NEGOTIATIONS WITH PANAMA.

FEASIBILITY OF THE GRAIN MARKET.

There is no reason why the project for an Omaha grain market is not perfectly feasible. With the combined push and pluck of Omaha's public-spirited citizens...

CONSULAR SERVICE REFORM.

Representative Adams of Pennsylvania has already introduced a bill providing for the reorganization of the consular service, which promises a renewal of the consideration of this subject in the present congress.

CANADIAN TALK RECIPROCIETY.

At a recent meeting of an association of farmers of Ontario, Canada, a resolution was adopted in favor of reciprocity with the United States, declaring it of far greater importance than that any treaty that would give access to American markets...

THE SMILE THAT WON'T COME OFF.

Mr. Platt professes to be satisfied with the result of the New York election. Your Uncle Thomas never loses much sleep when anybody's road roller runs over a reform candidate.

THEY DO THINGS BETTER.

Cincinnati Commercial Tribune. They manage these things better in France. When the Humberts appealed from their five years' sentence...

MILLIONS IN IT FOR FRANCE.

Chicago News. With regard to Panama, France is showing the breadth and liberality of view which might be expected from a nation whose people have a stockholders' interest of about \$60,000,000 in the Panama canal.

CHEAP THIEF IN WALL STREET.

New York Press. Nobody will have the least sympathy for the Wall street man just arrested in the west for stealing bonds. Nobody should be so guilty.

THE ARMY AND THE RED IRON.

New York Sun. The Panama policy of the administration, officially declared, is creditable to the president and his secretary of state. We are sure that it deserves the approval of the American people.

SMITE HIM QUICK.

Cincinnati Commercial Tribune. The serious attention of President Roosevelt is directed, most respectfully, to the remarkable conduct of Squire Quinn of Chicago, who is ranging himself against the present view on the question of marriage and big families and swatting Cupid and Hymen with cruelty and dispatch.

PERSONAL NOTES.

HONORABLE AND PATRIOTIC.

Brooklyn Life. A republic with the friendship and with the interest of the United States in its favor carries with it an insurance of stability and a promise of good in the world. The interoceanic canal, either as the cause or as the consequence of the establishment of such a new republic under United States auspices, so to speak, should be hailed, not with misgivings or with alarm, but with that gratification in the United States which the fact has admittedly aroused in every civilized European country.

A LIGHTNING CHANGE.

Washington Post (Ind.). As we have said, however, it is all right. As a worthy London school teacher once said to Lord Byron, apropos of "English Bards and Scotch Reviewers," we wouldn't have done it better ourselves. There was no reason why Panama should remain in the Colombian federation.

FAIR PLAY FOR BOTH.

Portland Oregonian (rep.). We are pledged to an indiscriminate attitude toward disturbers of the isthmian peace, whether governmental or revolutionary. We must give Panama a fair show to retain its independence. We must give Colombia a fair show to regain its lost province.

THE OLD RELIABLE.

Absolutely Pure THERE IS NO SUBSTITUTE.

THE PANAMA INCIDENT. A National Obligation. There is ample warrant in the precedents for dealing with it, and that warrant is immeasurably strengthened by the special obligation of this government to maintain free and unobstructed transit across the isthmus. Honorable and Patriotic. Doctor on the upper floor, through speaking tube—What is it? The college boys have been having a little fun with some other kind of a game.
