

WHY DON'T YOU CHARGE IT?

Nearly everyone has things charged. You don't have to be well fixed to get credit. You have to in most stores. Not here.

If you ask credit of your grocer, why not of your clothier? As long as you pay your bill and get what you pay for, no man need hesitate to open a "CHARGE ACCOUNT."

We have today thousands of names on our books. What more striking evidence could you ask. Buying on credit means no loss of dignity. Thousands have done it. Thousands are doing it. And thousands will do it. Why not you? Your name is welcome on our books.

CUBAN BILL IN THE SENATE

Referred to Committee on Foreign Relations
Regardless of Democratic Protest.

TELLER WILL OPPOSE MEASURE TO LAST

Colorado Senator Says, However, that
He Will Not Carry Opposition
to Extent of Causing
Delay on Vote.

WASHINGTON, Nov. 20.—The senate held its longest sitting of the session to date, beginning at noon and concluding at 3:15 p. m. The entire time was consumed in debating a motion to refer the Cuban reciprocity bill to the committee on foreign relations. The political line was sharply drawn in the discussion, the republicans advocating such reference and the democrats contending that the measure should go to the committee on finance.

The motion prevailed without division. This resolution served to bring out some incidental references to the merits of the bill. Mr. Teller took occasion to correct published reports that he had hope of defeating the bill or that he intends to unadvisedly obstruct its consideration.

Members, Allison and Aldrich announced their willingness to have the bill go to the foreign relations committee, but they united in an expression of opinion that such reference should form no precedent for the reference of revenue bills in the future. Mr. Aldrich also stated that there was any purpose of revising the tariff by reciprocity treaties.

When the senate met today the bill passed by the house yesterday to carry into effect the Cuban reciprocity treaty was received and laid before the senate. After the disposition of the reciprocity business the Cuban bill was taken up, and a debate ensued on its reference to the committee.

Mr. Cullom stated that it had been the custom to refer such bills to the committee on foreign relations.

Mr. Bailey said he had no doubt the statement was correct, but declared that the practice was wrong. He said it should be referred to the committee on finance, or relations with Cuba.

Mr. Teller thought that the bill should go to the committee on finance. He announced his intention to oppose the bill, but said he would not carry his opposition to the extent of seeking delay. Continuing, Mr. Teller charged that the legislation is in the interest of great financial interests and taking this fact into consideration, in connection with the fact that the measure has the support of the chief executive, he knew there was little hope of securing the defeat of the bill.

Mr. Aldrich, replying to a question by Mr. Teller, said this could not be properly amended because the effect of any material amendment would be to kill the treaty, and good faith required the approval of it. Concluding, Mr. Aldrich stated it to be his opinion that the reciprocity enactments of this country should be by legislation rather than by treaties.

Mr. Allison said he had no objection that the tariff system of the United States would be destroyed by an extended system of reciprocity treaties.

Mr. Mitchell (Or.) announced his intention to vote for the bill, but announced his opposition to the policy of consulting the public on questions of treaty. The bill was then referred to the committee on foreign relations without division and at 3:15 the senate adjourned until Monday.

lar session, and the extra session adjourned sine die before Thanksgiving. No proposition has been made openly in the senate, but efforts are made to bring about such an arrangement.

It was learned tonight that strong opposition has developed in the house to the adjournment of the special session prior to the passage of the bill to make the Cuban treaty effective. Leaders of the house have their opposition on the ground that a special session having been convoked by the president for a specific purpose it would not be courteous to adjourn the session until action is had, and also contend that speedy legislation is needed in order to accomplish the purpose for which congress was called together.

House Holds Short Session.

The house was in session but five minutes today. After the oath was administered to Claude Kitchen (N. C.) the house adjourned until Tuesday. Two bills were introduced in the house today, allowing free transmission of penance vouchers through the mail. One was introduced by Representative Marshall and the other by Representative Dick.

DRUG OMAHA HIGH SCHOOL.

York Scores Thirty-Four While Denying Opponents a Point.

NOW CLAIM THE STATE CHAMPIONSHIP

Make Ten in the First Half and the Points Come Still Easier in the Second, Which is Cut Short by Darkness.

YORK, Neb., Nov. 20.—(Special Telegram.)—York more than evened up with the Omaha high school foot ball eleven for the tie game played between the two teams in Omaha earlier in the season, by smothering the boys from the metropolis in the score York lays claim to the high school championship of the state. Lincoln, which has refused to play York, only succeeded in beating Omaha 24 to 0 and York has beaten every other high school team it has gone up against this year.

The Omaha players were outclassed from start to finish, the home players making gains through the line or around the ends at will, especially in the second half, which was not finished on account of darkness.

Omaha chose the south goal and kicked off. York immediately commenced to do business and by a succession of line burks and end runs scored a touchdown in six minutes after play was commenced. York kicked off over the Omaha goal line and the Omaha boys carried the ball back to their own twenty-five-yard line and then were forced to kick. Newman caught the ball and was downed in his tracks. York commenced its previous tactics and after carrying the ball to Omaha's twenty-five-yard line Bowman kicked a field goal. York again kicked off and Omaha returned the ball ten yards and was forced to kick. York immediately proceeded to walk down the field with it and was within fifteen yards of another touchdown when the whistle blew for the end of the half. Score: York, 10; Omaha, 0.

In the second half York kicked off and again the ball went over the Omaha goal line. Omaha worked the ball to its own twenty-five-yard line and was forced to punt. York, on gaining the ball, speedily scored and from that time on experienced no difficulty in making gains around the ends or through the line and when the game was called before the expiration of the half on account of darkness the score stood York, 34; Omaha, 0.

The Omaha players were game and stood up against the smashes of the York backs as well as possible, but they were simply unable to hold them. Of the Omaha players the star effort was a twenty-five-yard run by Loftus. Taylor was the best ground gainer for York, making from ten to fifteen yards around the end or through the line every time he was given the ball. The touchdowns were made by Osborn, Nelson, Taylor, 2, and Runner and Bowman kicked a goal from field. The officials were Pease, Omaha, referee, Gilbert, York, umpire.
