(From a Staff Correspondent.)

IANCOLN, Neb., Dec. 7. - (Special.)-The county superintendents of Harlan, Filimore and Cheyenne countles did not wait for Superintendent Fowler to go after them with a mandamus to compel them to file their reports in order to get in on the apportionment of school moneys, but came up bright and early this morning with the documents. While the apportionment this month is larger than it was last December, it is not larger than it has been in recent years. Owing to the rapid maturity of sale contracts for school lands during the last two years, over \$700,000 of the permanent school fund, which returned interest at the rate of 6 per cent, has been invested in bonds which bring in 3 per cent, and the apportionment consequently decreased.

### Talk Sabbath Observance.

The committee appointed by the Ministarial association to investigate the social evil did not report at the meeting this morning, but asked for further time. The ministers then got busy on a paper by Rev. Long as to the desecration of the Babbath.

There are many causes of Sabbath dese-cration, and the first cause is laxity in the home. There has been a decided change in the old form of Sabbath observ-ance and in the new. The old way was not ideal, and neither is the present. The old way was too severe, but there is too much extreme liberalism today. One cause is the influx of foreigners from countries where the Sabbath is not properly observed. They do not come for liberty or conscience, but for gain.

They do not come for floerly or conscience, but for gain.

Adverse legislation is another. It tends to destroy the Sabbath every year. It demands that fibraries, museums and public parks be open for Sunday amusementa. The railroad systems know no Sabbath, and the public makes no protest. Sunday newspaper came in for

good share of scoring. Rev. Long said the Sunday newspaper tempted people to remain home from church to read its "The effect," he said, "is bad upon the

reader and upon the workmen, and it educates the newsboys to tramp the streets on the Sabbath.

The city of Toronto was used as an illustration of how the Sabbath should be observed. In this city the milkman peddles no milk, and the butcher shops, cigar stores and the like are kept closed.

Rev. Wharton said people nowadays had passed out of the stage of ecclesiastical

"The old rules," he said, "have been destroyed. There is more freedom at the present day. Why, I car remember as a boy when no supper was cooked on Sunday night. I filled by little stomach with cold milk and apple butter, and I sat Sunday afternoon on a chair much too high for my short legs, studying and reading about Sunday school libraries. The only cure for the present laxity is a Christian spirit. No rules can be

Fearful of Investment. D. M. Allen and others in a communication to the banking board today asked that a receiver be appointed for the Northwestern Trust company, doing business naha. In his letter Mr. Allen stated that he feared that he and others were in a good way to lose the money they had invested with the company and that he was not satisfied with the statement of the business done, sent him by its officers. The company was organized before the law governing such concerns was enacted by the late legislature and it is a question whether the banking board has jurisdiction. The matter will be looked up however and some action will likely be taken. The officers of the company are not named

# Talks Equal Suffrage.

Miss Laura Gregg of Omaha tonight addressed a special meeting of the Woman's Suffrage club at the Lindell hotel. At the onclusion o fthe address three new members were added to the roll. Miss Gregg predieted the ultimate success of the teachings advocated by the women and retold of the struggles of the women in the last legislature. This fight she said was not ended by any means. She said Nebraska women were not fighting now for suffrage, but later this would be accorded to them.

HUNTERS FIND A DEAD MAN Circumstances All Indicate That It Was a Case of Sul,

NORTH PLATTE, Neb., Dec. 7 .- (Spe cial.)-This forenoon George Ledoyt and G. E. Hager while hunting east of town found the body of a man hanging to a tree on one of the islands in the Platte river a short distance from the rallroad bridge. The coroner was immediately notified and the remains were cut down and taken to Warner's undertaking establishment. In one of the pockets of the deceased was found \$132 in money and a pass from Chieago to San Francisco. From this it was learned that his name was Hansen and that his home was in Racine county, Wis. The man appeared to be of middle age and probably a laborer. He had evidently been dead a couple of days when found. A coroner's jury was impanelled, and a verdict of suicide returned.

Addresses were delivered at three of the churches in the morning by J. P. Batley and G. C. Wallace of Omaha. At 3 p. m. Governor Mickey addressed a mass meeting held in the Presbyterian church. At the close of the service Rev. W. H. Kearns read a letter from William A. Wolfe, a banker of this city, who offered to make up the full \$20,000, which balance is about \$7,000, providing the name of the association shall be the Mary Young Men's Christian association of Beatrice, Mary being the Christian name of Mr. Wolfe's deceased mother and that the brick block owned by Mr. Wolfs in a centrally located part of the city be purchased by the association at an appraised value to be agreed upon by the governor, state secretary and treasurer and further provided that all amounts subscribed are regularly paid in. At a meeting of the executive committee this evening Mr. Wolfe's proposition was accepted and it is now an as sured fact that Beatrice will have a home

Will Work in Mission Feld. TECUMSEH, Neb., Dec. 7.—(Special.)—Word reaches Tecumseh that Dr. and Mrs. C. L. Pickett, or perhaps it would be more proper to say the Drs. Pickett, for both are graduates in medicine, have reached Manila, P. I., and expect soon to be located at their missionary post at Lacag, a city in the northern part of the island of Luzon. The Drs. Pickett were sent to the Philippine islands under direction of the Foreign Missionary society of the Christian church of the United States, their assignment was the city of Laong, and they have agreed to remain at that point for a period of seven years. Both the Drs. Pickett are graduates of Drake university, Des Moines, Ia., and both are graduates of the Creighton Medical college of Omaha, Mrs. Pickett having completed her work last spring. Both have received theological training and Dr. Pickett has been in the ministry for several years. They are accompanied by their only

Capture Thief, Recover Goods. PENDER, Neb., Dec. 7 .- (Special Telegram.)-The stolen goods, consisting of ten fur overcoats, which were taken from the harness shop of J. B. Wingert on the night of December 4, were recovered today. Marshal A. M. Clark was notified by the chief of police of Sioux City this norning that they had captured the man, machinist by trade, who came to Pender about two months ago from Indiana. Lee admitted the stealing, said he had no accomplice and told where he secreted part of the stolen property, which was found today by the local authorities hidden in ome hay stacks. Five of the coats were packed into values and expressed from Necora to Sloux City Sunday, When Lee called for his express at Sloux City he was arrested, offering no resistance. He accompanied the marshal to Pender without requisition papers. This capture will doubtless lead to other discoveries in and about here.

Can Instal Gas Plant.

NORTH PLATTE, Neb., Dec. 7 .- (Special.)-The supreme court has reversed Judge Grimes' decision in the North Platte Gas company case and dissolved the injunction issued by the district judge and dismissed the action. About two years ago the city council granted two lighting franchises, one to Lester Walker for an electric light and the other to Colby & Tenney for a gas plant. The electric light company installed their plant. A year ago a new gas franchise was granted Colby & Tenney permitting them to install a gas plant and sell gas to the citizens for lighting purposes. This was not what the electric company desired, and strenuous efforts were made through one of the councilmen to prevent the gas company from putting in the plant. Finally the aid of the courts was sought and an injunction was granted by Judge Grimes, which enjoined the gas company from putting in their plant.

# SOME DOUBT AS TO

to Standing of General.

COMMITTEE STILL HEARS WITNESSES

Senators Opposing His Confirmation Have Been Told to Have Evidence Completed by One Week from Tomorrow.

WASHINGTON, Dec. 7 .- President Roose celt today sent to the senate the nomination of General Leonard Wood to be major general of the army and the nomination of 167 other army officers, whose promotions depend on that of General Wood. Accompanying these nominations were those of about twenty-five civilian appointees, including that of Dr. W. H. Crum to be colector of the port of Charleston, S. C., and ome others whom the president appointed in the last recess. These appointments are considered by the president and his adrisers to be recess appointments.

The question of their status has been disussed thoroughly by the president with the best lawyers connected with the administration. The conclusion has been reached that between the time of the falling of President Pro Tempore Frye's gavel, signifying the conclusion of the extraordinary session, and calling to order of the senate in regular session an appreciable lapse o time occurred. The appointments are regarded by the administration as recess anpointments and the appointees, therefore, will receive the pay and exercise all the authority of the rank to which they are promoted. The commissions of the army officers have been made out on this understanding. They were dated back to the time last summer when the appointments originally were made.

Secretaries Root and Moody had a confer ence with the president today before the appointments were sent to the senate. In the matter of the appointments their view, tees, Joseph Glasser, W. S. Power and as lawyers and as members of the administration, coincided with that of the prest dent. With a view to securing a legal decision, however, Secretary Root has authorized the paymaster general to make a test case and bring it to the attention of the comptroller of the treasury at the earliest possible moment.

While the nominations are dated to take effect from the time the commissions were riet Cook; marshal, Miss Allie Wheeler; first issued on the recess appointments it is the general opinion of members of the senate that the nominees will retain their old rank until the nominations are con-Camp No. 2011, Modern Woodmen of Amer- firmed, despite the fact that all of the offiica has elected the following officers for cers affected have been serving for nearly three months under the advanced rank and pay to which they will be entitled when confirmed. It is believed by opponents of General Wood this order will have the effect of curtafling the extent of the inquiry. It has not yet decided whether it will be necessary to summon any more witnesses from Cuba, though it is known that several persons who have been before the committee will be recalled. # Work of the Committee,

The senate committee on military affairs resumed its hearing in the General Wood for the Young Men's Christian association. case today, with Commander Lucien Young of the navy on the stand. The committee was in session for an hour, when adjourn ment was taken to give the members on portunity to attend the closing of the extraordinary session and the convening of the regular session of the senate.

After the opening of the senate the com mittee again convened, occupying the peculiar position of investigating a nomination which had failed by reason of the expiration of the extra session of the senate, when Colonel Charles S. Diehl, assistant general manager of the Associated Press. was called.

Commander Young was subpoensed by the military affairs committee, at the request of Major Rathbone, who had furnished to the committee a list of questions which he desired to have addressed to the witness. Some of the questions were ignored by the committee, though much tesimony was brought out in relation to the charge that General Wood, after assuming the duties as governor general of Cuba, employed detectives not connected with the army to shadow certain army officers for the purpose of reporting their actions to General Wood. Commander Young testified that he occupied the dual positions of captain of the port of Havana and com

mander of the naval station at Havena. Many Officers were Watched. He said he fas subordinate to General Wood, but that he was in no way amenable to Governor General Wood's orders. He said he discovered detectives shadow who gave his name as Andrew Lee, a ing him and that upon investigation he learned that General Tasker H. Bliss, General Charles E. Humphrey and Major E

In reference to his recall from the pos President and Senators Do Not Agree as at Havana, Commander Young said he was assured by General Wood that he was very sorry and unable to understand the order which had been received from Washington. Commander Young said when he arrived at Washington he learned that the recall had been at the suggestion of General Wood, but that there is no correspond ence on file in the War department to prove the assertion.

Colonel Diehl was called for the purpose of supplementing the testimony of Mciville E. Stone, general manager of the Associated Press in relation to the service in Cuba of Captain E. G. The witness said that so far as he knew General Wood had no knowledge that Bel lairs was an ex-convict; that Bellairs im pressed favorably all who met him. The character of Captain Bellairs did not become known to General Diehl until after the correspondent had been transferred from Cuba to China and later to the Philippines. #### DENVER FRANCHISE IS SOLD Jack" O'Connor, New York American Lengue Crack Backstop, to

Manage the Team.

DENVER, Colo., Dec. 7.—(Special Telegram.)—County Clerk Julius Alchele has purchased the Denver base ball fragchise and Broadway Athletic park from D. C. Packard for 230,000 and "Jack" O'Connor, the crack New York American lengue catcher, will manage the team and may eventually buy the franchise. This insures Denver a team of championship material for the coming season, and Manager O'Connor will soon leave for the east in order to sign some good material for what he promises will be the pennant winning team of the rejuvenated Western league.

It is not improbable that the base ball franchise will be disposed of to Mr. O'Connor either during 1904 or the following year, largely according to the financial success of the team next year. Mr. O'Connor is said to hold an interest in the franchise for the coming season as it is.

CULVER BEFORE GRAND JURY

Adjutant General Tells What He Knows of Colby Case.

THINKS PERSONALITIES GIGURE IN IT

Witnesses Held Here Several Weeks in Alleged Postoffice Cases Are Chafing Under the Imperious Orders.

Adjutant General J. H. Culver was called before the grand jury last evening to testify in the Colby matter. He had with him the books, accounts and records of the adjutant general's office for the years 1901 1902 and 1903, covering Colby's term of office as adjutant general. No extended examination was made of the books, and General Culver's examination was very brief. He was excused after his examination until today. He returned to Lincoln last evening, and will return to Omaha at noon today. General Culver said, in refer ence to the matter under investigation:

"I know but very little about it. Just what the scope of the inquiry will be have no idea. I think that it is simply a question of accounting and property disposition under the rules governing the Nebraska National Guard. It has no reference to the adjutant general's office under my administration. I am inclined to think that there is a personal grievance back of the whole affair, and I regret that it has got into the federal courts. Mr. Smith is I observe, a high-priced expert accountant, as shown by some of the bills he has or file in the adjutant general's office for services rendered, wherein he asks \$7 per day My examination before the grand jury was very brief, and I was excused because of pressing business requiring my return to Lincoln. I will have to go before the jury again, probably tomorrow."

Storekeeper S. D. Davis was called before the grand jury, after General Culver had been excused, and his examination took up nessee Breeders' association, April 21 the rest of the evening prior to adjournment to this morning.

#### Some Details in Case.

The legislature of 1901 appropriated \$75,000 for building the portion of the penitentiary destroyed by fire and to pay the cost of replacing the 700 blankets sent there after the fire from the office of the adjutant general. The records in the office of the auditor show that a voucher was presented to the auditor by General Colby for \$2,280 to pay for the blankets August 1. August 9 the auditor issued the warrant, No. B 58,906. and on September 24 Colby gave a receipt for it. Later the warrant was cashed after \$181.80 interest had accrued.

Governor Mickey allowed General Colby to remain in office for some time in order to give him an opportunity to settle up his affairs with the state and make his report. But the report covering this transaction cannot be found in the governor's office and there has been no final settlement between the two. General Colby had not paid money for the rent of armories as he should, but since his retirement from office he has settled this in full, so it was said in the general office. For many months both Governor Mickey and General Culver have worked unsuccessfully to get Colby to file his final report.

No examination has been made of General Colby's books by the present adjutant or his assistants, because the adjutant said. he had been too busy. Governor Mickey had asked that this be one of the first duties of General Culver. For many years, R is claimed, the office of the adjutant general has been badly muddled so far as the bookkeeping is concerned, and it may be that Governor Mickey will start an investigation back further than that now in progress by the federal grand jury.

# Subpoennes Are Issued.

A number of subpoenaes were issued yes terday evening for witnesses in the Alma and Fairbury and Wilsonville postoffice cases and a deputy marshal was sent out

last night to serve them. There are indications that Alma, Orleans, Arapahoe and Oxford cases have fallen flat and that it will take an attenuated point to secure an indictment in either of these ses. Several of the witnesses have been held here for two or three weeks and have not yet appeared before the grand jury. They are imperiously ordered, however, to remain here and report from day to day and three or four of them are chafing under

their enforced restraint. There seems to be a determined effort to bring Congressman Hinshaw of the Fourth district into the Fairbury postoffice matter, in order to effect an estrangement between him and Senator Dietrich.

Senator Dietrich has not yet appeared to enter a plea to his indictment in the Hastngs matter and it is not probable that he will do so until the postoffice cases now under investigation are completed. He was still in the city last evening awaiting the action of the grand jury.

Come to our office and I will make a thorough and scientific EXAMINATION of your aliments, an examination that will disclose your true physical condition, without a knowledge of which you are groping in the dark. If you have taken treatment elsewhere without success I will show you why it failed. I want all alling men to feel that they can come to my office freely for examination and explanation of their condition without being bound by any obligation to take treatment unless they so desire. Every man, whether taking treatment or contemplating same, should take advantage of this opportunity to learn his true condition, as I will advise him how to best regain his health and strength, and preserve the powers of manhood unto ripe old age.

# Avoid Dangerous or Uncertain Treatment

DON'T WAIT until your whole system is polluted with disease, or until your nervous system is tottering under the strain, and you become a physical and mental wreck, unfit for work, study, business or marriage. With special diseases and weaknesses you can make no compromise. You must conquer them now by the right treatment, or they will fill your whole life with failure, misery and woe. Uncertain, improper or half-way treatment can only do harm. The worst cases I have treated were those that had been improperly treated before coming to me some having been maimed for life by bungling surgical procedure. I cure by restoring and preserving important organs. I do not advocate their mudication or destruction in an effort to make a quick cure. Every afflicted man owes it to himself, his family, and to the future generation to get cured SAFELY and thoroughly.

WEAKNESS the strain, and you become a physical and mental wreck, unfit for work, study, business or marriage. With special diseases and weaknesses you can make no compromise. You must conquer them now by the right treatment, or they will fill your whole life with failure, misery and woe. Uncertain, improper or half-way treatment can only do harm. The worst cases I have treated were those that had been improperly treated before coming to me. some having been malmed for life by bungling surgical procedure. I cure by restoring and preserving important organs, I do not advocate their mutilation or destruction in an effort to make a quick cure. Every afflicted man owes it to himself, his family, and to the future generation to get cured SAFELY and theroughly.

That carry nourishment to weakened strength and viger. WE MAKE NO MISLEADING STATEMENTE or decaptive propositions to the afflicted, neither do we promise to cure them IN A FEW DAYS in order to secure their patronage, but guarantee a COMPLETE, SAFE AND LASTING CURE in the QUICKEST POSSIBLE TIME, without leaving injurious after effects in the system, and at the lowest cost possible for HONEST SKILLFUL and SUCCESSSFUL TREATMENT. We cure:

STRICTURE, VARICOCELE, NERVOUS DEBILITY, IMPOTENCY, BLOOD POISON (SYPHILIS), SORES, RECTAL, KIDNEY AND URINARY DISEASES.

and all diseases and weaknesses due to svil habits, excesses, or the results of specific diseases. Write if you cannot call. Consultation free.
