CORN FOLLOWS THE UPWARD TENDENCY

Oats Moved in Sympathy with Other Grains, Trading Being Quiet-Trade in Provisions Dull, but Firmer,

CHICAGO, Oct. 28.—The financial situation at St. Louis in conjunction with the unsettied condition of December wheat there was a puzzle that kept traders here guessing today and wneat prices were largely influenced by the action of the southwestern market. With a fair rally there late in the day the market here closed firm, with December wheat here closed firm, with December of the market here closed firm, with December of the large export business of yeaterday and more reassuring news from St. Louis in regard to the bank situation there wheat opened firm, with a good general demand, December being up 1971; at 1972; at

conditions in the southwestern market caused traders to withhole orders and await developments, which resulted in a tame market toward the middle of the day, with prices holding about steady. Late surength in corn, with a recovery at St. Louis caused fair buying by pit traders during the last half hour and the early loss was all regained. December closing 1/20 higher at 80%c. Clearances of wheat and flour were equal to 125,600 bu. Primary receipts were 1,885,700 bu., against 1,425,200 a year ago. Minneapolis and Duluth reported receipts of 710 cars, which, with local receipts of 81 cars, none of contract grade, made total receipts for the three points of 861 cars, against 670 lest week and 784 a year ago. Conditions in wheat caused a firm tone in corn. Later prices eased off. Precictions of a break in the present excellent weather conditions and reports of a good cash business were strengthening influences late in the day and caused a recovery of the early loss. After selling between 43%c943%c and 44%c944%c December closed at 44%c. Local receipts were influenced mainly by the action ract grade. Onts were influenced mainly by the actio

Oats were influenced mainly by the action of wheat and corn, showing some decline early in the seasion, and later rallying, and closing at a small gain. Trading was quiet and featureless. December closed %c higher at 364c, after ranging between 35%c and 364c. Local receipts were 134 cars.

Provision trade was extremely dull, but inclined to firmness, considering the decided weakness in hogs reported from the yards. Buying by packers was the chief source of support. Closing prices were firm, with January pork up 13%c, lard a shade higher and ribs 5c higher at 36.32%.

Estimated receipts for tomorrow: Wheat, 100 cars; corn, 30 cars; oats, 225 cars; hogs, 24,000 head.

VEGETABLES. NEW YORK, Oct. 28.—The effect of the St. Louis situation on the stock market was somewhat obscure today. The expressions of conndence from that point over night reassured early trading and prices nardened. The opening of business in St. Louis, somewhat later, owing to the dirference in time, was followed by a reaction in stock. Very heavy withdrawals of currency from this center by St. Louis carried the level of the prices of stocks generally below last night. But the last hour of the market showed the best prices, in the final dealings prices yielded again and the closing was rather easy.

A survey of price conditions will show that the whole movement was very trivial, except in a few cases. The quarterly report of net earnings in the Pressed Steel Car company, showing them to be less than half of those for the corresponding quarter of last year, naturally had a sympathetic effect on American Car as well as weakening the Pressed Steel Car stocks. On the other hand the stocks of the Gould southwestern railronds centering in St. Louis were among the few features of positive strength in the market, although there was nothing to show that there was any significance attaching to this. Peoples' Gas had an early advance on a favorable court decision. Speculation in Amalgated might be classed as marking itme and the dealing in the stock were in much decreased voiume. St. Louis transferred by telegraph from the sub-treasury \$1,200,000; there was \$800,000 sent to Chicago, and \$200,000 to New Orleans. Banks are also known to be shipping heavily through other channels.

This is a plais intimation that the western crop moving needs, though long deferred, are making large inroads on local banking reserves, aside from the emergency demands from St. Louis. It was not surprising therefore that call money should rise to 5 per cent this afternoon and the tone of the market grow distinctly firmer. There is no real present uneasiness over the monetary situation.

As an evidence of the spirit of distrust towards banks and trust com VEGETABLES.

NEW YORK, Oct. 28.—DRY GOODS—The dry goods market is laboring under adverse conditions. On one hand is the conservatism of buyers, induced by the unsettled financial conditions, while on the other is the increased independence of manufacturers who are influenced by the upward trend of prices for material. Operations are limited.

PEORIA, Oct. 28.—WHISKY—Steady on basis of finished goods, \$1.25. ST. LOUIS, Oct. 28.—WHISKY—Steady at ti.31. CHICAGO, Oct. 28.—WHISKY—On basis of high wines, steady, \$1.26.

the optimistic sastern news, the favorable settlement outlook and the fears of failures having been practically desipated. Consols hardened. Americans were adversely affected by the uneasiness in regard to the financial position in St. Louis. They recovered a fraction, however, became irregular and mactive, the public not being attracted to the stocks, and closed firm. Amalgamated Copper was flat on bear pressure and closed at 58%. The amount of buillion, taken from the Bank of England on balfness today, £54.000.

BERLIN, Oct. 28—Trading on the bourse today was dull, but prices were firmly held. Iron stocks rose. Canadian Facine was wasker. opened irregular and closed dull. At the opening prices were heavy. Rio Tinto were feeble and lost ten points. The per cent rentes, \$71 17\(\frac{1}{2}\)c for the account.

New York Money Market. NEW YORK, Oct. 28.—MONEY—On call, firm at 3575 per cent; closing bid, 4% per cent; offered, 5 per cent; time loans, firm; sixty days, 4% per cent; ninety days and six months, 4%,55 per cent; prime mercantile paper, 54,65% per cent.

STERLING EXCHANGE—Weak, with actual business in basicers' bills at 14,855.50 STERLING EXCHANGE—Weak, with actual business in bankers bills at \$4.835@ 4.8540 for demand and at \$4.8364.820 for sixty-day b lit; posted rate, \$4.83 and \$4.834; commercial bills, \$4.83404.81%.

SILVER—Bar, \$666; Mexican dollars, \$656. SQC. BONDS-Government, firm; railroad, onds, irregular. The closing quotations on bonds are as

McCreary & Clark. 48 1606S—There was another fairly liberal run of hogs here this morning as compared the finite shear the second of late. Reports from other points were very unfavorable to the selling interests.

H. F. Hamilton. 173 with the number that have been coming in late. Reports from other points were very unfavorable to the selling interests.

H. F. Huss. 14 Chicago being quoted logific lower. The market here was generally a dime lower. Sam Wertheimer. 202 but trading was fairly active at the deciline, the bulk of the early sales being disposed of in good season. Light hogs sold exceptionally well, and in fact the best loads were only weak to a nickel lower. Heavy weights sold mostly from \$5.00 to \$5.00 medium weights went from \$5.00 to \$5.00 medium elements of both packers and feeder buyers. There were suite

though, so that while some sales were fully steady others were if anything a trifle weaker.

The cow market started out about steady with yesterday morning. Packers all wanted a few and for a time there was a little life to the trade, but after but erfs had their more urgent orders filled, trading was less active and in fact the market closed slow and weak, the same as it did yesterday.

Bulls, veal calves and stags did not show enough change to be worthy of mention. The decline in the price of feeders attracted quite a few buyers from the country yesterday and about 100 cars were disposed of. That left a pile of cattle in the hands of speculators this morning, however, that were carried over from Monday as well as from Tuesday. For that reason trading out of first hands was not very brisk and speculators were inclined to be bearish. A good many sales looked steady, but others were undoubtedly a shade easier. This was true of all kinds. Western grass beef steers sold at just about steady prices where the quality was good, but common kinds were duil and while prices did not show much change, salesmen found it a difficult matter to sell out at a satisfactory figure. Range cows were generally steady with yesterday, and stockers and feeders were bearly steady. Representative sales:
