

CHAMP CLARK AT IT AGAIN

Bombard's Member from Missouri Edifies National House.

McClellan of New York Helps Some

Acknowledges Necessity of Giving Cuba What Has Been Promised. It, but Digresses to Abuse General Wood.

WASHINGTON, Nov. 17.—When the house convened today Mr. Fowler (N. J.) and Mr. Brandegee (Ark.) were sworn in, after which the house went into committee on the whole and resumed consideration of the Cuban bill. Mr. Knapp rep. (N. Y.), was the first speaker today.

Mr. M. Stevens, (Miss.), who followed, spoke for thirty minutes in opposition to the bill. He said that while a firm attitude should be believed the time near at hand when some reductions in the present tariff schedule must be made.

"I believe the measure is a cruel blow to one of the most promising agricultural industries of this country," said Mr. Stevens, adding that there would be a great reduction in revenues than estimated by advocates of the bill.

Mr. Clark dem. (Mo.), speaking of the rule cutting off an amendment to the bill, said the probability is that the democrats will control the next house and elect the next president, adding: "The more of these iron-clad rules you ram down our throats the more you will have rammed down yours."

"Turning his attention to the Cuban bill, Mr. Clark declared with emphasis that the republicans could not pass the measure and the democratic vote in the house, adding "and you know it."

Clark at His Old Tricks. Mr. Clark then got back to politics and quoted what he termed republican battle-cries. "Your Uncle Mark invented 'Let well enough alone.' He afterward converted this into 'stand pat,' and then the honorable chairman of the ways and means committee, Mr. Payne, added a little 'keep on letting well enough alone,' and then your Uncle Mark was being punched over the ropes out in Ohio by Colonel Theodore Roosevelt and Senator Foraker he added 'God's sake let us keep on letting well enough alone.'"

Mr. McClellan who will soon retire from congress to assume the duties of mayor of Greater New York, followed. He said there was an argument in favor of the enactment of the bill which goes above all others and involved the duty and honor of the United States. "As we have made it impossible for Cuba," said Mr. McClellan, "to seek alliances elsewhere, it is a duty which we cannot shirk to permit her to enter into the closest political and commercial relations with us."

After quoting figures, Mr. McClellan said: "In other words, under President Estrada Palma the cost of government is over \$7,000,000 less per annum than it was under General Wood."

Mr. McClellan received the applause of his colleagues when he had concluded. Mr. Crumpacker rep. (Ind.), said recd. recd. was not in harmony with the tariff policy of this country as exemplified in the last two republican tariff bills. He said if we are to have the permanent reciprocity policy we should pass a law on noncompetitive articles that we might have something upon which to negotiate.

At 4 p. m. the house adjourned.

More Snoot in Senate. WASHINGTON, Nov. 17.—When the senate met today a number of bills and petitions were presented. Most of the bills were for pensions and the bulk of the petitions related to the case of Senator Snoot of Utah. The senate then went into executive session and ten minutes later adjourned.

The senate committee appointed by the republican caucus to fill vacancies on standing committees held its first meeting today. Senator Hawley, ranking republican member of the intercomand committee, has asked to be relieved from duties on the committee because of ill health. The report that Senator Morgan will withdraw from the committee when it is disposed from the chairmanship, which it has been decided shall go to Senator Hanna, is not credited by either republicans or democrats.

ME, TOO, SAYS SAN DOMINGO State Department is Asked to Recognize Revolutionary Government of Jiminez.

WASHINGTON, Nov. 17.—The revolutionists of San Domingo today applied to the State department for recognition by the United States. The application was presented to the department by J. M. Gloridan, who represented himself as the provisional agent of the revolutionary government, of which General Jiminez is the head.

The State department has declined the recognition, informing Mr. Gloridan that it had been the unbroken policy of the State department to recognize only the government of Jiminez.

Dr. Shoop's Rheumatic Cure Costs Nothing if it Fails

Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. I finally 29 years I worked to this end. At last, in Germany my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had disappointed physicians everywhere.

Do not mean that Dr. Shoop's Rheumatic Cure can turn your joints into flesh again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of Rheumatism. I know this so well that I will furnish for a full month my Rheumatic cure on trial. I cannot cure all cases with in a month. It would be unresponsible to expect that. But most cases will yield within 29 days. My offer is made to convince you of my faith. My faith is but the outcome of experience of actual knowledge. I know that if you can get this cure, it will well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism. I will then arrange to send you six bottles of Dr. Shoop's Rheumatic Cure to make the trial. If it fails, take it a full month on trial. If it succeeds the cure is yours for \$3.00. If it fails, I will refund you the money. It will be left entirely to you. I mean that exactly. Write me and I will send you the book. My remedy for a month for \$1.00. I will refund you the money. If it fails, I will refund you the money. If it fails, I will refund you the money. If it fails, I will refund you the money.

AFTER GET-RICH-QUICK FARE

Insurance Companies Ask Congress to Destroy It

SECURITIES COMPANY IS FIGHTING

Moves Dismissal of Minnesota's Appeal, Arguing Absence of a Constitutional Question—Other Washington News.

WASHINGTON, Nov. 17.—Messrs. Cockrell and Dryden today presented to the senate an address from a committee representing the insurance companies of the country asking for legislation looking to the prohibition of the use of any and every bogus insurance companies by so extending the lottery laws as to make them applicable to those concerns, and Senator Dryden introduced a bill to carry the petition into effect. The purpose of the bill is set forth in its title, which is as follows:

To amend sections 289 and 329 of the Revised Statutes and other laws for the suppression of lotteries so as to make them applicable to letters, postal cards, circulars, pamphlets and other publications containing any business or other insurance policies of life, fire and other insurance transmitted into any state, district or territory by contract or otherwise, and to authorize to transact such business in the state in which they are transmitted.

Worst of Frauds. In presenting his petition Senator Cockrell referred to the insurance against whom the proceeding is directed as "get-rich-quick" concerns, and Senator Dryden gave assurance of the high character of the petitioners. The insurance committee in their address say: "The public is being imposed upon to a larger extent by these unworthy concerns claiming to be insurance companies than by any other class of frauds."

Representative Gaines of Tennessee introduced a bill aimed at such insurance companies. Representative Richardson of Tennessee introduced a bill to place all trust-made articles on the free list and reduce the rate of duty on all articles manufactured in the United States and sold more cheaply abroad than in this country.

Representative Bede introduced a bill to reduce the profit on articles of necessity manufactured by persons having a monopoly of the same, the regulation to be made by the Interstate Commerce commission. Mr. Bede introduced also a bill making it the duty of the attorney general to bring the proceedings to dissolve monopolies charging exorbitant prices for articles of necessity, and a bill making cigarettes imported into any state subject to the laws of that state.

Securities Company Fighting. Counsel for the Northern Securities company today filed a motion in the United States supreme court to dismiss the appeal of the state of Minnesota from the decision of the United States circuit court for the district of Minnesota in the case of that state against the Securities company.

The motion is made upon the ground that no question of constitutional construction is involved in the case, and that therefore a direct appeal from the circuit court to the United States supreme court is permissible. In their brief in support of the motion, counsel contend that while the suit was framed as federal as well as state statute, none of the questions of the circuit court involved the construction of any article of the federal institution. They add:

To warrant a direct appeal from the circuit court to this court on constitutional grounds, the case must involve a constitutional question real and substantial, and not a mere technical question, and it is not enough that the case involves a federal question, and so was properly brought into the circuit court as a case arising under the laws of the United States. The question of the construction or application, must be involved.

The sole question is whether a direct appeal can be taken from the circuit court to the supreme court on material fact, and a constitutional question might have been raised here by the appellees had they not defeated the federal question, and a decision had been made in the case, a constitutional question might have become involved. The decision of the circuit court in this case is not final, and it is not a question of the lower court or have been necessarily involved in what was decided.

For Kansas Judgeship. The Kansas congressional delegation met today to agree on a candidate for the vacant federal judgeship in that state, but being unable to agree, adjourned until Thursday.

Internal Revenue Collections. The monthly statement of the collections of internal revenue shows that receipts for October, 1902, were \$1,022,584, an increase as compared with October, 1901, of \$81,125. For the four months of the present fiscal year the total receipts were \$2,622,831, an increase of \$1,157,932 over the corresponding period last year.

Condition of the Treasury. Today's statement of the treasury balances in the general fund, exclusive of the \$100,000,000 reserve in the division of deposits, shows a credit cash balance, \$22,712,121, and \$11,574,627.

Cabinet Cold to Marroquin. At the cabinet meeting today the Panama situation was gone over in all its latest phases. Secretary Hay of Panama, the president and cabinet the protest against the action of the government of the United States sent to the senate by President Marroquin of the government of Colombia. The protest, which went into the hands of Senator Frye, as president pro tem of the senate, and the Register of Panama, the secretary of state, as the secretary of state cannot receive petitions or protests from a foreign government.

No decision has yet been reached whether the document will be formally received or not. The nature and the terms of the treaty to be made between the United States and the Republic of Panama for the construction of the canal was discussed at length, but no statement of these terms will be made public.

Democrats Place Committees. The democratic steering committee spent three hours today in filling minority vacancies on committees. No definite agreement has been reached, though it is known several changes have been made in important committee assignments.

It has been decided that Senator Teller shall retire from the committee on finance and resume his old place on the judiciary. This will leave three democratic vacancies on the finance committee and these will be filled by Senators Dubois, Gorman and Bailey.

Candidates Many Nominations. The senate today in executive session considered the following nominations: John G. Foster, Vermont, consul general at Ottawa, Canada.

CELEBRATION OF ITS OWN

Louisiana Will Commemorate the Transfer of Its Territory.

THREE DAYS OF QUIET CEREMONIES

Old Cabildo is to Be Resplendent Again—Great Dances of the South Will Dance in Colonial Mien.

NEW ORLEANS, Nov. 17.—The state of Louisiana, which has appropriated \$100,000 to cover its share in the St. Louis Exposition next year, will hold transfer commemorative exercises of its own December 18 and 19 next.

The Louisiana Historical society, the members of which have long been working on such a celebration, to take place on the date of the actual transfer, have just announced the program of the exercises. The affair promises to be one of the most elaborate ever held in the south and the officers of the society announce that no pains have been spared to make it fitting commemoration of the building from such of the city hall of the days of the Spanish domination, which building yet stands practically as it was when it was used for the formalities of turning over Louisiana to the American commissioners. Both New Orleans and the state of Louisiana have agreed to ultimately turn this celebrated building over to the use of the society as a permanent home for the society's magnificent historical collection of books, paintings, manuscripts and records, but as it is yet in use by the state supreme court, the dedication of the building for this purpose must be delayed until the new court buildings are completed. At the time of the celebration, however, the cabildo will be given over to the use of the society, and therein the principal exercises will be held. The French and Spanish ambassadors of these nations is expected at New Orleans at this time and a portion of the Atlantic squadron will aid in giving formality to the event.

Another Colonial Ball. The three days' program will be opened Friday evening, December 18, with a reception and ball in the cabildo, which is to reproduce as far as possible the ball
