Simply Breathe It

A Few Minutes Use of Hyomel Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomel. Simply put twenty drops of Hyomel in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomel in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balm that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomel will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomel. A complete outfit costs \$1.00, and if after using you can say that it has not helped you, Sherman & McConnell Drug Co., Sixteenth and Dodge streets, Omaha, will return your money. What other treatment for catarrh is sold under a guarantee like this?

HAND SAPOLIO DOES, by a method of its own, what other soap can not do. If you want a velvet skin, don't PUT ON preparations, but TAKE OFF the dead skin, and let the new perfect cuticle furnish its own beauty.

National League Makes Season Too Long to Permit Them.

ADDS EIGHT GAMES TO YEAR'S WORK

Committee Will Endeavor to Arrange Schedule So that Postponed Games Will Not Be Played on Schedule Time.

NEW YORK, Dec. 9.—The National League of Professional Baseball Clubs, at its second day's session at the Hotel Victoria today, decided to lengthen the base ball season. This will not allow the teams of the two major leagues who win the pennants to play for the championship of the world. The board decided that each club shall play 154 games with each other club, instead of 140 games, as was called for in last season's schedule. Thus the committee will so try to arrange the schedule that each club will have enough off days so that postponed games will not be played on the same day with scheduled games.

The following board of directors was elected:

A. H. Soden of Boston, James A. Hart of Chicago, John T. Brush of New York and Barney Dreyfus of Pittsburgh.

Barney Dreyfus of Pittsburgh, James A. Hart of Chicago and Charles H. Ebbetts of Brooklyn were chosen as the schedule committee.

The other committees named are:

Rules Committee—James A. Hart of Chicago, Max C. Fleischmann of Cincinnati, Edward Hanlon of Brooklyn.

Committee on Constitution—August Herrmann of Cincinnati, John T. Brush of New York and James Fetter of Philadelphia.

The season will open about April 15 and continue until October 15.

The uniform contract that was approved by the national commission was adopted by the league, and President Pulliam was instructed to vote at a meeting of the national commission for a rule to declare ineligible any player who jumps a contract with any league a party to the national agreement. The league adopted a rule that clubs of the league must waive claim to the services of a player before he could be signed by a club for another club of another league.

The rumor of consolidation with the American league was denied tonight with a vehemence that seemed to settle the question for this year at least.

"Garry" Herrmann declared that he had never given the matter a thought and added: "It seems to me that the country is large enough to support two major leagues."

Harry Von Der Horst declared that there was absolutely nothing in the consolidation talk, and the other owners said that it was

COLSON WILL GET SALARY

Does Not Get Pay Technically, but the Cash Will Go to Him.

CAMBRIDGE, Mass., Dec. 9.—A discussion having arisen on the question whether F. L. Colson of Cornell, who is to coach the Harvard varsity crew next year, is to receive remuneration for his services, Prof. H. S. White, chairman of the Harvard athletic committee, published a letter today in the Harvard Bulletin. Prof. White says that while Colson is not technically to receive any pay for his services as coach, the committee considers it suitable to make good to him any loss of income incurred by the temporary surrender of his work at Cornell, as well as any extra expense involved in the trip.

In an editorial the Bulletin declares the appointment is really the employment of a professional. "All that the Bulletin has to say," it announces, "is that in its judgment it is a step in the wrong direction. It believes that strictly amateur coaching should be the kind used."

At the Sellick & Marble alleys last night the St. Charles team took three straight games from the Armours, which brings the two into a tie for first place. The St. Charles' total was within one pin of the highest rolled this season. The team is striking the ball predicted by the wise ones and from now on they will be hard to pass.

FUNERAL OF DEAD MINERS AT TRINIDAD

Expected that Services Will Attract Large Number of Strikers to City and Demonstration Will Be Made.

TRINIDAD, Colo., Dec. 9.—While a number of deputies and guards were driving from Berwind to Tobacco at 1 o'clock this afternoon they were fired upon by several men hid behind rocks and brush. The deputies and clerks jumped from the wagon and returned the fire. The shooting continued at intervals for thirty minutes, though no one was injured.

Sheriff Clark and posse were preparing to leave for the scene on a special train when word was received that reinforcements of the guards had arrived from Tobacco, half a mile away, and the ambush party fled. No arrests were made. The trouble is said to have originated this morning when a miner came into the mine office at Berwind and became very abusive. He was kicked out by a deputy and it is thought that he stirred up his friends to start the difficulty.

The double funeral of Velano and Band, the miners killed by guards in the battle at Segundo, Monday night, will be held in Trinidad from the Catholic church tomorrow afternoon under the auspices of the miners' union. This being the first blood shed since the strike began, great preparations are being made for a demonstration. Over 1,000 union miners are expected to march in the funeral parade. The relations between the miners and guards at Segundo are still strained and trouble is expected there at any time.

One More Homeceekers' Excursion.

Oklahoma is southern in point of geographical position, but people are western in their aggressiveness and untiring energy; they are eastern in their educational facilities and lines of thought; they are northern in their methods of farming. The territory possesses the happy medium in its kindly climate and the ability to bring forth the products that are native to the north, east, south and west of the United States. Cotton, the staple of the south, is a leading product. Tobacco is raised with as much success as in Kentucky and Tennessee. Wheat and corn, the grain of the north and western states, are raised more extensively than any other commodity. The wheat crop of Oklahoma for 1932 aggregated 80,000,000 bushels. The corn crop for the same year exceeded 65,000,000 bushels. Potatoes, fruits and all manner of grasses, vegetables and other grains yield prolifically.

The raising of live stock is one of the most profitable pursuits. The pastures are rich in verdant grasses and wholesome water, while the mild, dry winters make it possible to turn the cattle into the growing wheat fields. Horses, mules, Angora goats, sheep and hogs are raised as cheaply as in any other state in the union.

There is much walnut and oak, hickory, pine, and the lumber production runs into millions of feet annually.

The taxable valuation of the territorial books show more than \$55,000,000 taxable and \$75,000,000 of real wealth. There are now about 167,000 children attending the public schools of Oklahoma and the population is 96 per cent of American birth and 97 per cent are under the age of 50. More than 80 per cent of the population owns its own homes and 90 per cent of the settled farms are now endowed with quick assets above the value of the land in the shape of live stock, farming implements, forage stocks and dairy supplies.

TRouble by Sunday Opening.

FREMONT, Neb., Dec. 9.—(Special.)—The retail grocers of this city are considerably agitated over the Sunday closing question. Several places on Main street are open for business Sundays. The proprietors assert that they have many calls from restaurants and some regular customers who come in to church in the morning and buy their week's supply of groceries before going home. No particular complaint is made of one merchant who is a Seventh Day Adventist and closes on Saturday, but is open for business on Sunday. Unless all but the Adventist are persuaded to close their doors Sunday prosecutions may follow, though no one seems anxious to make a complaint.

FREMONT, Neb., Dec. 9.—(Special.)—The divorce case of Mrs. M. The defendant failed to show up and his attorney announcing that he would do nothing more in the case, left the court room. Mrs. Hoffman was given a decree on account of cruelty and the custody of their two children. The parties live at North Bend.

Another Quotation Contest

Ending Sunday, Dec. 13

During the week beginning Monday, December 7th, and ending Sunday, December 13th, The Bee will publish each day, well known quotations—twenty-five in all—which will be printed from day to day at the top of its Want Ad Page; the names of the authors will not be printed. Prizes as given below will be awarded to the winners of the Quotation Contest, on the following conditions:

At the top of a sheet of paper, write your name and address. Then write out the quotation, as it appears in the paper and give the author, or source of the quotation. Then look through the Want Ads and cut out any advertisements appearing in these columns on that day, from which words may be taken to make up the quotation; paste them underneath the quotation in regular order and underline the words constituting the words of the quotation. Do the same with the second quotation, and so on, until you have completed the twenty-five quotations, the last of which will appear in The Bee of Sunday, December 13th.

Each correct quotation made up from words appearing in Want Ads, in the way described above, will be counted as two, and each correct name of the author as one, on the score of the contestants.

The person having the highest score will receive the first prize, the one having the next highest score the second prize, and so on.

In case of a "tie," the person sending in the answer first, as shown by the postmark on the envelope, will be given preference.

All answers must be sent by mail.

HERE IS RELIEF FOR YOU.

The Shakespeare, Fremont, Ariz., May 22, 1903.
I had been suffering with inflammation of the womb for more than four years. I wished a hundred times to die rather than endure the pain. I spent my money on medicines only to find that it was time and money wasted. When I noticed the testimonials of Wine of Cardui I decided that I would try it, little dreaming what a blessing it would prove.

Little by little the pains disappeared, so slowly and gradually that I hardly noticed the improvement at first. But within seven weeks I was able to go out as usual, could eat heartily and sleep soundly. But I kept up the treatment three weeks longer and then I was entirely cured. I have been in good health now for several months thanks to your preparation.

WINE of CARDUI

That Wine of Cardui brought Mrs. Smith relief and permanent health when she was in such a terrible condition shows it is the right cure even in the worst cases of female trouble.

Even when the doctors give up hope there is always some relief in Wine of Cardui. And this relief has come to women who wished for death as Mrs. Smith did—to women who did not have any tolerance for Wine of Cardui and took it in order to satisfy their friends—to women who had gone through operations one after another for severe chronic troubles.
