7½c

And hundreds of other well known standard books at less than one-fourth regular price.

AFFAIRS AT SOUTH OMAHA

Overlap Bonds Voted in June Sold and Cash is on Hand.

OLD CLAIMS ARE BEING SORTED OUT

Council Intends Paying Off Salaries and Claims as Rapidly as Possible, Which Will Be Some Time.

The overlap bonds voted on June 22 of this year have been sold and the money, \$10,000, was received by Frank J. Moriarty, cashier of the Farmers' National bank, yesterday morning. This money was at once turned over to E. L. Howe, city treasurer.

The treasurer deposited \$10,000 of the money in the South Omaha National bank, the same amount in the Union Stock Tards National bank and the balance in the Farmers' National bank.

Yesterday afternoon the finance committee of the council worked for three hours, looking over and sorting out old claims amounting for the making up of an appropriation sheet. When this sheet is made up it will mean the immediate expenditure of about \$20,000. Then the next payday will run about \$10,000. The council intends paying off salaries and claims as rapidly as possible. This will take some time, however, as some of the bills are old and will have to be looked into. Four months' pay is coming to the city officials, the firemen and the policemen. These bills will naturally be in the first appropriation.

With the payment of these back bills the city will be in first-class condition financially, and it appears to be the intention of the city officials to keep the expenditures down to the appropriation for the fiscal year, so that there will be no overlap next year.

Section Hand Injured. Joseph Skrupinski, a section hand employed by the Burlington railroad, was run down by a handcar at a point about a mile south of South Omaha yesterday and quite badly injured. He did not hear the car coming and failed to get out of the way in time. After local doctors had patched him up the injured man was taken to his home at 232 Spring street, Omaha.

Trusses Half Up. Contractor Welso stated last night that the steel trusses for the roof of the library building were half up, and that with good weather the balance would be placed in a week. He expects to begin laying the tile roofing in two weeks at the latest. As soon as the roof of the building is on the work on the interior finish will commence.

A Big Special of Clothing on Easy Payment. Tomorrow we begin a big special sale of men's and boys' clothing at a great sacrifice. Our entire stock of goods will be sold at a sacrifice. If you have not the ready cash you can get whatever you require on credit, paying little every pay day. Note a following low prices:

Suits worth \$20, now \$12.
Suits worth \$15, now \$8.50.
Suits worth \$10, now \$6.
Overcoats worth \$20, now \$10.
Overcoats worth \$15, now \$7.50.

Everything else in proportion. Call early and avoid the rush. No trouble to show goods. Credit to everybody.

PIONEER CLOTHING CO.,**255 N. 8th****Want More Money.**

Those who were appointed on the election board are preparing to make a demand for more money. J. J. Breen is busy securing converts to his idea and he says that a demand certainly will be made. Breen asserts that the duties of

the judges and clerks of election are such that more money should be paid and he will appeal to the proper authorities for an increase in the stipend usually given.

Magic City Gossip.

Charles Altstadt is out with a petition for bailiff. He wants to be bailiff in Judge Sutton's court.

Police Judge King was receiving the congratulations of his democratic friends yesterday on his election.

Superintendent McLean is still looking for teachers to go to Wyoming and work in rural districts for two months.

Clover Leaf Camp No. 8, Royal Neighbors of America will hold a banar and entertainment at the Odd Fellows hall on November 7. There will be an old maid's tea party and refreshments will be served.

Marie Gooden, daughter of Mr. and Mrs. Clarence Gooden, Fifteenth and W streets, celebrated the anniversary of her eighth birthday last night. About two dozen young friends were present. There was music and refreshments.

The remains of Mrs. Gertrude Irwin were interred at Laurel Hill cemetery yesterday afternoon. After brief services at the funeral home, the remains were conveyed to the First Methodist Episcopal church, where formal services were held.

TOO HANDY WITH HIS SHOTGUN
Drunken Man Fires Through Window in His Own House into Neighbor's Dwelling.

Charles Gillen, who lives at 223 Ames avenue, became intoxicated last night, and made things lively in the vicinity of his residence. He loaded up his shotgun and standing in the middle of his dining room fired one barrel through one window and the other through another. These proceedings would not have been regarded with so much disfavor by the residents of the neighborhood had it not been for the fact that one of the loads passed through a window in a neighboring house. To this the owners objected, and an officer was called, who took Mr. Gillen to the station, where he was charged with being drunk and a suspicious character. During the evening the neighbors called and informed Desk Sergeant Marshall that they were afraid Gillen would do them violence when he secures his release from jail. Before leaving they gave it as their intention to file charges against Gillen in a justice court and have him placed under bonds to keep the peace.

According to the story related at the station it seems the man has been in the habit of going on periodical rampages, during which he gets out his trusty weapon and fires at anything in sight, including chickens, dogs, cats and in some cases even goes so far as to land a load in the vicinity of any person who chances to be in sight. This kind of conduct is becoming distasteful to some of the better citizens, and they propose putting a stop to it.

AFRICAN NATIVES MAKE WAR

Report that Fort Has Been Captured and Many People Killed.

LONDON, Nov. 6.—According to the Capetown correspondent of the Daily Mail the Bondelwaru tribesmen, who are engaged in a native rebellion in Damaraland, a country of southwest Africa, forming a part of the German possessions, there, hearing that reinforcements were being sent against them, redoubled their efforts and succeeded in capturing Warmbad fort. They burned the fort and the village, massacred all the Germans and took the English families prisoners.

A relieving force from the north meanwhile engaged a large body of natives and heavy fighting ensued. The trouble is said to have been due to the execution of a chief by German officers.

WOMAN IN CLUB AND CHARITY

Among the matters that came up for discussion at the recent meeting of the Wisconsin Federation, held at Appleton, was the proposition to group the club towns and cities of the state into districts with reference to railroad connections.

This would indeed be an innovation but certainly a wise one, for every year many women are compelled to miss the state meetings because it is impossible to make the railroad connections, while the work of the district officers in nearly every state is seriously limited for the same reason.

The eighteenth annual meeting of the Nebraska Young Women's Christian association will be held at York, November 13, 14 and 15. Entertainment will be furnished a limited number of visitors and the women are requested to attend to notify the local secretary as soon as possible. The speakers as announced are:

Miss Helen F. Barnes, city secretary for the American committee; Mrs. Emma F. Byers of the Omaha association; Miss Gold Corwin, state secretary of Nebraska; Prof. F. A. Staff, State university; Mrs. E. L. Hinman; Miss Florence N. Hanson, general secretary Lincoln association; Miss Myra Withers, general secretary of the State University association.

The new club house for the St. Louis Woman's club is rapidly being completed and the formal house warming and opening is expected to take place the latter part of this month or early in December. Applications have already been received for the use of the various rooms for social and other purposes and the clubhouse promises to be as much of a success financially as it is otherwise. The ballroom, which is being built at a cost of \$10,000, is to be the finest in St. Louis and it is expected that this will be one of the most profitable adjuncts to the clubhouse.

The program for the congress of the National Union of Women Workers of Great Britain and Ireland, to be held in Cheltenham early in November, reads very much like one of an American federation meeting. The new education act, concerning which there has been so much agitation in Great Britain, comes in for more discussion at the congress. Miss Powell—the English never announce the given name of a woman—of the Cambridge Training College for Women Teachers, is to lead a delegation on some phases of education in secondary schools. "Secondary Education Under the New Act" and "Evening Continuation Schools" will be discussed. "Gambling and Speculation Among Women" has a peculiar sound. The duchess of Beaufort is to give the opening address and many women of title are included in the list of speakers. Miss Dorothea Beale, principal of the Cheltenham Ladies' college, one of the best women's colleges in England, is also among the speakers.

A circular letter from Mrs. Mary Wood Allen, president of the National Council of Women, addressed to the local councils, concerning the quinquennial to be held in Germany next June, says in part: "As president of the American council it becomes my duty to send a list of women capable of making reports and participating in discussions of subjects falling under the following heads:

1. The education of girls and women.
2. The industrial position and progress of women.
3. The civil rights of women.
4. Women in letters, science and art.
5. In making nominations I beg you to have in mind this condition, strictly stipulated by the German committee. No one will be invited to speak whose voice cannot be trusted to carry easily and intelligently what she has to say. This must be borne in mind and however able intellectually a woman may be, she must not be nominated unless her voice can carry her thoughts."

It is, indeed, gratifying that women are beginning to wake up to the fact that it is quite as desirable that a speaker be able to make herself heard as that she have something worth hearing to say, for, in the words of the delegate from the Catholic Woman's league of Chicago to the Los Angeles biennial in her commendation of the appointment of a convention reader, "These gentle Annettes that have been speaking to us in pantomime have certainly been a trial." The woman with the bad voice has one of the conspicuous regrettable features of nearly every convention of size and has occasioned much loss of valuable time.

The Women's Christian association at its meeting Tuesday morning sent out 1,000 large paper bags to its friends in Omaha with the request that they be filled and returned to the Old People's Home for the Thanksgiving collection November 13, that to be the date of the annual reception. Mesdames F. L. Perine, G. W. Clarke, Chesworth Hamilton, W. B. Taylor, O. H. Pratt, Cadet Taylor, F. W. Clarke, A. B. Somers and John Steel constitute the reception committee at the home that day.

Miss Ida Goodman will address the gospel meeting of the Young Women's Christian association Sunday afternoon and Miss Minnie Costworth will sing.

The November board meeting will take place Saturday morning at 10 o'clock. The Hallowsen party of the gymnasium girls of South Branch given last Friday evening was illustrative of the social possibilities and values of the association. The
