

Rheumatism

Cured by a New Remedy.

50,000 BOXES FREE

While an invalid from Rheumatism, when nothing in the world would relieve me, I succeeded in combining five harmless ingredients into a compound which completely cured me. I then tried this remedy on my friends and neighbors suffering from rheumatism also on hospital patients with such wonderful results that even prominent physicians had to admit that my remedy was a positive success.

Since then the remedy has cured hundreds of dejected persons who could neither dress nor feed themselves, among them persons of 70 and 80 years of age, who had suffered for more than 40 years. So positive am I what this remedy will do, that I have set aside 50,000 boxes for free distribution so that other unfortunate sufferers may profit by my good luck. It is a wonderful remedy and there is no doubt that it will cure all cases given up by doctors and hospitals.

Remember that I ask you for no money, simply send your name and address for free trial box, and should you want more you can have it at a small cost. It is not intended to be a big fortune out of my discovery, but what I want is to relieve misery and torture. Address John A. Smith, 206 Germania Building, Milwaukee, Wis. Send NO money NOR stamps.

NO CASE TRIED THIS TERM

Indictments Returned Will Await, as Petit Jury is Discharged.

BOND OF ELLIOTT LOWE IS FIXED

Amount is One Thousand Dollars, but Sureties Are to Be Named—Colby Before the Grand Jury.

By the discharge yesterday for the remainder of this term of all the federal petit jurors not engaged in the trial of the case of Jackson against the Chicago, Milwaukee & St. Paul Railway, it becomes evident that none of the cases created by the indictments brought by the present grand jury will come to trial at this session of court, unless, of course, a special panel is drawn, which, under the circumstances, is regarded as extremely improbable.

Former Adjutant General L. W. Colby was escorted into the grand jury room at 2 yesterday afternoon by District Attorney Summers, immediately upon the return of the jury after noon. Mr. Colby declined to be interviewed until after he had appeared before the grand jury and gave no assurance of talking then.

Lowe's Bond Fixed.
Elliott Lowe of Alma, indicted by the grand jury for conspiracy in the postoffice cases against Senator Dietrich, appeared before Judge Munger at noon yesterday to give his bond. He was accompanied by his attorney, Mr. Thompson. Mr. Thompson offered to go on his bond, which was fixed at \$1,000, but, as under the rules of the federal court attorneys cannot become sureties for their clients, Mr. Lowe was released on his own recognizance temporarily until he could furnish bond from his home at Alma. Mr. Lowe and Mr. Thompson left yesterday afternoon for their homes.

Edward Rosewater was before the grand jury nearly two hours and a half yesterday. His testimony bore upon the land-lease matters on the Indian reservation. The matter has hitherto been published in The Bee in detail, and the injunction of secrecy imposed upon grand jury witnesses is observed.

PRISONERS MAKE VAIN PLEA

Two Men of Leisure Go to Jail for Stealing from Burlington Freight Car.

"I spilled de box open judge," said Paddy Sullivan, alias John White, who with his pal, Marion Elmore, was arraigned in police court on the charge of stealing four boxes of rubber overshoes from the B. & M. freight depot Thursday night.

"I see to myself, says I, here's a chance to get a warmer for de feet, so I booby onto three pairs. We goes down to tent street and me pal wants us to get more fur de goods, so I puts 'em up. I only took three pairs. See."

Henry Lake, night watchman, testified that Sullivan had a box of rubbers on his shoulder and would have made away with them but for his timely interference.

Elmore pleaded for leniency, saying that he was led astray by Sullivan.

"We had just finished shootin' the can, judge, an' we was walking home, when we saw de foot warmer. I wants to pass 'em up, but Sullivan says 'no,' an' so I stands by while he frisks a box of 'tree pairs. I didn't take any an' never touched a box."

Mr. Lake, however, insisted Elmore not only touched a box, but hoisted it onto his shoulders and was sneaking away with it when he confronted him with a gun and made him drop his plunder back on the platform.

Elmore was given twenty-five days in the county jail and Sullivan drew that many and five more. Both men protested against the severity of the penalty.

DO NOT WEAR A LONG FACE

It is a Great Handicap in All Business and Social Relations.

The man who looks as if he had lost his last friend is in no danger of being crushed by the jam of new ones unless he "cheers up." People are not going out of their way to associate with the man of mournful and melancholy appearance. They are afraid he will tell them his troubles and they fear clear of him as they all have plenty of their own.

The most universal cause of the forlorn and hopeless appearance today is dyspepsia. It unfits a man for every duty of life and causes him to become despondent and gloomy and necessarily his looks do not belie his feelings. He appears cast down and dejected and becomes a burden to himself and humanity in general.

Stuart's Dyspepsia Tablets are the dyspeptic's certain relief. They do the work that his stomach is unable to do and by relieving that organ of its burdens, permit it to regain its health and strength and again become active and useful in its functions. They contain all the natural ingredients that enter into the digestive fluids and secretions of the stomach and they actually take up the work and do it just as a healthy, sound stomach would. By this means a man can go right ahead with his work and eat enough to keep him in proper working condition. His system is not deprived of its necessary nourishment as it is in the case of the "starvation cure" or the employment of some of the first-class chicken food now on the market. Starvation, even if it were a good thing, could not be continued long enough to effect a cure; for a disordered and worn out stomach is not going to become strong and healthy in two or three days.

Stuart's Dyspepsia Tablets are naturally because they contain in natural digestive. The principal component parts are aseptic pepsin, malt diastase and other ingredients with like properties that do the work regardless of the condition of the stomach. There is no unnatural or violent disturbance of the digestive organs as the results of their action. In fact, the existence of the stomach is entirely forgotten as soon as they have had time to begin their operations. They also possess very curative and healing properties and assist the stomach in getting well, while relieving it of its work. They perform the duties of both nurse and physician.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box and there is very little danger of any druggist trying to sell you something else in its place that is "just as good." They are so well established and have done so much good in the world that their name has become a household word, and the usual warning, "Accept no substitute," is unnecessary in the case of Stuart's Dyspepsia Tablets.

COLD WAVE COMES ON TIME

North Wind Blows Mercury Down to the Frigid Region.

NO MODERATION PROMISED AT PRESENT

Coldest Spot on the Map is Winnipeg, Where Twenty-Four Degrees Below Zero is What is Registered.

The north wind brought down enough frigidly yesterday to amply fulfill the prophecy of Forecaster Walsh made to the effect that Omaha would have a cold snap. Mr. Walsh now states that there will be a further shrinkage in mercury before tomorrow morning, and that if the thermometer does not register below zero he will miss his guess.

The thermometer has been doing business on a falling scale steadily since 12 Friday night, when it registered 23 above. At 5 a. m. it had slid down to 21 above, and from there it broke loose and is still falling. The last report from the seat of observation in the federal building at 1 o'clock only showed 6 more degrees to lose until the cipher is touched. It is the opinion of the forecaster that a steady decline has set in which will not stop before this morning, and he has no settled information on which he can base an opinion that it will stop then, but he says it may. In the morning hours it is supposed that the zero mark will be touched, with good prospects of its being colder even than that.

VINSONHALER ACTS ON MOTION

Requires Bingham to Name Election Officers Absent and Drunk, but Not Other Irregularities.

The motion to make more specific, filed by the attorneys for Frank A. Broadwell in the election contest instituted against him by W. W. Bingham to have courts determine which of these were legally elected to the office of clerk of the district court, was ruled upon by Judge Vinsonhaler yesterday.

Some time ago Bingham filed a complaint, alleging that in certain precincts in South Omaha, certain unlawful and irregular things had occurred during the counting of the vote at the fall election. Among other things he stated that one of the boards was composed of two democratic officials and one republican, when, under the law, the proportion should have been in favor of the republicans. Through his attorney Broadwell asked that the plaintiff be compelled to name the precinct in which this occurred, and also the names of the officials. The court ruled against this, claiming that it was a matter of record and could easily be ascertained by consulting the records.

In his complaint Bingham also alleged that in certain South Omaha precincts the judges of election absented themselves from the voting place; that in another the clerk was drunk. The attorneys for Broadwell asked the court to require the complainant to name the offending officials. The prayer of the defendant was granted in this particular, and the attorney for Bingham announced that they would be able to file an amendment in five days, in which the names of the officials who absented themselves from the polls and the clerk who was drunk would be set forth.

SPECIAL DISEASES OF MEN

NERVO-VITAL WEAKNESS

Above all other things I strive to save the thousands of young and middle-aged men who are plunging toward the grave, tortured by the woes of nervous debility, the result of youthful habits, excesses, etc. I have evolved a special treatment for Nervous Debility and special weakness that is uniformly successful in cases where success was before by other doctors deemed impossible. It does not stimulate temporarily, but restores permanently. It allays the irritation of the delicate tissues surrounding the brain and fully expanded seminal glands, contracting them to their normal condition, which stops night emissions, dries up day drains and prevents prematureness. It tones up and strengthens the blood vessels, carries nourishment to weakened and wasted parts, restoring them to full power, size and vigor.

The Longest Established.
The Most Skillful and Successful Specialists in Diseases of Men.

AVOID DANGEROUS OR UNCERTAIN TREATMENT

Uncertain, improper or half-way treatment can only do harm. The worst cases I have treated were those that had been improperly treated before coming to me, some having been maintained for life by bungling surgeons, and I cure by restoring and preserving important organs. I do not advocate their mutilation or destruction in an effort to make a quick cure. Every afflicted man owes it to himself, his family and to the future generation to get cured SAFELY and thoroughly.

WE MAKE NO MISLEADING STATEMENTS or deceptive propositions to the afflicted, neither do we promise to cure them in a FEW DAYS in order to secure their patronage, but guarantee a COMPLETE, SAFE AND LASTING CURE in the QUICKEST POSSIBLE TIME, without leaving injurious after-effects in the system, and at the lowest cost possible for HONEST, SKILLFUL and SUCCESSFUL TREATMENT. We cure

Stricture, Varicocele, Night Emissions and Day Drains, Impotency, Nervous Debility, Blood Poison (Syphilis), Sores, Rectal, Kidney and Urinary Diseases and all diseases and weaknesses due to evil habits, excesses or the results of specific diseases. Write if you cannot call. Office Hours—3 a. m. to 3 p. m. Sundays—10 to 1 only. Consultation free.

"SMITTY IS ALL RIGHT."

Exclaimed President Roosevelt, enthusiastically.

During his last visit to Cincinnati the President had requested Major Smith, the organizer and leader of the celebrated First Regiment band, to play Garry Owen, and as the famous band rendered Gen. Custer's favorite battle piece in true military style, President Roosevelt said, "That's just what Major Smith is all right," and that is just what Major Smith says of Dr. Burkhardt's Vegetable Compound. They keep the stomach in good condition, digest food perfectly, cure Constipation, the Blood, Heart, Liver and Kidneys. A thirty days' treatment can be had from any drug store for 50c.
