TRAINING FOR THE IOWA GAME

Booth's Cornhuskers Anxious to Wipe Out the Score of Four Years Ago. (From a Staff Correspondent.)

LINCOLN, Oct. 25.—(Special.)—What about Iowa? This is the problem now confronting Booth, fourth year coach of Nebraska, whose pupils so far this year have maintained an unbroken goal, meanwhile decisively working all the way to the Iowa game. The change had satisfactory results for a single season, during which the Iowa team took the Hawkeyes into camp in the first contest, which marks a resumption of athletic relations between the two universities.

Mrs. Turner were well and favorably known here, having lived here for about twelve years. They moved from here last September to Edgar, Neb., where they had purchased a home in town and a farm. While out driving Friday afternoon they were both instantly killed by a train crossing the track. Two children survive them, Ethel, aged 13, and Hazel, aged 12. Mr. Turner was an old soldier, a retired farmer and quite wealthy. The funeral was one of the largest ever held here.

A CONSTRUCTIVE PRESIDENT

Achievements of Horace G. Burt in the Railroad World. PREPARATION FOR HIS LIFE WORK. Blunt, Outspoken, Big-Hearted and Impetuous—Career Formed on a Thorough Knowledge of Engineering. Horace G. Burt, president of the Union Pacific, has undoubtedly spent more millions in recent years in construction than any other western railroad president. This fact alone makes President Burt a commanding figure among the men who have wrought that transformation of the west which has lately been effected in course of the greatest movement of railroad reconstruction that the world has ever seen.

DOANE WINS FROM COTNER

Large Score Made, but the Defeated Team Makes a Good Showing. CRETE, Neb., Oct. 25.—(Special.)—In a snappy game of football Doane defeated the Cotner university eleven by a score of 10 to 0 today afternoon. The game was more interesting than the score would indicate. The Cotner boys were clearly outclassed, played a good game and occasionally plowed through Doane's line in a more experienced team. On straight football they advanced the ball about forty yards, but the play of Cotner was characterized as in last week's game with Hastings, by long end runs and ground kicking. Doane's defense penalized three times for offside plays. Doane scored three touchdowns in less than two minutes on three line plays and a twenty-yard end run by Tidball. The Cotner boys played more coolly until at the end of the first half, the score stood 10 to 0. The Cotner boys played half the Cotner boys played more coolly and did some good defensive work. They were demoralized and other touchdowns followed in rapid succession, until at the end of the first half, the score stood 10 to 0.

DELICATE TASKS OF DIPLOMACY

Delicate tasks of diplomacy, trimming of sails and the shifting of ballast irritate and annoy him; the nice adjustment of labor troubles, the soothing of irritated shippers and other patrons of the road, are not to his liking. Mr. Burt's preparation for his work was of the right kind to develop his natural gifts to their full extent. After going through the Terre Haute high school he entered the University of Michigan and was graduated in 1877, being then 24 years old; but his start in railroad service began while he was still in his teens. His work as a rodmn on the old Vandalia line helped him to pursue his school work and the money he earned in charge of a locating party on the Joy roads went into his college funds.

PAST EXTRA SESSIONS

and the quiet sentiment that is developing all over the east for his nomination on the democratic ticket reminded one of the old-time newspaper men of this city the other day of a story in which Mr. Cleveland figured in saving a young newspaper man from a scoop. In fact Mr. Cleveland is probably the only president who ever thought sufficiently about a news feature to interest himself in any such thing. Mr. Burt was a general reporter on the Press of this city, which now lies in a neglected grave in Washington's Journalistic cemetery. The Press was an outright republican organ and its editor, the late E. W. Fox, took great delight in addressing President Cleveland "brother John" on February 23, 1889, the Centennial exercises of the founding of Georgetown university were held and President Cleveland delivered a very thoughtful address. Drew was called upon to report the centennial proceedings. Not having been promised a copy of the address, Mr. Burt was called upon to take "long hand" the president's oration. He sat alongside the platform and his copy paper lay within a dozen inches of the president's dexter foot. Drew doesn't know whether or not the president noticed his commendable and anxious efforts to take away the presidential appetite. In consequence, the Press, its editor, and the reporters were persona non grata about the White House. The Press did not have very much of a local force and it was very shy of associated press work.

John Roth, who lives at Forty-third and T streets, and Chris Trummer, residing in the local locality, called at police headquarters yesterday and reported that at about 1 o'clock Sunday morning they were held up near the entrance to the Catholic cemetery by three men and robbed. Both asserts that \$50 was taken from him. The robbers wore no masks, but carried revolvers. A message describing the robbers was handed to the police. Trummer is reported to have made a hard fight and as a result he is badly bruised up. One eye is swollen shut and his right hand is badly bruised.

Anniversary Celebration. Tuesday evening the three Ancient Order of United Workmen lodges of South Omaha will meet at the temple, Twenty-fifth and M streets, for the purpose of celebrating the twenty-seventh anniversary of the founding of the order. There will be address by prominent members of the order and it is possible that some of the grand officers may be present. A program fitting for the occasion is being prepared by the entertainment committee.

Employees Organize. About thirty-five employees of the Union Stock Yards company met Saturday night at the rooms of the Packing Trades council in the Pioneer block and perfected an organization, the members of which are known as the "unskilled labor class." They are being organized under the auspices of the Amalgamated Meat Cutters' and Butcher Workmen's association. It is understood that the organization is to be similar to that at the Chicago stock yards. A desire for better pay and shorter hours is the object of the organization.

Tickets Selling Rapidly. The fourteenth annual ball of the South Omaha paid fire department will be held at the Live Stock exchange on the night of December 4. Tickets have been issued and when men have a day off they put in the time selling tickets. Up to last night nearly 300 tickets had been sold. The firemen hope to sell not less than 600 tickets by the night of the ball. The proceeds will be turned into the firemen's relief fund.

Contractor Munshaw has made the statement that he will commence excavating for the new high school building today. Mrs. Haning, mother of J. W. Parsley, Twelfth and J streets, has returned from Lincoln, where she visited friends for a few days. On Tuesday evening the second of the Presbyterian King's Daughters will give a social at the Buttes at 7 o'clock. Mrs. Craigler, Twenty-third and K streets. Saloon Will Aid Police. Will Assist in Apprehending and Offer Reward for Perpetrators of Holdups. The Omaha Retail Liquor Dealers' association at its meeting Saturday night adopted measures to assist the police in the apprehension of saloon holdup artists and incidentally decided to offer a reward of \$100 for the capture and conviction of any "scoop" man. It was decided to furnish the police department with the names of the members of the association and in event a member should be held up in his place of business and the culprit apprehended and convicted the association binds itself to pay the police the \$100 reward on application.

AFFAIRS AT SOUTH OMAHA

Considerable Business to Come Before the City Council. STREET VACATION MAY BE TAKEN UP. Providing a Place for the Dumping of Garbage Requires Immediate Attention from the City Authorities.

There will doubtless be considerable business of importance transacted by the city council at the meeting to be held tonight. Arrangements will be made to refund \$2,000 in bonds which fall due on November 1. Should the district court see a case of a junction relating to the vacating of streets of streets in the northern part of the city for railroad purposes when the case comes up today the council will proceed tonight to receive a report from the judicial committee and have the ordinance read the second time. One matter of great importance which Mayor Koutsky has promised to have brought up is the necessity for dumping garbage into the river. Those who have inspected the present dump say that refuse is piled high on a sand bar a considerable distance from the river. This is because there is no safe road to the water's edge. Physicians who have looked into the matter say that if this dumping keeps on the health of the residents of South Omaha will be greatly endangered, especially in the spring. No sooner is a passable road made to the river than something happens and the road is there no more. Garbage haulers are doing the best they can, as the river cannot be reached the garbage is dumped on a sand bar not a great distance from the emergency hospital. The expenditure of about \$100 at this time would, it is thought, build a road to the river that would last all winter. In case this is done provision will have to be made for dumping the garbage now on the sand bar into the river, and this will cost probably \$100. Some matters of minor importance will also be discussed.

COMPLAINT ABOUT NUISANCE

Sanitary Inspector Jones is preparing to make complaint to the city council about the dumping of refuse from stock cars inside the city limits by the Burlington road. Just north of street and east of the tracks at Thirty-eighth the Burlington dumps and discharges its stock cars. The refuse is piled along the tracks for a distance of about 1,000 feet. Thomas Gillette and Peter Lenagh, as well as others owning property in the vicinity, filed a complaint with Inspector Jones. An investigation was made a day or two ago the condition was found to be as stated by the complainants. The city council will be asked to direct that after this the Burlington dump the refuse from its cars outside of the city limits.

John Roth, who lives at Forty-third and T streets, and Chris Trummer, residing in the local locality, called at police headquarters yesterday and reported that at about 1 o'clock Sunday morning they were held up near the entrance to the Catholic cemetery by three men and robbed. They are Bulgarian graduates of American colleges. Furnajeff having studied at Princeton and Popoff at Hamilton, N. Y.

According to reliable private reports the conditions of internal affairs in Bulgaria is alarming. All the revolutionary bands, which were operating in Eastern Macedonia, have returned to Bulgaria. The streets of Sofia are thronged with insurgents who beg for food and shelter. It is feared that these insurgents will create disturbances in the country before long unless a decided improvement is effected in Macedonian affairs. The Bulgarian government is said to be demobilizing its reserves with great reluctance, and apprehensions are expressed in many quarters that the Turks will take advantage of the situation and attack Bulgaria at about the time of the approaching election, when the Bulgarian government will be obliged to send the reserves to their homes.
