Specific Complaint with Six Counts Filed Against Salt Lake Serator.

SIGNED BY EIGHTEEN MEN OF UTAH

Accuses Senstor of Favoring Polygamy and of Being Member of Church Not Loyal to Nation.

WASHINGTON, Dec. 12 - The senate committee on privileges and elections met today to outline a policy to be purgued in investigation of the protests filed against Senator Reed Smoot being permitted to retain his seat and decided that before taking further steps in the matter Senator Smoot should be given opportunity to make reply to the charges. Senator Burrows, chairman of the committee, was instructed to notify Mr. Smoot of the decision of the committee and to request that whatever reply he may desire

to make shall be in writing.

In addition to the innumerable petitions filed with the committee for the expulsion of Mr. Smoot two protests from citizens of Utah were presented and briefly considered by the committee. These protests charge Mr. Smoot with being a polygamist. They also charge that the Mormon church, of which Smoot is an apostle, holds its own laws to be superior to those of the state, and they contend that the church still stands for polygamy. Neither Senator Smoot nor his opponents were represented at the meeting and for that reason members of the committee avoided taking any action which would in any manner show the sentiment of individuals.

The specific charge that Mr. Smoot is a polygamist is made by John T. Leilich. The other charges are signed by eighteen itizens of Utah, of whom fourteen are republicans and four democrats. A statement has been filed with the committee giving the occupations and other facts concerning the signers. This statement shows WALTER WELLMAN HAS PLAN them to be men of standing. Their charges

Senator Will Make Showing.

During the meeting it was stated on behalf of Senator Smoot that he had employed counsel and that John G. Carlisle would conduct the prosecution. There was considerable informal discussion of the case, in the course of which Senator Hoar spoke of the charge that the Mormon church had undertaken to dictate the course of political affairs, and said that if this was true this was a very serious matter. He urged careful inquiry on that point. The consensus of opinion was that if the investigation was entered upon it should be thorough.

After the committee adjourned Senator cial.)-Frank Busche, sr., passed away Burroughs notified Senator Smoot in writing of the committee's action and forwarded to him a copy of the charges. The Utah senator, discussing the matter, said he would be glad to prepare a statement in denial of the charges affecting his character as soon as practicable and added that if necessary he would bring witnesses to substantiate his assertions.

To Lovers of Scottish Music.

Miss Flora F. Donaldson, the Gaelic and Scottish prima donna soprano, whose conquests in the realm of song are noted all over the civilized world, has just arrived in states, according to his own story. He America on a tour around the world, and will give a concert in Kountze Memorial church, Monday evening, December 21. Accompanying Miss Donaldson is Gavin Spence, the prince of delineators of Scottish character. The two make a combination acknowledged by critics to be the strongest and most fascinating in its particular line of artistic work.

The artists have given their entertainnents in the principal cities and towns of Europe and America, and everywhere have they met with the most flattering success. Their names are a household word in Britain. They have entertained royalty; have sung and danced before the nobility in

almost every county of the realm. If the palm for supremacy in the art of song writing rests with the Scotch, as has been so often declared, no better opportunity could possibly be open to music lovers of the west than hearing Flora F. Donaldson in her superb soprano renderings of the classic liits and deathless lyrics.
