WANT AN OMAHA GRAIN MARKET York County Would Be Glad to Ship Its Product to This Point. YORK, Neb., Nov. 11.—(Special.)—Many York business men are interested in the establishing of a grain market at Omaha, hoping that another market would be a benefit and less charges for a shorter haul. Ninety per cent of the grain shipped out of York county goes to Kansas City. Before Kansas City was a grain market grain was shipped to Chicago, and since the opening of the Kansas City market Chicago, as a rule, is unable to make as good a market as Omaha. There should be no reason why Omaha cannot make one of the best grain markets in the west. It is considered the best live stock market and nearly all cattle and hogs shipped from this county go to South Omaha. Grain would go to Omaha if a market is established and satisfactory rates.

EPISCOPAL CLERGY MEETS Bishop Worthington and Coadjutor Williams Attend Diocesan Convention. EXTRA SESSION OF LEGISLATURE POSSIBLE Governor Mickey Intimates There May Be One in Case New Revenue Law Is Declared to Be Invalid.

(From a Staff Correspondent.) LINCOLN, Nov. 11.—(Special.)—The meeting of the clergymen of this Episcopal diocese is being held at St. Luke's church with Bishop Worthington and Coadjutor Bishop Williams and about twenty-five clergymen present. Low mass was celebrated at 7 o'clock, matins at 9 and then came the business meeting. Considerable time of the latter meeting was used up in discussing the "Crozier," the Sunday school paper, as to whether it should be discontinued. The editor announced that the publication had run behind \$2. This was threshed over at some length and while those present thought that \$2 was little it might grow from year to year and this was urged as an objection to keeping up the paper. It was finally voted to keep it going, the ministers agreeing to subscribe for sufficient copies to pay expenses.

The principal paper of the day was read by the Rev. Mr. Pattee of Schuyler, who advocated a long term pastorate for ministers. He explained the meaning of the word pastor and said his mission was to bring souls to a proper conception of their relations to God through Christ. At the afternoon meeting Rev. Mr. Potter of Omaha read a paper on the "Church and the State." Tonight Rev. Williams discussed "The Church and the Bible."

The clergymen who are in attendance are: Rev. Mr. Worthington of Omaha, Rev. Mr. Williams of Omaha, Rev. Mr. White of St. Barnabas, Omaha; Rev. Mr. Bell of Good Shepard, Omaha; Rev. Mr. Wess of St. Martin's, Omaha; Rev. Mr. Marsh of Blair, Rev. Mr. Vann of Tecumseh, Rev. Mr. Pattee of St. Paul's, Omaha; Rev. Mr. Hopkins of St. John's, Omaha; Rev. Mr. Wells of Norfolk, Rev. Mr. Moore, archdeacon of Omaha, Rev. Mr. Williams of St. Phillip's, Omaha, a colored clergyman who is doing efficient work among the colored people in Omaha; Rev. Mr. Bate of York, Rev. Mr. Chapman of Central City, Rev. Mr. Fattor of Schuyler, Rev. Mr. Krickerbocker of Nebraska City, Rev. Mr. Davidson of St. Matthias, Omaha; Rev. Mr. Eason of Holy Trinity, Rev. Mr. Cash of Columbus and Judge Clarkson, who has charge of the work in Silver Creek, Neb.

Extra Session Possible. Today the attorneys for the insurance men, the relators in the mandamus proceedings against Tax Commissioner Fleming of Omaha, filed amended applications in the supreme court. In these, new sections that have heretofore been omitted at rest are jogged up and given a rap. Among them are these: Section 67, providing for the listing of United States government bonds, which is declared to be unconstitutional because these bonds are exempt from taxation and the owner cannot be compelled to list them. Section 12 provides that no property shall be assessed at less than its cash value, and this is also declared unconstitutional. Sections 28 and 38, providing a manner for taxing corporations, are attacked because the relators claim they are not uniform with the plan adopted by other sections. Section 38, which provides that action shall be brought against the treasurer who fails to return all the property assessed to the auditor, is attacked because it provides that the official shall be liable to summary process in the district court, which, it is claimed, cannot have that power. The case will not be argued before the supreme court until the December sitting. The opinion of the commissioner will be handed down November 17 and by agreement of the attorneys the relators' brief will be filed by November 21. If they are ready, and the respondents will file by November 25.

A number of the lawmakers who helped to enact the revenue law have been here this week and all are interested in the outcome of the case. Several of them have called upon Governor Mickey and urged him, should the supreme court decide against the law, to call an extra session of the legislature for the purpose of passing a bill that would not be unconstitutional. It is argued that nothing in this line could be done by the present session of the legislature because a United States senator is to be elected and the matter will take up most of the time of the assembly. They who want the extra session believe it will be the only way to secure a revision of the old revenue law. The governor indicated that in all probability he would call an extra session at this event.

Charge Against Physician. The hearing in the case of Dr. W. Cornwall of Edgar, against whom Dr. F. Anderson of the same city filed charges with the State Board of Health, which was to come up today before the secretaries of the board, was postponed until December 19 at the request of Judge Field, attorney for Dr. Cornwall. In the complaint it is charged that Dr. Cornwall received his certificate to practice medicine through false representation and the charges were filed in order to get the board to revoke the license.

County Superintendents' Meeting. A business meeting of the county superintendents of the state will be held at representative hall Tuesday evening, December 15.

Bound to Have Latin. A queer case of affairs exists in school district No. 68, which is known as the Dolan district. Some of the patrons wanted Latin taught in the school, but the board objected and refused to furnish the text books. It was said that the teacher was willing to teach Latin in school hours and could not be compelled to do so, it was thought that the board could not be compelled to purchase the books. The matter will in all probability be aired in the courts.

Gets Verdict by Default. YORK, Neb., Nov. 11.—(Special.)—Guy Meredith, son of Representative William Meredith, brought suit against the Burlington for damages sustained by falling from a passenger train on December 24, 1902, at Waco, this county. Several Burlington trains arrive here at the same time and Mr. Meredith boarded the first one out which was a through flyer, making no stop at Waco. He was unable to get into the car owing to the crowded condition, and as the train was rushing through Waco it gave a lurch to one side, throwing Mr. Meredith off on the frozen ground, from which he received severe injuries. The amount sued for not being very large, the defendants did not appear and the amount was paid Meredith without contest.

Beatrice Chaunquaga Date Fixed. BEATRICE, Neb., Nov. 11.—(Special.)—The Chaunquaga board of directors met last night and organized for the year by electing the following officers: B. H. Beagle, president; H. V. Nichols, vice president; F. B. Shelden, secretary; and W. W. Duncan, treasurer. It was decided to open the assembly of 1904 on Thursday, July 7, and continue two weeks.

NEBRASKA MEN ARE MODEST Contribute Little to Flood of Bills Dumped Into Congressional Hopper. GAMBLE OF SOUTH DAKOTA HAS SEVERAL Opposed to Any Change in the Present Land Laws, Which He Holds Are Adequate.

(From a Staff Correspondent.) WASHINGTON, Nov. 11.—(Special Telegram.)—The Nebraska delegation, outside of introducing a number of private pension bills, has not burdened the bill clerks with any bills of general character thus far. The members are learning that it is not the number on the bill that secures favorable recommendation from the committee, but that it is the merit of the bill which secures recognition. The house had been in session but a few minutes today when the contemplated rush of bills was upon it. Senator Warren introduced a number of private bills for Senator Millard today. Outside of these Nebraska figured slightly in the glut of bills in the senate. Senator Dooliver today introduced a bill providing for the repeal of the bankruptcy law. Senator Gamble of South Dakota introduced a number of bills of a general character, one to settle the account between certain states and the general government growing out of the sale of public lands. The bill appropriates \$76,000 to South Dakota, \$125,000 to Nebraska, \$75,000 to Wyoming, \$50,000 to Iowa, \$48,000 to Minnesota and \$46,000 to Wisconsin. He introduced also a bill to amend the Indian reclamation law, authorizing the Yankton, Winnebago & Gulf road to bridge the Missouri river at Yankton and a bill to establish mining experimental stations to aid in developing mineral resources of the United States.

Approve Irrigation Contract. The governor of Wyoming today was advised that the same and papers of list No. 17, involving the title to lands to be irrigated, some 204 acres, under the Sage creek canal project, has been approved by the secretary of the interior and that the contract has been executed by the secretary and approved by the president. Wright Has Best Show. It is expected the Iowa delegation interested in choosing a successor to Judge Shiras of the first district of that state will meet in caucus the last of this week. There are good grounds for believing that Mr. Wright of Sioux City will finally win out, it being understood that when the complimentary balloting is over he will receive votes enough to elect.

Lacey Opposes Changes. If there is to be any change in the public land laws at this session of congress it is to be accomplished under the vigorous protest of Chairman Lacey of the house public lands committee, who believes that the present laws are perfectly proper if they are strictly enforced. "The more stringent you make land laws," said Major Lacey, "the greater will be the incentive to violate them. If the existing laws are rigidly enforced they are entirely adequate. I am not one of those who flit off at wild cries of fraud."
