City Clerk Points Out Place Where City Licensers Moxy.

PEDDLERS IGNORE THE CITY LICENSE LAW

No Regulation of the Matter and Police Pay No Attention to the Vendors Who Fly Their Trade.

An inspection of the records at the city clerk's office shows that little if any attention is being paid by the police to the peddlers who are selling without a license. Out of twenty peddlers doing business in the city at the present time only six have secured licenses.

Another source of revenue was the licenses from Omaha installment wagons. So far this year only one installment house license has been taken out.

Advertisements for Supplies.

City Clerk Strigley is preparing a list of supplies needed for the year 1904. A list of all supplies needed by the city in all departments, along with an estimate of the amounts required, will be prepared and bids will be asked for from dealers.

If You Have These Symptoms Send for My Book.

If you want to feel better, if you want more strength, if you lack ambition, if you can't do things like you used to, if you lack confidence in yourself, if your nerve-courage is leaving you, if you lack vim, vigor, vitality, if something is eating away your constitution, write to me for the book you need. The book tells of my discovery. Tells how after thirty years I found the cause of the symptoms, and many others, given above. The book tells how by scientific experiment I traced out the cause that brings on chronic diseases. It tells how I perfected my prescription—Dr. Shoop's Restorative. I found invariably where there was a weakness that the inside nerves were weak. Where there was a lack of vitality that the vital nerves lacked power. Where the organs were found I always found weak nerves. Not the nerves commonly thought of, but the vital organ nerves, the inside—the invisible nerves. This was a revelation. Then my real success began. Then I combined ingredients that would strengthen, that would vitalize these nerves. That prescription I called a restorative. It is known the world over as Dr. Shoop's Restorative. After that I did not fail to cure one case in each hundred. In the extremely difficult cases my failures for five years were one in each forty treated. I found cancer incurable. Cancer is for surgery, not medicine. Then how to get this prescription to the sick ones everywhere was my thought. I must announce it in the public press. But, thought I, will they realize the truth of my discovery—the real power of Dr. Shoop's Restorative? Then a way came to me—like a revelation. I will offer it to the sick on trial, and I then they will know I am sincere. I wrote a reliable druggist in each city and village in America. I got their consent to co-operate with me. Now to any sick one Dr. Shoop's Restorative Can be Taken on Trial. For a full month I will let you use it entirely at my risk. Send no money. Just write me for the book you need. When I send it I will tell you of a druggist near you who will permit the month's trial. Use the Restorative a month. Then decide. If you say to the druggist, "It did not help me," that will relieve you of any expense whatever. He will bill the cost to me. This is my way of clearing your mind of all doubts as to what Dr. Shoop's Restorative can do. No matter how prejudiced, you cannot dispute this absolute security I offer. You cannot resist an offer like this if you are at all sick. If you have a weakness, write me. If you can't do things like you used to do them, tell me about it. Write in confidence. As a physician I will tell you a way to help. Get my book now. Today. Simply state which book you want and address Dr. Shoop, Box 1111, Hastings, Neb. I will send you a book free of charge. I will send you a book free of charge. I will send you a book free of charge.

WADSWORTH, NEV., Nov. 19.—(Special Telegram.)—We have made all necessary surveys and decided to build a tunnel through the Sierra Nevada mountains, five and one-quarter miles. That is our next big job. E. H. Harriman made this statement to a party of newspaper men here this evening on his arrival at 6:30 p. m. Mr. Harriman sent this telegram: To Alex. Miller, New York City, Please explain to board of directors and Mr. Jacob Schiff that we have just completed a trip over our road from Omaha to Reno and find our progress just finished and that still in progress. We are highly gratified and agree that the project is an enterprise that deserves great credit for masterful work completed. E. H. HARRIMAN.

Continuing, Mr. Harriman said: "The completion of the Ogden-Louis cutoff is of great advantage to our system. It will be worth vast sums to us, but I would not care to say what amount will be saved, nor what its construction cost. The cutoff is safe and will be permanent. This talk of its constant peril I take little stock in. I want to state that the report alleged to be from Wall Street that this cutoff will save \$1,000,000 a month to us is idle gossip originating with someone who has stock to sell, yet it will save big sums. I am delighted with this piece of work, which I consider is almost unparalleled."

Interest Money Due.

City Treasurer Howe has prepared a statement showing the amount of money to be sent to the state fiscal agency in New York on December 1, to pay interest on bonds held in the east. The sum of \$5,300 will be forwarded today, so as to reach New York not later than Tuesday. Of this amount \$4,750 is due on general indebtedness bonds and \$1,550 on district improvement bonds. As there is money on hand to meet these maturities it will not be necessary to borrow from the banks.

Magic City Gossip.

The Plattdeutschverein will give a dance at the armory tonight. A call for club members will be made the first week in December. Thomas Broadhurst, assistant janitor at the high school has resigned. Mr. and Mrs. W. H. Hubbard, Neb., was in the city yesterday, the guest of Frank J. Moriarty.

Former Preacher Paroled.

Life Convict Released from Prison to Go to Dying Mother's Bedside.

INDIANAPOLIS, Nov. 19.—Rev. W. M. Hinshaw was released on parole today from the northern prison in order that he might go to the bedside of his mother, who is said to be dying. It is not known whether his release will be permanent or not. He is serving a life sentence for the murder of his wife. In 1886 Hinshaw was the pastor of the Methodist church at Belleville, Hendricks county. On the night of January 15 he preached to a country congregation and at the door of the church one of the members invited him and his wife to his home for the night. The minister declined the invitation, but insisted that his wife accept it. She refused with so much vehemence that it attracted attention at the time and was recalled afterward.

AT THE PLAYHOUSES.

"The White Slave" at the Boyd.

"Rags are royal raiment when worn for virtue's sake." If the time should come when "The White Slave" is presented no more, and its plot and lines and tragic moments are but items of the memory, it is likely that this sentiment and the sentiment it was will be the last forgotten. At any rate it is the best remembered since it was first uttered before an audience on the night of April 8, 1882.

Bartley Campbell's familiar place was at the Boyd last night for the first of three performances, and, under the management of Robert Campbell, son of the author, it is carefully staged. The players are actors of ability and the scenic effects, which are many and beautiful, are well handled. Altogether such conscientious treatment for a play that has been so long and steadily with us is admirable. In all ordinary logic it might be thought that a melodrama that has stood the test of a quarter of a century deserves at least as much.

There were plenty of willing hands to show that the sympathy for Lisa, the white slave, still burns strong; plenty of appropriate noises to manifest contempt for William Lacy, who "deals solely in 'niggers' and horses," and no lack of melodramatic and tense interest at the burning of the Creole Belle, and through the anxious phases of the famous "island act." The psychological moments may be scheduled, but they are artfully disposed.

Helen Collier is the beautiful Lisa and capable of the emotional heights of the role, though she may have work some by a grasping intonation. William Christie Miller, who plays Mr. Stith, is the product of years of effort in his profession, and is delightful. He with Constance Hamilton and John F. Ryan care for the comedy acceptably.

MINISTER POWELL DECISIVE

Refuses to Acknowledge Government in San Domingo and Lays Down Law.

SAN DOMINGO, Nov. 19.—United States Minister Powell today refused to acknowledge the provisional government and also denied its demand for the withdrawal of Former Finance Minister Galvin, who had been appointed to arbitrate the San Domingo improvement company matter.

Minister Powell told the provisional government that the question of arbitrating the claims of the improvement company was now closed and could not be reopened. The board of arbitration was now fully constituted, according to the conditions of the protocol, that the board will convene and its members proceed to the consideration of the issues presented by both parties and that its decision will be final.

It is added that the United States government cannot and will not interfere in any manner with the composition of the arbitration named by the government of President Gil.

The German government placed the cruiser Falke at the disposal of General Von Goltz, who left this afternoon on the Falke for Porto Rico. The French and Belgian ministers have energetically protested against the decree of the provisional government recognizing only the floating debt and leaving other foreign claims in abeyance. The troops are gradually leaving and quiet prevails.

ITALIANS GREATLY EXCITED

Continue Demonstrations Against Austria and Conflict with Police in Several Towns.

ROME, Nov. 19.—Students of the university endeavored to organize a demonstration today at the Quirinal in favor of the Italian party in the Franco-Italian conflict. The police broke up the gathering, and then the students rushed towards the Austrian embassy and the Austrian consulate, where they were received by troops, who charged upon them with drawn bayonets. The conflict between the students and the troops continued for some time, and was made, while the crowd continued to cry "Down with Francis Joseph! Let us break up the triple alliance!" and to sing the Garibaldi hymn.

There was great enthusiasm in the law courts today when a student, who was arrested yesterday for having struck a policeman and smashed his helmet, was acquitted.

There were similar demonstrations today in the principal towns of Italy, especially in Florence and in Turin, where the university has been closed during the demonstration in Florence two Austrian flags were burned in the public square, amid a scene of great enthusiasm and the frantic cries of the demonstrators.

WILL INCREASE CONSULATES

German Government Will Add a Number to Those at Present in America.

BERLIN, Nov. 19.—The foreign office budget provides for the establishment of German consulates at New Orleans, Atlanta, Ga., Seattle, Wash., and St. Paul, Minn. The increasing importance of the consulates in South American countries is indicated in the application for a minister resident at La Paz, Bolivia, and a secretary of legation at Santiago de Chile.

The budget of the ministry of the interior seeks for \$1,250,000 to provide state-owned homes for civil employees, \$200,000 more than in 1902. The Berlin Landlords' association has been closed during the government not to build any more homes for civil employees, because 5,000 flats in Berlin are without tenants. The protest was headed, the government's position being that it is cheaper to provide houses free of rent than to increase salaries sufficiently to meet the price of the construction of Berlin landlords, which amounts nearly to a trust.

SOCIALISTS MAKING GAINS

Will Have Sixteen Members of Berlin Council Against Seven Heretofore.

BERLIN, Nov. 19.—Partial elections for members of the Berlin municipal council today resulted in large gains for the socialists. The elections for members of the Reichstag were done exclusively by electors of the third class in about one-third of the wards. Out of sixteen seats socialists were elected to twelve, as against seven in the present council, and they will participate in the second ballot in the Second ward.

The elections for members of the Reichstag indicate that the poorer classes of Berlin are rapidly deserting liberalism for socialism.

ONE OF VICTIMS IS SHOT IN THE NECK

Three Men in Second Party Teckled and All Are Severely Beaten by the Robbers—Police Make Two Arrests.

(From a Staff Correspondent.)

LINCOLN, Nov. 19.—(Special Telegram.)—H. J. Deyo, a Burlington engineer, was shot in the neck and painfully injured, and Edward Curtis was badly beaten by foot-pads in two separate robberies tonight. Both occurred shortly after 1 o'clock in the neighborhood of Sixteenth and S streets, within a block of the home of Deyo.

Deyo was returning home when two men stepped in front of him and demanded his money. He grabbed at the nearest one of the men and the latter then fired, the ball passing through Deyo's neck, making an ugly though not dangerous wound. The two men then jumped on the injured man and took the money from his pockets, and both ran. Deyo managed to get home and reported to the police.

A few minutes later James Fairweather, Frank Williams and Edward Curtis were passing in the same neighborhood, with Curtis several yards in the lead. Suddenly two men jumped from a shadow, and as they demanded his money one of them struck Curtis a blow on the head with his revolver. Fairweather and Williams came to the assistance of Curtis and a desperate struggle ensued, in which the three men were all injured. The robbers in running left a .38-caliber revolver, American make, and a black Fedora hat. They secured \$2 from Curtis and a knife from each of the others. The police have arrested two men, residents of Lincoln, who answer the description of the robbers.

GOVERNOR CALLS CONFERENCE

Executive of Utah Will Try to Get Miners and Operators Together.

SALT LAKE CITY, Nov. 19.—After a conference between Governor Wells and Secretaries Kelliber and Evans, national organizers of the United Mine Workers, and Colonel E. F. Holmes, president of the Commercial club, the governor began to bring about a conference between the officials of the Utah Fuel company and the striking miners in Carbon county.

Kelliber and Holmes came as the personal representatives of John Mitchell and in their talk with the governor brought a new phase of the strike situation. They maintained that recognition of the union is a subordinate issue and that 20 per cent increase in wages is the principal issue at stake. They declared that the Utah miners are striking because of grievances of their own, and that they will go back to work when these are redressed, regardless of what the Colorado miners do.

He starts early next week, accompanied by Mrs. MacMillan, Lieutenant Colonel Harrington, the British resident in Emperor Menelik's court, and others, besides a big retinue of carriers, etc.

The party will embark in launches at Khartoum and proceed to the farthest navigable point, where it will land and continue the exploration in the direction of Lake Rudolf. Mr. MacMillan expects to be absent seven months.

Barbarous Surgical Operation

For the Cure of Piles.

It is not only intensely painful, dangerous to life and very expensive, but in the light of modern medical research, and since the discovery of the Pyramid Pile Cure, wholly unnecessary. If you have any doubt on this point kindly read the following letter from one who knows that the claims regarding the merits of the Pyramid Pile Cure are borne out by facts.

"For a long time I suffered with blind piles. They gave me so much pain and uneasiness that they almost disqualified me for doing anything. I saw an ad in the Atlanta Journal of Pyramid Pile Cure and ordered a 50 cent box. I used them and they gave me relief; that encouraged me and I bought another 50 cent box and they cured me. Oh how glad that I am well again!"

"The Pyramid Pile Cure is sold by druggists for 50 cents a package, and its merit is so well known that the sales exceed those of all similar remedies combined. Write Pyramid Drug Co., Marshall, Mich., for their little book on the cause and cure of piles, which is sent free for the asking."
