AFFAIRS AT SOUTH OMAIIA

Local Union Men Watch with Interest Coopers' Proceedings in Chicago.

DETERMINE TO TAKE NO HASTY ACTION

lusiness Agent Stephens Says if No Agreement is Reached All Amaigamated Will Be Called

Members of labor unions in South Omaha are keeping in close touch with conditions prevailing in Chicago. The packing house opers in Chicago have demanded a uniorm scale of \$3 a day and the reduction in the number of apprentices who take the

place of men in the lighter portions of the

Packing Trades council said to a reporter for The Bee last night that the South Omaha labor element was taking a conservative view of the situation and hoped that no hasty action would be taken Continuing Mr. Stephens said that in case the packers in Chicago refused to come to an agreement with the coopers all of the amalgamated associations would be called out at all of the packing centers in the country. He, however, did not think that this action would be taken as there was but such a slight difference in the scale now, given and the price asked by the coopers. Even as it is the union men meet every evening at the headquarters here to get the latest news from President Donnelly in Chicago. Bouth Omaha packers employ only about ninety coopers, but the bride's father, George Clift. coopers' union is in the amalgamated assodation, hence the interest in the outcom

all along the line. Aside from the disturbance in Chicago there is nothing to ruffle the serenity of the situation here. Mr. Stephens said that the men employed in the packing houses here were well satisfied at present and that they had no grievance against their em-

May Pave Twenty-Fifth Street. Since the council has taken action in the matter of paving south Twenty-fourth tition the suggestion has been made that Twenty-fifth street from L street north to the city limits be paved under the same provisions. As the Twenty-fourth street pavement is almost unfit to travel on those who use vehicles are advocating the paving of either Twenty-third or Twenty-fifth street. Several members of the council have been asked their opinion on this matter and they assert that more than likely one or the other of these streets will be payed next year unless the Twentyfourth street property owners go to work and provide means for the laying of a substantial pavement.

Welcome Thirtieth Infantry. Preparations are being made by South Omaha citizens, those of Bellevue and Crook City to welcome to Fort Crook the Thirtieth United States infantry which will garrison Fort Crook. This regiment has arrived at the Presidio and is expected here

before January 1. It is the intention to have a celebration at the post and at Crook City when the soldiers from the Philippines arrive. Captain Shaw of the Thirtieth infantry is already at the post and the understanding is that the company of the Sixth infantry now garrisoning the post will have charge of the welcome to be extended the incoming regiment.

Road Cancels Contract. the contract had been cancelled. It is expected, however, that a new contract will be entered into as soon as the weather changes, so that grading can be done to adventage. When this grading begun it duction. was the intention to lay a double track and some sidetracks between Albright and

Annual Charley Ball. It has been decided by the South Omaha Hospital association to hold the annual charity ball on January 18. This event is one of the social affairs of the season and will, of course, be the same this year. The proceeds of the ball go into the hospital treasury. On January 5, the members of the association will meet and elect officers for the year and the annual reports read. After the election of officers in January I is the purpose of the members of the asso ciation to again make a move to secure funds enough to build a hospital here. So pital are unable to play their way that the institution is usually a little behind in its finances. What is wanted is a source of income which can be depended upon. The suggestion has been made that the workingmen in the packing houses pay a certain sum per week into the fund. Labor leaders seem to think that the end could be reached by the hospital acquiring a building of its own and then permit the unions to agr to support a certain number of beds.

Who knows about the streets and avenues of the town in which they live. The Bee is going to give some handsome prizes to the people

who know most about our Omaha streets and avenues. Beginning Monday, December 14, and ending Sunday, December 20, at the head of the Want Ad pages will be printed five questions each day, the answer to which will be found on the Want Ad pages and will be the name of one of the streets of Omaha. The name of the street will not necessarily be in the address at the bottom of the want ad. It may be in the body of

the advertisement. An Example: Give the name of a street named after the "Little Giant," Lincoln's antagonist.

This, of course, was Stephen A. Douglas. Look through the Want Ad pages until you find the name of Douglas street, and cut out the advertisement, as directed below. The conditions of the contest are as follows:
