Sugar Company Sucs. The Norfolk and Oxnard beet sugar com panies, of Norfolk and Grand Island respectively, began suit in district court today against the state of Nebraska on somewhat famous old sugar bounty warrants issued in 1895. These amount to over \$41,000, of which sum the Norfolk company holds \$24.750 in six different warrants and the Oxnard \$15,871.85 in three other warrants.

Charles F. Manderson, J. E. Kelby and F. H. Gaines represent the beet sugar companies, and permission to bring the suits was granted by the last legislature. Almost every session in the past ten years has brought the beet sugar lobbyists to the state house in an effort to get the legislature to appropriate money for the payment of these claims, but it has never

Dr. Shoop's

Rheumatic Cure

Costs Nothing if it Fails.

Any honest person who suffers from Rheumattem is welcome to this offer. For years I searched everywhere to find a specific for umatism. For nearly 20 years I worked to this end. At last, in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had disappointed phys-

I do not mean that Dr. Shoop's Rhenmatic Cure can turn bony joints into flesh again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of Rheumatism. I know this so well that I will furnish for a full month my Rheumatic cure on trial. I cannot cure all cases with in a month. It would be unreasonable to expect that. But most cases will yield within 30 days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism-a otent force against disease that is irresist-

My offer is made to convince you of my faith. My faith is but the outcome of experience—of actual knowledge. I know what it can do And I know this so well that I will furnish my remedy on trail. Simply write me a postal for my book on Rheumatism. I will then arrange with a druggi. In your vicinity so that you can secure six bottles of Dr. Shoop's Rheumatic Cure to make the test. You may take it a full munth on trial. If it succeeds the cost to you is \$5.50. If it fails the loss is mine and mine alone. It will be left entirely to you. I mean that exactly. If you say the trial is not satisfactory I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be drugged to the verge of danger. I use no such drugs for it is dangerous to take them. You must get the disease out of the blood. My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met, and in all of my experience, in all of my £000 tests, I never found another remedy that would cure one chonic case in ten.

Write me and I will send you the book.

Try my remedy for a month, for it can't harm you anyway. If it fails the loss is mine.

Address Dr. Shoop, Box 575 (Racine) Wis. Mild cases not chronic are often cured by one or two belies. At all druggists. My offer is made to convince you of my

The senator went on to state that he had yielded most graciously to the appointment of Elmer Stevenson as collector of internal revenue, who has made a highly efficient officer to George Heimrod, consul general at Samoa and to the appointment of Pat Mullen, as receiver of the land office at Juneau. If President Roosevelt can bring it about there will be during the coming regular session of congress a revision of the timber and stone, commutation, desert land and forestry laws of the United States. In order to be thoroughly advised as to the present laws and their inharmonious relations, the president has appointed an executive committee, consisting of the comdssioner of the general land office, W. A. Richards, F. H. Newell of the Geological by Kuhn & Co. survey and Gifford Pinchot, division of forestry of the Agricultural department. The death of Governor Richards' wife has made impossible a meeting of the commission, but it is expected that one of the most important features of the president's forthcoming message will be the treatment of the divergent laws above referred to, with recommendations to congress for the correction of known abuses of these laws. It is understood that Secretary Hitchcock has at his hand the most glaring frauds committed under the timber and stone desert land and commutation laws-frauds, it is said, that would put to shame the grafting that has been going on in the Postoffice department, and only waits the indication of the president to make public a series of crimes against the government which will startle the country. We are never without Duffy's in the house and owe more to its health-giving qualities than i can tell. In late years it has strengthened me so that I AM ABLE TO GET ABOUT LIKE A YOUNG MAN. You can always refer people desiring to know about the value of Duffy's as a medicine to me or my family "—JOHN Mc-MICHAEL, Newman, Ga.
