyes.

BEATRICE, Neb., Oct. 24.—(Special.)—The marriage of Mr. Ben Reynolds of Yellville, Ark., and Miss Carrie Noyes of Wymore was celebrated at the bride's home at 10:30 o'clock Thursday morning in the presence of a large number of friends, Rev. N. F. Berger of the Congregational church of Wymore officiating. The young couple left on the noon train for a week's stay at St. Louis, after which they will proceed to their new home at Yellville.

Hill-Biens.

PLATTSMOUTH, Neb., Oct. 24.—(Special.)—Leroy W. Hill and Miss Minnie Biens were married at the home of the bride's parents, Rev. J. W. Swan, pastor of the First Methodist Episcopal church, officiating.

DIED.

ANTONY—Dean, aged 30 years, at residence, 2161 Davenport street. Leaves wife and two sisters, Mrs. D. J. Mitchell and Mrs. H. A. Dean. Funeral notice later.

FLEMING STATES HIS CASE

Corrects Statement that Wright Advised Omission of Severe Interrogatories.

NEW LAW GOVERNS PRESENT ASSESSING

Deputies Who Resume Work Tomorrow Will Assess on Net and Not Gross Credits, by Instruction.

Tax Commissioner Fleming corrects a statement made in the reports of the hearing on the revenue bill before Judges Baxter and Day, which says that he was advised some months ago by City Attorney Wright to omit the so-called incriminating interrogatories from the list of questions to be asked taxpayers.

"Mr. Wright did not so advise me," said Mr. Fleming last night. "I have just had a talk with him and he himself agrees with me that he did not offer this advice, so it is a mistake to say that I went contrary to his advice in this matter.

"I want to say right here that the interrogatories mentioned and the new form of oath and the use of the word "none" were used only because required by the law and not by my suggestion or dictation. They cannot be required to be used before April 1, 1904, according to the decision of Judges Day and Baxter. Their decision makes it clear, however, that I must use the new law, with these exceptions, for the present assessment, and the work of distributing schedules and completing the assessment will be resumed vigorously Monday morning. The deputies will have instructions to use the schedules prepared, but to omit the things I am restrained by the court from using. I will have printed the old form of oath and attached to these schedules as a substitute for the new and will require in each and every case sworn statements. This will be necessary to be fair and just to those who already have made sworn statements, numbering about two-thirds of the taxpayers. We should be able to complete the work in another week. Some districts are practically finished now. Part of the force will be discharged during the coming week.

"As to the matter of gross and net credits, I shall instruct the deputies to receive assessments upon net credits, for three reasons:

Gives the Reasons.

"First—From the fact that four of the five members of the State Board of Equalization, the fifth member being absent from Lincoln on the day of my interview, having expressed themselves, while not officially as a board, but as individual members, that they would favor an assessment of net credits, and that Attorney General Prout, who was present at the meeting, said he should advise to that effect and that he questioned the constitutionality of the provision for assessment of credits, treating them as gross credits, and said he was afraid that if gross credits were insisted upon it might invalidate the law as a whole.

"Second—For the reason that the decision of Judges Day and Baxter today in the case of Switzler against the Tax Commissioner, leaves me without authority to compel the answer to the interrogatories and the taking of the new form of oath, and also deprives me of the power to impose a penalty of 50 per cent on the delinquents.

"Third—From an increase in doubt as to the constitutionality of the measure requiring assessments of credits regardless of indebtedness. While not shaken in the view that the framers and makers of the law intended to assess gross credits, I feel that it would be a gross injustice to this city to make it an exception to the balance of the state.

"It is unfortunate that the state board was not required by law to meet at an earlier date, so that the city tax commissioners could have had the benefit of its work as a body in the formulation of a schedule which as a board was made part of its duty. I consider myself and Omaha fortunate, however, in being able to have the benefit of its opinion even at as late a date as this.

"There is one thing to be noted in the new law, that money is not treated as a credit; money on deposit is treated the same as money on hand, and not as a credit (which latter it was according to the old law). The taxpayer, therefore, cannot deduct what he owes from money on hand or money on deposit, but only from what is termed credits as defined.

GOES TO THE PENITENTIARY

Jess Sillick, Aged Twenty-One, Gets One Year for Stealing Flour.

Judge Baxter sentenced Jess Sillick to one year in the state penitentiary for the crime of burglary.

Sillick is 21 years of age and was convicted of stealing some flour valued at $60. His youthfulness and the fact that he had never before been arrested on a serious charge was all that stood in the way of a heavy sentence.

THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe carthartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Absorbent Lozenges; they are composed of the finest powdered Willow charcoal and other harmless antiseptics in tablet form, or, rather, in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets."

THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

To Prove what Swamp-Root, the Great Kidney Remedy, Will Do for YOU, Every Reader of The Omaha Bee May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, is soon realised. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

14 East 120th St., New York City.
Dear Sir: Oct. 15th, 1903.

"I had been suffering severely from kidney trouble. All symtoms were on hand; my former strength and power had left me; I could hardly drag myself along. Even my mental capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it, had it not promised a sworn guarantee with every bottle of your medicine, asserting that your Swamp-Root is purely vegetable and does not contain any harmful drugs. I am 70 years and 4 months old, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney troubles. Four members of my family have been using Swamp-Root for four different kidney diseases, with the same good results."

With many thanks to you, I remain,
Very truly yours,
ROBERT BERNER.

You may have a sample bottle of this famous kidney remedy, Swamp-Root, sent free by mail, postpaid, by which you may test its virtues for such disorders as kidney, bladder and uric acid diseases, poor digestion, when obliged to pass your water frequently night and day, smarting or irritation in passing, brickdust or sediment in the urine, headache, backache, lame back, dizziness, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, diabetes, bloating, irritability, wornout feeling, lack of ambition, loss of flesh, sallow complexion, or Bright's disease.

If your water, when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

Swamp-Root is the great discovery of Dr. Kilmer, the eminent kidney and bladder specialist. Hospitals use it with wonderful success in both slight and severe cases. Doctors recommend it to their patients and use it in their own families, because they recognize in Swamp-Root the greatest and most successful remedy.

Swamp-Root is pleasant to take and is for sale the world over at druggists in bottles of two sizes and two prices—fifty cents and one dollar. Remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTICE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing, be sure to say that you read this generous offer in The Omaha Sunday Bee.
