Good Blankets.

Bee, Oct. 20, 1903

People who study the blanket question a little, invariably come to the conclusion that it is more economical to buy a good, reliable wool blanket. Too many people make the mistake of buying "bargain" blankets, We don't carry these. Our blankets are the kind that have established a reputation for their wearing qualities.

These for example:

AMANA SOCIETY BLANKETS-Gray at \$1.75, \$4.75, \$5.75. White, \$4.75, \$6.00. ST. MARY'S WOOLEN MILLS BLANKETS-Gray, \$4.50, \$5.50, \$6.75, \$7.50, \$8.00 \$8.50, \$9.00, \$12.00 a pair. White, \$4.50, \$5.50, \$6.75, \$8.06, \$9.00, \$19.00, \$13.00, \$15.00 OREGON WOOLEN MILLS BLANKETS-Gray, \$5.50, \$8.00. White, \$8.00, \$11.00

And other reliable makes.

A fairly complete report of the acreage of alfalfa Maryland Senator Speaks in No Measured was returned, but figures on the yield are lacking. It is certain that the total for this crop is much larger than the total given in the table. The efforts now RACE QUESTION ISSUE OF CAMPAIGN being made by the general government, through the State Labor bureau, to secure reliable and accurate data for statistical Speaker Charges Chief Executive purposes will probably bring about an improvement in this regard by another year But even the partial returns are of great value, for they indicate the rich reward that comes to the farmer in return for his

labor in planting and tending to the crops. Another point worthy of consideration in connection with the crop report for the mass meeting held tonight at the close of current year is the excellent showing made the campaign speeches were made by Edwin by the counties in the western part of the Warfield, the candidate for governor, and a state. Carnegle Expresses Opinion Concerning Some of the Industrial Stocks.

NEW YORK, Oct. 80 .- Andrew Carnegie, who, with his wife and daughter, returned from Europe today, believes that the col-lapse of the United States Ship Building mpany was not without good results. He said concerning the failure:

It will result in a sclutary reduction of values and the bringing of everything to a healthy condition. It is a good thing to squeeze the water out of some stocks. The standard securities are as good as ever. In reply to a question whether the Schwab methods had been severely criticised in England, he said:

That was inevitable. When a man is down everybody is ready to kick him,

American Public Health Association Adjourns After Electing Officers and Passing Resolutions Asking Study of Diseases.

WASHINGTON, Oct. 30 .- The sessions of the American Health association were brought to a close today, Havana, Cuba was decided on as the next place of meet-

After the convention the resolution in troduced yesterady, urging congress to establish the army canteen in the interest of the health of the men, was adopted, as was also a resolution recommending that medical colleges make provision for the clinical instructions of the students in the diagnosis of all infectious diseases which ere of common occurrence in the United States. Dr. Carlos T. Ginley of Havana, Cuba,

the treasurer, Dr. Frank W. Wright of the free delivery postal service. Samuel A New Haven, Conn., were re-elected.

Major Howsee Exonerated. The War department today made public the report and findings in the case of Major Robert L. Howsee, charged with cruelty in the Philippines. The findings of the board exonerate Major Howsee, who was then lieutenant colonel commanding the district where the alleged cruelties took place. This part of the findings is approved by the War department. The second part of the findings declared that although Major Hunter, who made the first investigation of the case, was unfriendly to Major Howsee, the investigation was fair and impartial, so far as it extended. The department disapproves this portion of the findings "as contradictory in terms and not warranted by the testimony elicited by the board during the

progress of its investigation." The whole matter was the subject of exhaustive investigation and report some months ago and on account of the conflicting testimony, Secretary Root convened a board consisting of Brigadier General Francis Moore, Colonel Samuel R. Whitall and Colonel Frederick K. Ward. This board convened at Lacag, P. I., on July 14, and concluded the investigation Sepmber 9. Both Major Howsee and Major Hunter appeared before the board and were represented by counsel. The record in the case covers 766 pages

and is accompanied by the 186 exhibits. Reports on Chickamauga.

In his annual report of the Chickamauga National park, Commissioner General H. V. Boynton says that since the park has been designated as a national maneuvering ground, 733 acres of additional ground have been acquired, a part of which has been chosen as a permanent cavalry post. The arrangement of the post has not interferred with the marking of the additional tract. The general also says:

The general also says:

It is also a matter of satisfaction to the commission that for another year the practical use of the park by the government has continued by maintaining the field camp of the Seventh cavalry within the limits. Begarding the unhealthfulness of the park which gained currency during the war with Spain, it is due to Say that the health of the soldiers camped there and of the park force and its laborers has continued exceptionally good. The water throughout the park has proved excellent and an abundant supply has been secured for the encampment and the new post from flowing wells. The slates of New York, Maryland, Ohio and Iowa are preparing to erect state monuments during the coming season, for each of which liberal appropriarect state monuments during the comin asson, for each of which liberal appropris ons have been made by the states name

Thousands of **Northerners** in Oklahoma

Join the army of happy, contented and prosperous northerners who have settled in the southwest during the last five years. Ninety-five per cent of them are doing better than in their old homes-making more money and making it easier, quicker and with less risk.

Certain sections of Oklahoma and Indian Territory are settled almost wholly by former residents of Illinois; others by Iowans; others by Nebraskans. One man goes there, likes it, stays, does well, tells his friends-and they follow in his footsteps.

There isn't a section of the globe where a man with a little money and a big capacity for work can do as well as in Indian Territory or Oklahoma. Winter and summer alike, the climate is healthful. The soil is rich, rainfall abundant, and everything that is produced in the temperate zone is there raised to perfection.

Dowle seemed weary, and instead of standing and walking about vigorously during his discourse remained seated while speaking. His subject was "Triune Immersion," a dissertation on the proper method of baptism. He declared that baptism was useless unless one were dipped three times, and asked his hearers to come to the Sunday service to witness baptism of fifty converts.
