wise could be done, the state will better in the Nebraska allotment on the center grasses are of extraordinary height. aisle of the agricultural building a pavillion or theater in which three or four dif- FIGURES PROFIT ON CRAYONS ferent picture performances will be given daily, each representing completely some Nebraska industry. An expert from Chicago has been busy making these films since early summer and will be busy until late next spring.

'We had set apart by the state a fund realised that with this amount we should dren," I would say that I do not expect of Nebraska's resources in the ordinary ing a free show. We secured an expert business life.

"Our purpose is to put this picture show pavillion seat 200. It will be neatly decolooking at endless exhibits, and go to the Midway or elsewhere so that they can be amused and can have some place to sit down. When the tired crowds pass by, weary with looking at grain and fat cattle and andless things, we will invite them to come in. I have presented the idea to some of the best showmen and they have paid the compliment of saying that it will be the most unique and attractive thing in the whole show grounds.

Will Have a Lecturer.

considerable statistical information. As the stand in on a deal of this kind myself. people pass out they will be handed a little souvenir, which is too good to throw away important figures. We propose to require every visitor to leave his card with name two years to do, and at the expense of and address and will afterward mail him from \$7,000 to \$8,000, and now the investiother printed matter which is too volum- gating committee can not find anything to people can see our products,

have all the adjuncts to a state building. That is, there will be entertainment rooms, check rooms, places for delivering mail fight and no end of trouble to secure the privilege of showing these pictures as they conflicted with an exclusive privilege, which had been granted to a Chicago concern. We, however, got an agreement with this company for the privilege and an assurance both from the managers of the exposition and the Chicago company that ours should be the only concession of the kind an exhibit as any state."

The exhibitions, which will be given from two to four times a day, as the patronage in its entirety some of Nebraska's great industries. The cattle industry will for instance show the ranges, with the herding. sorting and rounding up of the steers, the shipping on board the cattle trains, the arrival and delivery in the stock yards in South Omaha, and the inside of the packing houses with the processes of meat preparation, In connection with the range scenes a picture of a bucking broncho was obtained in the act of throwing a puncher, and it is said to be one of the best pletures of the kind ever obtained.

Harvest Part Complete.

The grain and farming pictures have partially been obtained. The harvesting part is all complete except corn husking, which will be taken Monday. Spring must be awaited to get the planting scenes The list will include harvesting and threshing scenes, the stacking of hay and grain and the process of handling grains in all its stages. The sugar beet crop will have a showing and the gathering of apples and other orchard scenes have been provided for. The photographer was yesterday in Central City taking pictures in the feed yards and it is proposed this week to place the apparatus on the pilot of a locomotive and take a panorama, showing about twenty-five miles of the representative Nebraska landscape. Pictures have been taken of the State fair and its fat cattle show, and racing. The Ak-Sar-Ben crowd was taken from the front of a Farnam street car and some excellent films obtained of the flower

ordinary stereopticon views of the schools. university, business blocks, farming scenes and advertising matter will be shown. The Nebraska foot ball team will be taken on Thursday, Mr. Wattles and Assistant cretary Shedd were in Chicago last week and saw the films, and found them to be

of first-class character. The picture theater will be by no the whole of the Nebraska exhibit. The state has 6,200 square feet on the central isle of the agricultural building in the part of the exhibits where Illinois, Iowa and other leading farming states will spread their shows. There are also to be exhibits In the horticultural, dairy and educational

Show of Sheaf Grain.

One of the leading features of the state exhibit, and one which follows a rather unusual course, is the show of sheaf grains, which have been gathered since last Murch. ment that in the British isles and in any by Kuhn & Co.

part of the United States he has never seen sheaf grain or grasses to equal the present collection. These were gathered by the offering of competitive prises. The Moving Picture Theater for Nebraska at premium was awarded Friday on grains, and yesterday Prof. Bessey of the unlversity examined the grasses stored here, and will award the prize to the suc cessful collector. All grain and other prod ucts exhibited will be shown under the name of the grower, by order of the St. Louis authorities, and will receive prizes from the exposition company. The local managers expect the people of the state to do their duty in the matter of corn and forward at the expense of the exposition samples from any localities where fine corn has been produced. The grains that Nebraska is to have a moving picture have been collected and the grasses are theater at the St. Louis World's fair. By being built into sheaves by a force of this means, with less expense than other- trained workers, and have been carefully stored. There are samples of blue joint represent its varied agricultural and other from Douglas county, lacking not more edustries to the people who visit the than two or three inches of nine feet in Louisiana Purchase fair than perhaps any height. The samples of all the grains other state will do. The plan is to erect reach five to six feet, and some of the in the Nebraska allotment on the center grasses are of extraordinary height.

Furnishing Them to Children in Schools a Source of Good

Income.

OMAHA, Nov. 21 .- To the Editor of The of only \$55,906," said G. W. Wattles, active Bee: Referring to an article in The Bee in preparing Nebraska's exhibit. To this of the 19th, entitled "The School Board we added \$5,000 by private subscriptions Denying Any Knowledge of the Teachers and have the promise of \$10,000 more. We Selling Water Crayons to the School Chilnot be able to make anything of a showing the entire school board would know that the teachers are selling crayons to the manner. We struck an idea which will children, but the man who gets \$3,000 a give Nebraska something unique and at- year for looking after the schools ought tractive, the distinctive feature by which to know whether or not the teachers have were let out and it is understood that sevwe will illustrate Nebraska's business be- been allowed to go into the retail business eral will go next Saturday, in all about during school hours. If I wanted the twenty in the two days, from Selig & Company in Chicago, who has teachers to sell my dry goods and shoes to been busy in making instantaneous pic- the school children I would naturally go tures of the principal scenes in Nebraska up to the superintendent and ask him to instruct the teachers to sell my wares, and he would naturally ask what there was in on in a little theater as part of the Ne- it, and I would tell him we would divide the braska exhibit. We plan to make the profits, but we would make the teachers believe they were getting the goods at cost. rated and seated with easy chairs; we in- and also tell them they would be doing a lend to install electric lights and will keep good deed by letting the children have the the interior egol with electric fans. Peo- goods at cost. Why is not the crayon ple become weary with tramping about and business a similar case? If the crayons cost 28 cents per dozen and sell at 60 cents tendent in a town not far from here made \$14,000 in one year from a stand in on school supplies, etc.

Now, there are 16,000 school children in Omaha, and most every one is required to have these water crayons, and they last about two weeks; in other words, the consumption of these water crayons by the school children in Omaha in twelve months We will have a competent man to give is about 28,000 dozen, which, at a profit of a short lecture as the pictures are being about 30 cents a dozen, makes a net profit shown, describing the location and giving of about \$5,000. I would like to have a

I know this will be denied and laughed at, the same az the county commissioners and which will give a few of the more laughed at the idea of investigating the inous for him to carry away. The exits report on what has been done, but recomwill lead out into our exhibits, where the mend a whole lot of work that ought to be done yet, which will be about a five-year ople can see our products.
"In connection with the theater we will job for some enterprising plumber. The best of all is that the county commissioners say that if they had to do this plumb ing over again they would do it the same and other conveniences. We had a hard way, and according to all reports it will have to be done over again,

A Timely Suspection.

This is the season of the year when the prudent and careful housewife replenishes beef business done at this point. That is, apply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more shipments of the product will be ordered prompt and satisfactory when it is kept at allowed. We would not have been able to tracted and before it has become settled get this unique and exclusive privilege if in the system. In almost every instance it had not been for our friends there, a severe cold may be warded off by taking Messrs. Taylor. Wakefield and Francis, all this remedy freely as soon as the first inhelping us. Nebraska will have as fine dication of the cold appears. There is no danger in giving it to children, for it con tains no harmful substance. It is pleasant to take-both adults and children like it. demands, it is planned, each will present Buy it and you will get the best. It always

OREGON ASSEMBLY TO MEET Governor Calls Extra Session Legislature to Provide New

Revenue Laws. SALEM, Ore., Nov. 22.-Governor Chamberlain has called the legislature of Oregon to meet in extra session on December II. for the purpose of enacting laws to provide for levy of taxes on assessment rolls for the year 1963.

Girl Followed and Assaulted.

Maggie Harley, a servant in the employ of J. E. Kelier of 2517 Seward street, while inturning alone from a downtown dance last night was roughly handled by a stranger at the corner of Twenty-fourth and Seward streets. The girl says that on alighting from the car at Twenty-fourth and Seward streets she noticed that a man who had been riding on the same car and who had been riding on the same car and who had alighted at the same time she did was evidently following her. She hastened on and was a short distance from her destination when the man grabbed hold of her. Miss Marley fought strenuously to defend herself and mannged to drive her assailant off, but not before he had turn a great part of her elpthing. On reaching her home the girl broke the glass in the front door to attract the attention of the inmates, to whom she told her story. Mr. Keller gave chase to the man, but was unable to catch him Miss Marley was able to give a good description of the follow to the police.

Start Trouble at Dauce. A hurry call was sent to the police from a new Bohemian hall at Thirteenth and Martha streets, where a dance was in progress. It turned out that L. Givens of 417 William street. Pat Brome of 1307 South Pifth. C. McCarthy of 508 Poppleton avenue and M. Kill of 719 South Pacific street had started a rough house of their own and were disturbing the pleasure of the rest of the company. In the fight that ensued an iron bar played a prominent part and was the cause of some ugly scalp wounds. The four were arrested, with the charge of disturbing the peace by fighting placed against them.

Boy is Assaulted.

Harry Gale, a boy is years old and residing at 1805 Lake street, was yesterday the victim of an assault by a man in an alley between Eighteenth and Lake and Nineteenth and Lake streets. According to the boy's statements to the police, he was going home when he was stopped by the man, who dragged him to the alley and after gagging him committed the act. The affair was not reported to the police till about an hour afterwards, so that they were unable to apprehend the man. Gale could give no description of his assailant.

Packing Company Makes Big Shift in South Omaha Employes.

MOST OF THEM WILL GO TO CHICAGO

Others Transferred to St. Joseph Leaving About Twenty-Five Here to Look After Buying

According to the statement coming from an employe of the concern, an entire rearrangement of the method of conducting business now in vogue by Swift and Company at the South Omaha plant is under way, which will eventually result in making the house there simply a storage plant the same as in the past, but all of the executive departments will be discontinued at South Omaha. The heads of these departments will be removed to other points. probably the most of them to Chicago and St. Joseph, from which two points the supervision of the business which is done from South Omaha will be controlled. Even the Omaha branch of the concern, located at 1221 Leavenworth street, will, when the plans now under way are completed, be controlled from the Chicago house. These extensive changes will result in the probable discharge of over 100 employes, principally cierks and executive officers. The systematic discharge of office employes and heads of departments has been going on for some time. Yesterday several of them

Done to Retrench,

The reason given for these extensive changes is retrenchment. It is calculated that by doing away with all the sales and other departments in South Omaha and transferring the business to Chicago and St. Joseph that the expense of handling the business can be materially reduced. All of the branches which have heretofore been handled from South Omaha will now be handled from the two points named above. These include wholesale markets at Spokane, Seattle, Denver, Boise City, Pu-Some of the heads of departments have aiready been transferred to other points,

among them J. H. Robertson, who has been head of the provision department, one of the largest departments in South Omaha. Mr. Robertson left last night for San Francisco, where it is understood he has gone for the purpose of looking after some of the business affairs of Swift and Company and incidentally to merge the business of the Newbauer Provision company with that of Swift and Company. The Newbauer Provision company is one of the largest concerns in that one of business on the western coast and is an extensive handler of poultry. It is understood that it has been closely identified with the firm of Swift and

Company for some time. One of the principal changes which it is said will be made is the merging of the office of general manager of the business at South Omaha with that of superintendent thus doing away with a high salaried official. The report is abroad that the office force, which fermerly numbered 150 men before the policy of retrenchment was decided upon, will be reduced to twenty-five persons, and these will simply look after the accounts which it is necessary to keep in the pursuit of buying and killing live stock and the making of shipments on or

ders from Chicago and St. Joseph. All Business in Chicago.

The Chicago house will handle all the taken through the Chicago office, and the out from there. All of the produce business which is done in Nebraska will be handled through the St. Joseph house, and the business transacted in this line in Iowa will be under the direct control of the Chicago office. All of the changes in the supervision of branch houses, heretofore under the South Omaha office, took place on November 1, and the other changes under way will be brought about as rapidly as ar-

rangements can be made. It is said that the extensive changes will n no way injure the South Omaha live stock market, as the company will buy on

the market as extensively as ever. It is not known at present whether car route department will be discontinued here or not, although it is probable that it will be controlled from Chicago. There are a number of traveling men in the employ of the company who travel over regular routes and sell meat from cars which are shipped out and stopped at each station, where the amount of meat sold is taken out, and these are called car route salesmen. Even with the contemplated changes in the business it is not believed that these men will be taken off, as it would allow competing companies who have the same system too much advantage in securing the business.

OMAHA SUBURBS.

HIGH SCHOOL NOTES

A number of literary societies held their first program meeting of the year Friday afternoon. These meetings were all held behind closed doors in consequence of a new rule that each literary society would be allowed but one public program meeting, all the rest to be open to members only.

The Alice Cary society has planned to study fine arts, the first program being music. At a previous meeting a program committee was appointed, each member of the committee to have charge of the program. The success of the first program was due to Nathalie Merriam. It consisted of the following numbers: Essay, Influence and Power of Music. Eloise Wood; vocal solo, accompanied by violin and plano, a Marian Hughs; reading of Browning's poem on Music, Mrs. Fleming; plano solo, Grace Conant; vocal solo, Elizabeth Congdon. At the close of the program a short business meeting was held for the purpose of selecting society pins. After much discussion a gold monogram pin of the letters.

A. C. S. was chosen.

The Latin society gave an enjoyable program before its members Friday afternoon. It consisted mostly of essays, in which the following persons took part: Ferry Med Cullah, Florenee Tillotson, Walter Gross, Therese Wallace and Eather Isakson.

The Browning and German societies, which had planned to give programs on Friday, postponed them until next week.
