

The sole of the foot like the palm of the hand, differs in every individual—no two being alike. With the ordinary shoe the friction of the foot on the hard insole is the cause of many foot ailments; corns, bunions, enlarged joints, etc. In summer the heat penetrates the sole and in winter dampness and cold result in rheumatism, neuralgia, etc. The Dr. A. REED CUSHION SOLE prevents and cures all these afflictions.

**BRANDEIS**  
BOSTON STORE & SONS

The cushion is entirely unlike any "inner sole" and is built into and becomes a part of the shoe. The lambs-wool cushion is pliable and a non-conductor of either heat or cold, all animal oil having been extracted. The feet are kept at a natural temperature. The cushion conforms to and fills every curve of the foot, distributes the weight evenly and admits of perfect blood circulation, giving to the wearer a delightful sensation of buoyancy and enables them to cover greater distances without fatigue than would be possible with any other shoe.

# DR. REED'S CUSHION SOLE SHOES FOR MEN AND WOMEN

In all the newest and up-to-date fall and winter lasts and shapes—light, medium and heavy weight soles—hand turn and welt soles for women's wear, welt soles for men's wear. We have over 2,100 customers in Omaha today who wear and endorse these shoes. Our list of Dr. Reed's shoe customers embraces most of the medical and legal profession, businessmen, engineers, South Omaha stockmen, amongst the men—while the ladies' list is growing every day.

## Absolutely Cure Tender Feet

No matter how tender or sore the bottom of the foot may be, if you wear Dr. Reed's Cushion Sole Shoes you can walk over cobble stones all day and not feel them.

THE PRICE OF THE DR. REED CUSHION SHOES IS

## Five Dollars a Pair

in vici kid, box calf, cadet calf and velours, for either men's or ladies' shoes. The enamels and patent leathers cost Six Dollars.

## Mail Orders Filled—Write for Catalog

The sole of the Dr. Reed shoe is a non-conductor of heat—the foot remains cool in summer and keeps warm in winter.

### START VIGILANCE COMMITTEE

Such Report Comes from Colorado Where Miners Are on Strike.

MILITIA OFFICER SAYS HE FINDS PLOT

Alleges That Prisoner Confesses Conspiracy Has Been Formed to Blow Up Mines in the Cripple Creek District.

DENVER, Nov. 24.—A special to the Post from Cripple Creek today and reported to Governor Peabody that a plot had been formed to blow up five mines. One of the prisoners, he said, had made a confession and he believed that the conspirators would be convicted.

TELLURIDE, Colo., Nov. 24.—Six companies of infantry and two troops of cavalry from the Colorado National guard, about 200 men, under command of General Hill, arrived this evening. The train, in four sections, was run very slowly, great precaution was taken to prevent any disaster. Mine owners are to open their mines with ammunition men.

SALT LAKE CITY, Utah, Nov. 24.—Adjutant General Burton today issued orders to have the entire force of the Utah National guard, with the exception of one or two companies from the south, rendezvous at Salt Lake City today. They will be sent to the strike affected coal fields of Carbon county late tonight, but will not leave the cars until tomorrow morning, if being the intention, to go no farther than Castle Gate tonight.

Reports from the coal field today indicate a growing feeling of restlessness among the striking miners. General Manager Williams received a dispatch this morning saying the strikers were marching between Scofield and Cotton, carrying red flags, while at Castle Gate the Italian miners paraded with a United States flag upside down.

Eaton Molder Shot.

MOLINE, Ill., Nov. 24.—Trouble which has been brewing since the molers went on strike last May culminated tonight in the shooting of George Claussen, a union

molder. Two special police, George and John Lesare, were escorting three non-union molers to their boarding house and several shots were fired and Claussen fell, shot through the groin. Lesare is held pending a hearing, but denies the shooting. Claussen is in a hospital and his recovery is doubtful.

Hits Carpenters Hard.

INDIANAPOLIS, Ind., Nov. 24.—William D. Huger, general president of the United Brotherhood of Carpenters and Joiners, said today that the decision of the American Federation of Labor convention at Boston that the Amalgamated Woodworkers' International union should have jurisdiction over all mill workers in wood will affect 45,000 men, over which the Brotherhood of Carpenters and Joiners has formerly claimed jurisdiction. The loss is a serious one in members to the carpenters' organization. It is intimated that the latter will not give up without another struggle.

Strike Picketing is Lawful.

BERLIN, Nov. 24.—The Prussian supreme court has decided that strike picketing is lawful if conducted from a building where the pickets presence is not objectionable to the tenant. A policeman at Posen ordered a picket not only to leave the street, which was the strike locality, but to leave the neighborhood. The picket thereupon entered a saloon immediately opposite the entrance of the strike locality. The local court held that the policeman had right to order persons whose presence might occasion disorder to leave particular streets, which included premises opening on said streets. The supreme court, however, has decided that the police street ordinances do not extend beyond the street.

Mitchell on the Boycott.

NEW YORK, Nov. 24.—John Mitchell, president of the United Mine Workers of America, at a dinner of the Universaltist club, declared when asked if he considered the boycott fair: "The boycott may be cruel and inhuman or it may be helpful and of great good. Thousands of men have a right to do what a man has a right to do. I am in favor of closed shops on the ground that a man has a right to work for whom he pleases, but not a right to work under whatever condition he pleases."

Constitution Board in Session.

SCRANTON, Pa., Nov. 24.—The constitution board appointed under the terms of the coal strike commission's award today met here and heard testimony in five separate cases. The board will continue in session tomorrow. No decisions were announced today.

Ten Per Cent Off.

MORRISTOWN, N. J., Nov. 24.—At the mines of the Empire Steel & Iron company at Mount Hope, Hillsbena and the

other big mines in Morris county a 10 per cent reduction in wages is announced. The order affects 5,000 men.

### BILLS OFFERED IN HOUSE

Texas Would Have Report of Land Frauds Sent to Popular Branch.

WASHINGTON, Nov. 24.—Representative Stevens (Tex.) today offered a resolution directing the secretary of the Interior to report to the house the result of the investigation into the fraud cases. The resolution recites that it is current report that the United States has been defrauded of vast tracts of public lands by means of fraudulent entries under the stone, desert, timber and homestead acts, and that public officials have entered into unlawful arrangements to obtain possession of the public lands. The resolution reciting the fact that the existence of land frauds is officially admitted calls for specific details, including names, dates and places.

Representative Mondell (Wyo.) introduced a bill today prohibiting the selection of timber land in lieu of lands within a forest reservation.

Representative Hill (Conn.) introduced a bill today to improve currency conditions. The bill contains seven sections, each one of which changes some portion of existing financial law. Mr. Hill proposes to make it possible for the secretary of the treasury to deposit all gold in bank depositories; provides that the subsidiary coinage may be increased by the re-coining of silver dollars; that the ratio of printing the current denominations of silver and greenbacks be changed to meet the demands of business; provides for a new \$10 gold certificate to take the place of the \$10 greenback; removes the restriction on the issuance of \$5 bank notes and provides a uniform tax of one-half of 1 per cent per annum on all national bank circulation.

Representative Wiley (N. J.) introduced a bill today providing for better money by repealing the assessment on national banks for returning used currency for redemption and preventing the release of used currency by the treasury.

### HOUSE HOLDS SHORT SESSION

Adjourns Until Friday After Receiving Invitation to Visit New Orleans.

WASHINGTON, Nov. 24.—When the house convened today Mr. Payne moved that when an adjournment is taken it be until Friday. After some debate, during which DeArmond (Mo.) said the house had transacted the business for which it had been called in extraordinary session, the motion for adjournment until Friday prevailed.

The speaker then had read an invitation from the governor of Louisiana to the members of the house to be present at the celebration of the 100th anniversary of the transfer of the tract purchased by the United States from France. Mr. Meyer (La.) asked unanimous consent for the consideration of a resolution accepting the invitation, but objection was made. The house then adjourned until Friday.

Watches, jewelry, of all kinds; diamonds, direct import. Price and quality guaranteed. A. B. Hutermann, 8 E. Cor. 13th and Douglas.

DIED.

SOLIDAY—Samuel S., Nov. 24, at 76 S. 15th street, aged 87 years. Father of Mrs. Pierre Johnson and Miss Luella Soliday. Funeral services at 8 o'clock Wednesday evening, Nov. 25, at Muhl-Davis undertaking rooms, 415 S. 16th street. Friends invited. Remains will be taken to Orléans, La., on Thursday, Nov. 26, for interment.

### STILL HOLD ISLE OF PINES

Senate Will Safeguard American Interests in Cuban Soil.

COMMENDATION FOR AMERICAN SEAMEN

Secretary of Navy Transmits Words of Approval from President and Department to Those at Panama During Revolution.

WASHINGTON, Nov. 24.—The treaty between the United States and Cuba for the adjustment of the title on the Isle of Pines has been returned to the senate committee on foreign relations on an inquiry concerning the interests of American citizens. The treaty was reported favorably by the committee yesterday and in executive session today Senator Bacon called it for ratification. Objection was made by Senator Penrose, acting for Senator Quay, on the ground that certain citizens of Pennsylvania have investments in the island which have not been properly safeguarded under the treaty. He protested against precipitate action and at his request the treaty was ordered recommitted to the foreign relations committee. The extent of American interests will be made the subject of investigation.

By the terms of the treaty the United States relinquishes in favor of Cuba all claims to title to the island for Cuba and receives in consideration grants for coal and naval stations in Cuba. It is understood that citizens of the United States who at the time of exchange of ratification of the treaty reside or hold property in the island shall suffer no diminution of rights or privileges acquired prior to the exchange.

Commendation for Sailors.

Secretary Moody addressed the following letter of commendation to Commander John Hubbard, cruiser Nashville, in connection with the recent events at Colon: "Sir: Your reports of the occurrences at Colon of the 15th instant during the recent revolution on the Isthmus of Panama have been read by the president, who has expressed himself as being much pleased with your action and desires that you should be so informed."

"This I take pleasure in doing, and wish to add that your actions throughout appear to the department to have been discreet, judicious, prompt and decided to a marked degree. Lieutenant Commander Wilson, Midshipman P. Jackson and the crew under their command who were landed from the Nashville deserve much praise for their fortitude under provocation. The conduct of your entire command reflects credit upon the service and the country and it

affords me real gratification to convey to you the department's commendation. You will please read this letter at general muster.

Woud Harmonize Odell and Platt.

Governor Odell of New York arrived in Washington today in response to an invitation of the president. The president, Senator Platt and George W. Dunn, chairman of the republican state committee of New York, will take dinner at the White House today.

A thorough discussion of the political situation in the state will take place. Some differences as to the conduct of New York state politics exist between Governor Odell and Senator Platt. An effort will be made tonight to reconcile these in the conference. It can be said the president is occupying a neutral position in the matter, his efforts being directed toward a harmonious solution of the difficulties.

Condition of Soldiers in Alaska.

Acting Adjutant General Hall has received a telegram from Brigadier General Funston, commanding the Department of the Columbia, transmitting a telegram from Captain Charles Gerhart, Eighth Infantry, commanding the military post at Fort Gibbon, Alaska, showing that, notwithstanding the recent destructive fire at the post, the troops would be able to make their food supplies last until the opening of navigation by the exercise of the greatest economy. Captain Gerhart says the men are comfortably sheltered.

### RUNCIE READY TO TESTIFY

Will Appear Before Committee to Tell What He Knows of Wood.

MEETING ADJOURNS UNTIL NEXT FRIDAY

Enemies of General Threaten to Carry Fight to Floor of Senate and Make Disclosures Suppressed by Committee.

WASHINGTON, Nov. 24.—Two sessions were held today by a subcommittee of the senate committee on military affairs which is investigating the charges against General Leonard Wood, named by the president to be made major general. An adjournment was taken until 11 o'clock Friday, when Major J. Runcie will be the first witness. He was stated at the close of the last session that probably more than two weeks would be occupied in hearing the witnesses the committee has already determined to summon. Then, if, as generally believed, a committee is named to go to Cuba, an adjournment will probably be taken until some time next March, which is considered the best time to visit the island.

Opponents to the appointment of General Wood openly express the opinion that the military affairs committee will report favorably, but when this course is taken some charges will be presented to the senate which have been excluded from this testimony. It is certain that a demand will be made for the appointment of a subcommittee to go to Cuba to inquire personally into several of the charges. Major Rathbone today reiterated his determination to go to Cuba at the same time for the purpose of pointing out sources of information which form the basis of many of his charges.

Rathbone Says Laid Knows.

A subcommittee of the senate committee

on military affairs, consisting of Senators Fretter-Clarke and Patterson, are today to continue the investigation of charges against General Wood to prevent his confirmation as major general. Major Estes G. Rathbone resumed his testimony in explanation of his personal charges. He also asked the committee to subpoena Major E. I. Ladd, U. S. A., and interrogate him concerning the condition of General Wood's Santiago accounts in 1898, when he was acting as auditor of Cuba.

Brigadier General Taylor H. Bliss will be summoned by the committee. Major James J. Huncie arrived in Washington today from Havana and will appear before the committee Friday. He visited the capitol and talked with several members of the committee. Brigadier General Tasker H. Bliss of the general staff was heard by the subcommittee for an hour and will again be called. He was asked for information which he is said to possess concerning the charge made by Major Rathbone that General Wood accompanied E. G. Bellairs from Havana to New York in 1900, with some knowledge that Bellairs was an ex-convict. General Bliss was chief collector of customs for Cuba, with head quarters at Havana, during that time and he will be asked also in regard to charges that presents for General and Mrs. Wood were admitted to Cuba without payment of duties.

That Awful Cole.

And its terrible cough can soon be cured by Dr. King's New Discovery for Consumption. Try it. No cure, no pay. 50c, \$1.00. For sale by Kuhn & Co.

Dr. Rose is Bankrupt.

SIOUX FALLS, S. D., Nov. 24.—(Special.)—A petition in voluntary bankruptcy has been filed in the United States court in this city by Henry A. C. Rose, a physician of Milbank, who schedules his liabilities at \$2,658.15 and his assets at \$2,950. Property to the value of \$1,134.50 is claimed to be exempt. The case has been referred to Referee in Bankruptcy Charles N. Harris of Aberdeen for adjudication.

### STILL HOLD ISLE OF PINES

Senate Will Safeguard American Interests in Cuban Soil.

COMMENDATION FOR AMERICAN SEAMEN

Secretary of Navy Transmits Words of Approval from President and Department to Those at Panama During Revolution.

WASHINGTON, Nov. 24.—The treaty between the United States and Cuba for the adjustment of the title on the Isle of Pines has been returned to the senate committee on foreign relations on an inquiry concerning the interests of American citizens. The treaty was reported favorably by the committee yesterday and in executive session today Senator Bacon called it for ratification. Objection was made by Senator Penrose, acting for Senator Quay, on the ground that certain citizens of Pennsylvania have investments in the island which have not been properly safeguarded under the treaty. He protested against precipitate action and at his request the treaty was ordered recommitted to the foreign relations committee. The extent of American interests will be made the subject of investigation.

By the terms of the treaty the United States relinquishes in favor of Cuba all claims to title to the island for Cuba and receives in consideration grants for coal and naval stations in Cuba. It is understood that citizens of the United States who at the time of exchange of ratification of the treaty reside or hold property in the island shall suffer no diminution of rights or privileges acquired prior to the exchange.

Commendation for Sailors.

Secretary Moody addressed the following letter of commendation to Commander John Hubbard, cruiser Nashville, in connection with the recent events at Colon: "Sir: Your reports of the occurrences at Colon of the 15th instant during the recent revolution on the Isthmus of Panama have been read by the president, who has expressed himself as being much pleased with your action and desires that you should be so informed."

This I take pleasure in doing, and wish to add that your actions throughout appear to the department to have been discreet, judicious, prompt and decided to a marked degree. Lieutenant Commander Wilson, Midshipman P. Jackson and the crew under their command who were landed from the Nashville deserve much praise for their fortitude under provocation. The conduct of your entire command reflects credit upon the service and the country and it

affords me real gratification to convey to you the department's commendation. You will please read this letter at general muster.

Woud Harmonize Odell and Platt.

Governor Odell of New York arrived in Washington today in response to an invitation of the president. The president, Senator Platt and George W. Dunn, chairman of the republican state committee of New York, will take dinner at the White House today.

A thorough discussion of the political situation in the state will take place. Some differences as to the conduct of New York state politics exist between Governor Odell and Senator Platt. An effort will be made tonight to reconcile these in the conference. It can be said the president is occupying a neutral position in the matter, his efforts being directed toward a harmonious solution of the difficulties.

Condition of Soldiers in Alaska.

Acting Adjutant General Hall has received a telegram from Brigadier General Funston, commanding the Department of the Columbia, transmitting a telegram from Captain Charles Gerhart, Eighth Infantry, commanding the military post at Fort Gibbon, Alaska, showing that, notwithstanding the recent destructive fire at the post, the troops would be able to make their food supplies last until the opening of navigation by the exercise of the greatest economy. Captain Gerhart says the men are comfortably sheltered.

All members of the cabinet attended today's meeting, but it is understood that no action of importance was taken. The Panama situation was discussed without bringing forth any new developments of concern. The attitude of the opposition in congress also was considered, but an intimation is given that the administration occurred in the matter. Secretary Root presented some points regarding the request of Governor Peabody of Colorado, for United States troops to assist in the quelling of strike disturbance. No change has occurred in the attitude of the administration regarding it.

General Davis on Commission.

It is understood that Major George W. Davis, retired, who has just relinquished command of the forces in the Philippines and returned to the United States, is likely to be appointed a member of the Isthmian canal commission. He was a member of the original isthmus commission.

It can be announced that Eugene F. Ware, commissioner of pensions, will retire from that office about the middle of November of next year and will return immediately to the practice of law in Kansas.

**BENNETT'S WIDOW APPEALS**  
Not Satisfied with Action of Husband in Selecting Bryan as Executor.  
NEW HAVEN, Conn., Nov. 23.—Council for the widow of Philip S. Bennett today filed an appeal to the superior court from the decision of Probate Judge Cleveland regarding certain portions of the will of Mr. Bennett. The appeal is taken from section 12 of the will, which refers to the sealed letter providing for a gift of \$50,000 to W. J. Bryan and family, also from the sections providing for trust funds of \$19,000 each to be administered by Mr. and Mrs. Bryan. The scholarships and prize in colleges, and from the section nominating Mr. Bryan as executor of the will.

**For CONSTIPATION Drink**
