GRAIN AND PRODUCE MARKET

Weakness in Foreign Markets Causes Decline in Wheat at Oh cage.

CORN MARKET SHOWS SIGNS OF ADVANCE

Oats Market Has Little Impetus of Its Own, but Follows Other Grains-Provisions Easter on Seattered Orders.

CHICAGO, Nov. 12.—Weakness in foreign markets caused renewed selling in the wheat pit today and further losses were sustained, December closing %c lower. December corn was off %26%c, outs were down %261c, with provisions easier, the January products closing unchanged to 7%c lower. Foreign wheat markets showed the effect of the severe decline here yesterday and ruled lower, and the depression abroad brought out neavy selling of both December and May deliveries at the opening. December was unchanged to %c lower at 76% 0.0%c at the start, out after selling at %c the sentiment changed and the market gave promise of a material advance, commission houses and shorts being active buyers at the lower prices. Offerings were good and with prospects of bad weather in the near future the market soon developed considerable strength, December advancing to 76%c within the two hours.

ers at the lower prices. Offerings were good and with prospects of bad weather in the near future the market soon developed considerable strength, December advancing to 76% within the first hour. Later the demand dropped off and with a disposition on the part of local traders to sell the market turned weak, influenced by declines in all outside markets. December sold off to 75% and closed at 76c, a loss of %c for the day. Clearances of wheat and flour were equal to 77,800 bushels. Primary receipts were 1,283,100 bushels, against 1,439,500 bushels a year ago. Minneapolis and Duluth reported receipts of 832 cars—none of contract grade—made total receipts for the three points of 941 cars, against 1,175 cars last week and 1,086 cars a year ago.

Corn was easier at the opening, due to decidedly weak cables and many of the leading bear operators were still on the selling side. Later, however, December shorts bought quite freely on predictions of unfavorable weather and there was enough buying by scalpers to cause a fair rally in that delivery, but liberal selling of May by commission houses acted as a drag on the market. Toward the end of the session the weakness in wheat was felt in the corn pit and many of the early buyers turned sellers and prices declined, the close being near the bottom. December ranged between 41%c and 42%d42%c and closed 3@f%c lower at 41%c. Local receipts were 20 cars, with 15 of contract grade.

The tendency in the oats pit was to follow the action of other grains and the early buyers turned sellers and prices declined, the close being near the bottom. December ranged between 41%c and 42%d42%c and closed 3@f%c lower at 41%c. Local receipts were 20 cars, with 15 of contract grade.

The tendency in the oats pit was to follow the action of other grains and the early buyers turned sellers and prices declined, the close being in the case of the contract grade.

The tendency in the oats pit was to follow the action of other grains and he early market showed firmness, but heavy liquidemand from sma

NEW YORK STOCKS AND BONDS

Announcement That No Out Will be Made in Steel Strengthens Scourities.

LABOR SITUATION AFFECTS MARKET

Sugar Securities Make a Show of Strength on Expected Benefit to Trade from Cuban Reciprocity Treaty.

NEW YORK, Nov. 12.—Pennsylvania and United States Steel preferred divided attention and a good degree of influence in to day's stock market. The dealings were not in such overwhelming proportions in either stock as for the last several days. Pennsylvania was weak from the outset, but showed stubborn resistance in the neighborhood of 112. The price rallied again and again from that figure, or slightly below it, and the greater part of the trading in the stock up to late in the day was at close to 112. Its various rallies did not carry it quite back to last night's price. The contest in support of the stock seemed to be abandoned after enormous absorption and the price was carried to 110%, with a rally at the close to 1114. The efforts to support the stock were at first to strengthen United States Steel bonds. The formal announcement that it had determined not to cut the price or steel pastes and structural forms was a help. The rumor was circulated so freely for the purpose of helping the stock that some \$15,000,000 had been taken for investment by one of the wealthest and most conservative insurance companies. Rumors were also circulated that prices of structural steel, etc., would be cut in spite of the decision to the contrary. United States Steel preferred retained its advance owing to these rumors.

The outlook in the labor world was regarded as threatening, and reports of rioting with the Chicago street rallway strike was in circulation. Reports of a cut in wages at Fall River also had an effect. The reported intention of the Steel corporation to retrench their outlay for wages in circulation. Reports of a cut in wages at Fall River also had an effect. The reported intention of the Steel corporation to retrench their outlay for wages intensity in Sukar was due to hopes of benefit from a Cuban reciprocity treaty. Amalgamated Copper was another strong feature, without explanation.

Additional engagement of 2,000,000 for shipment to New York became known, part of which was already on the way, but not much abo

Foreign Financial.

LONDON, Nov. 12.—Money was wanted in the market today, owing to it being stock exchange pay day, but rates eased when it was amounced that the Bank of England's rate of discount was unchanged. Discounts were slightly casier, though is there were further withdrawals of gold from the Bank of England for America in addition to yesterday's \$750,000. Business as was almost at a standstill. The tone improved on the bank rate announcement. Consols closed below the best prices of the day. Americans opened dull, but railled to a parity. The operations, however, were at not sufficient to test prices. United States Steel hardened materially during the last hour on New York advices. At the close the market was firm.

The weekly sutement of the Bank of England shows the following changes: Total reserved decreased £85.00, circulation decreased £87.00, hullion decreased £38.-cm, other securities decreased £38.00, other decreased £181.000, notes reserved decreased £71.000 and government accurities decreased £71.000

serve to liability this week was 45.75 per cent, as compared with 47.20 per cent hist week. There was no change in the Hank of England rate of discount. The withdrawals of gold from the Bank of England today amounted to £233,000, of which £235,000 was for shipment to the United States and £10,000 to South America.

PARIS, Nov. 12.—Business at the opening of the bourse today was heavy and prices became irregular during the afternoon. Rio Tintos lost 22f. The private rate of discount was 2 15-16 per cent. Three per cent rentes, 56f 30c for the account. Exchange on London, 25f 18c for checks.

The weekly statement of the Bank of France shows the following changes: Notes in circulation decreased 7, 700,000f, treasury accounts current increased 15, 125,000f, gold in hand decreased 1,755,000f, bills discounted decreased 1,755,000f.

Bank Clearings.

OMAHA, Nov. 12.—Bank clearings for to-day were \$1,364,190.69, an increase of \$129,-238.59 over corresponding day last y ear.

NEW YORK, Nov. 12.—COTTON—The market pened firm at an advance of 168 points in spite of lower cables than expected, rather better weather than expected and the prospect for big receipts for the day, on bull support and covering, which seemed chiefly due to the reassuring nature of advices from Fall River, stating that a strike was unlikely 5 result from the contemplated reduction may wages. The close was a point or two off from the top, but the market was finally firm, net 14521 points higher. Sales are estimated at 800,000

was raade. As compared with the close of last week prices are now fully as low, the advance of the first of the week having been lost.

Bulls were a little lower this morning. Grass bulls are selling around \$1.50@1.90 and corn feds so from \$2.00 to \$2.50 with an occasional choice bull as high as \$3.00. Vest calves held about steady.

The downward course in the price of feeders continued today and trading was slow. The market could best be described by calling it slow and weak or 10@15c lower than last week. Heavy cattle seem to have suffered the greatest decline as the demand is now largely for yearlings.

The western grass beef steers that had any kill to them sold readily at steady prices. The interior grades, though, such as are neither good feeders or good killers were slow. As compared with last week there does not seem to have been much change in the prices of western rangers. Grass cows were slow today and steady to a shade lower and stockers and feeders were dull and weak. Representative sales:

HOUSE-There were not as many hogs here to ay as arrived resterday and the market opened a shade stronger. Salesmen, however, only had time to dispose of a few loads that way before less favorable resports came from Chicago and packers then lowered their bids. The market kept getting worse as the morning advanced and closed a nickel lower than yesterday's market. Trading was not active at any time, but still all the early arrivals were disposed of in good season. At noon there were still some trains buck. Heavy weights sold as high as 41.55. Representative sales:

little change in prices from those paid a week ago.

lyn Bridge.

The crowds that gather at the western end of the Brooklyn bridge every evening are nothing to the crowd of potatoes that are coming to Omaha every day to increase the population-that is, the weight of the population. From Montana, Colorado, Idaho and the Dakotas they are hurrying here so as to arrive before the cold weather and snows, which make it impossible for them to travel. While this stocking up is going on wholesale prices rule at 75 to 85 cents. Ten cars were on the Omaha tracks Wednesday, and this is

said to be an average. Two cars of New York apples have just arrived in bulk, having agreed to put themselves to the inconvenience of traveling without barrels from motives of charitycharity to the dealers. There is a barrel famine in the apple countries, anyhow. These apples are designated for the wagon This is conducted from house to trade. house by men who get their fruit directly from the cars.

Florida oranges and Spanish grapes are The Malagas came in for business two days ago. They are very reasonable and will sell wholesale at from \$5 to \$6.50 per barrel of from forty to fifty pounds. They are snugly packed in cork scraps and are here for the winter.

The Floridas are of the "Bright" family and are starting in on their jobbing career at \$4 a box. They believe in advertising and want to arrange with the orange eaters for an opening day—a day when as many oranges as possible will be opened. They are said to be sweeter than the Mexioranges are giving notice of early maturity. Yesterday a car of them on their way east was inspected here by their local agent. Some of them are a trifle green, but time moneyed eastern market must have the California navels regardless. They will not open up in Omaha at present. WILL NOT HURT OMAHA TAXES

Extra Session of Legislature Could Not Alter Situation Here, Says Fleming.

A special session of the legislature to reconstruct the revenue law in case the supreme court declares the measure unconstitutional will not affect Omaha's taxes for the year 1904, according to Tax Commissioner Fleming. He points out the fact that by the time an extraordinary session could be brought about, the city assessment rolls would be complete and passed upon by the Board of Review. "I have decided to assess these railroads

in the same way that I have in the past, to avoid exempting them," said Commissioner Fleming. Get out your old spelling book. It will be useful after you see The Sunday Hee.

Will Meet in Omaha. The executive board of the Nebraska Lumber Dealers' association met Tuesday evening at the Millard hotel for the purpose of fixing a date and place for the next annual meeting of the association. The dates decided upon were February 4, 5, 1994, at Omaha, with headquarters at the Millard hotel. Those present with the board of directors were President E. S. Clark of Gretna and Secretary Bird Critchfield of Lincoln.

Mis-spelled words next week.
