GOLDEN CITY Oil & Gas Co.

CARTHAGE MISSOURI. CAPITAL, \$1,000,000

Has placed on the market 100,000 shares of its Capital Stock at Ten Cents per share, par value of One Dollar, fully paid and non-assessable. The officers and directors of this company are men of the highest business standing. We invite the closest investigation of our organization and management, and refer by permission to all the banks and best business firms in Carthage. We do not promise immediate and large returns to investors. There is an element of chance in this undertaking, as in all business undertakings of the present day. We believe we have oil and gas in abundance hidden under our lands and have invested largely of our own means to make a final test. We invite you to join in the work of developing our property. We have 10,000 acres of prospective oil and gas lands under lease in Barton, Dade and Jasper counties, southwest Missouri, with abundant indications of rich deposits, not only of oil and gas, but of other valuable substances, such as zinc, lead, coal and asphaltum. Experts who have carefully examined our field are convinced that it is the eastward extension of the famous Chanute oil and gas field in Kansas. Our drill is now sinking the first of a series of wells and has already found such indications of oil as to give us great encouragement. We reserve the right to advance the price of our stock at any time. A few dollars invested now may return hundreds or even thousands in the hear future, Booklet with full information mailed to any address.
