## NO BIG WORK FOR NEXT YEAR

Harriman Says His Company Will Best on Laurels Awhile.

VISITS SHOPS AND MEETS MACHINISTS

Work He and Shopmen Say Relations Are Pleasant and No Farther Trouble is Apprebended.

E. H. Harriman says there will be no extensive improvements made on his lines during 1964 similar to those made during 1988. For the present the building of the Sierra Nevada tunnel has been given up, but President Harriman says that it is the intention to build it at a later day. In reply to a question as to what would be done during next summer in the way of short-ening the lines and the building of extensive works Mr. Harriman said:

Don't you think we have done enough for the present? I believe we have, and 1 guess we will let the matter rest for one year at least, and perhaps for a longer

Mr. Harriman is accompanied by David Wilcox, vice president and general counsel of the Deinware & Hudson company, and Frederick Kernochan, assistant to District Attorney Jerome of New York. The party reached Omaha yesterday morning and left at night in the special train for Kan-sus City. From Kansas City they will go to New York, stopping enroute for a brief period at St. Louis and Chicago. The stop was made here on the return from the west to give Mr. Harriman an opportunity to aspect the Union Pacific shops. He said that he had mever seen the new shops, and as he was very much interested in them, having heard so much about them, he thought it a good opportunity to pay them a visit and see for himself the conditions

Conferm with Machinists.

Mr. Harriman received a committee of Union Pacific machinists and visited the shops with a view of investigating conditions. To some extent piecework still exists at the shops and it is the ultimate plan of the workmen at least that it be done away with Mr. Harriman gave no positive answer to the machinists as to that would be done. He met them in his private car yesterday at the Union sta-tion, having wired them from the west of his coming and desire to meet them. Those conferred with Mr. Harriman were Samuel Grace, husiness agent for the ma-chinists; A. S. Mildred and G. W. Smith. The men preferred not to dircuss their meeting with Mr. Harriman, bet said that it was very harmonious and agreeable and that, while it had no final effect upon general conditions, it tended to confirm them in the belief that everything would ultimately adjust themselves satisfactorily. "We may say that conditions are not bad as they are new," added one of the gentle

At Peace with Shopmen.

When asked in regard to the situation between the Union Pacific and the shopmen Mr. Harriman replied that it was his un-derstanding that that matter was settled entiefactorily to all concerned some time ago and that so far as he is concerned the policy will hereafter be for the Union Paeific and its employes to pull together, which he considered would be to the best interests of all concerped Mr. Harriman and said be probably would meet the officials of the national organization of machinists in about two weeks for the purpose of talking over matters in which both his system

RELEASED BECAUSE DRUNK

Prisoner Sets Out of Burglary Charge by Proving He Was In-

"I object," thundered Assistant County Attorney Magney. "Your honor, I submit Atterney Magney. "Your honor, I submit that this is not proper cross-examination." "But," interposed Henton Maxwell, who was on trial on the charge of entering the honos of J. P. Baroda, 201 Ershine street, last Sunday right, "I am merely trying to show that I was so drunk, your honor, that where there are four doors immediately connected I may don't doors immediately connected I may defer.

"I am no lawyer," continued the defend-ant, who was conducting his own defense, "and perhaps I may von'ate the rules, but I mean to be fair, and when I say I was drunk that night I mean it also, and I think my friend here, Mr. Baroda, will

"Proceed," said the judge, "you're doing fine." And Mr. Maxwell, who had made the grave mistake of entering a house other than his own, going up stairs when he should have gone down, went on to show that he had resided for six years in the same house; that his friend, Mr. Baroda, was a barber, that they were good friends up to last Sunday night, that he had got Mr. Baroda to rent the upper rooms of the flat simply because he liked him, and Mr. Baroda, who had filed complaint against seighbor, substantiated each fact as

Hostetter's Stomach

as much for you, too, if you'll only give it a trial. It will surely cure

Is Your Stomach on a Strike? When we consider the cruel abuse the average American gives his stomach, we cease to wonder why that faithful and industrious organ goes on a strike. Performing the hardest labor, taking care of partially chewed and indigestible food, working overtime-no eight hour day by any means the stomach is taxed to its utmost, and sooner or later there is always trouble. The relation between it and the other vital organs of the human anatomy is extremely intimate, and unless the strike is called off a sympathetic movement on the part of the blood, the heart, the liver, etc., is sure to result. You get run down, become thin and emsciated, have no appetite, suffer distress after eating. and are in just the condition to contract almost any serious disease. No need to despair. An ever effective remedy is within your reach. Not one which steals the stomach's job and inflicts permanent injury and suffering. No; Stuart's Dyspepsia Tablets are a worthy substitute. They step right in, in

> Remember, however, that an ounce of prevention is worth a pound of cure, and get into the habit of taking a Stuart's Dyspepsia Tablet after each meal.

the time of need, perform the stomach's work by

the identical agencies it employs and give the

digestive organs a holiday for rest and recu-

Stuart's Dyspepsia Tablets are not a secret nostrum, a panseea for all ailments. They are a mixture of sense, science and the counterparts of the digestive fluids of the stomach. They do

not offend Nature, but, on the contrary, follow in her footsteps

If you are incredulous place an egg cut into small pieces in a tumbler, fill with hot water, put in one Stuart's Dyspepsia Tablet, maintain a temperature of 98 degrees (blood heat) for three hours, and the egg will be as completely digested as it would have been in a healthy stomach. What it will do in tumbler, it will certainly do in a stomach.

Very few people are free from some form of indigestion, but scarcely two will have the same symptoms. Some will suffer with distress after eating, bloating from gas in the stomach and bowels, others from acid dyspepsia or heartburn, others palpitation or headaches, sleeplessness, pains in chest and under shoulder-blades, extreme pervousness, as in nervous dyspepsia, but they all have the same cause, i. e., failure to digest what is eaten.

Stuart's Dyspepsia Tablets give the stomach absolute rest and assistance, and immediately do away with these disagreeable symptoms. At the same time the Tablets are absolutely harmless; a child can take them with benefit. As an instance of the marvelous cures effected by Stuart's Dyspepsia Tablets observe the following:

Mrs. Sarah A Skeel, Lynnville, Jasper Co., Mo. says: "After using only one package of Stuart's Dyspepsia Tablets I received such great and unexpected benefit that I wish to express my sincere gratitude. In fact it has been six menths since I took the package, and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was Chronic Dyspepsia and absolutely incurable, as I had suffered twenty-five years. I distributed half a dozen packages among my friends here, who are very anxious to try this remedy."

A Wisconsin man says: "I suffered the pangs of dyspepsia for ten years. I tried every known remedy with indifferent results until I was told of the remarkable cures of Stuart's Dyspepsia Tablets. I bought a box, began taking them and forgot I had a stomach. Three boxes cured me completely. I have had no trouble whatever for a year and have an appetite like a harvest hand and can eat anything that is set before me without fear of bed results." A Wisconsin man says: "I suffered the pangs

Rev. J. R. Hoag of Wymore, Neb., writes:
"For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble, and came to believe there was a sympathetic relation between the two diseases, or, rather, that the stomach trouble was the cause of the heart disturbances. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes, which lasted me three months, and I can eat any kind of food I want, and have a good. vigorous appetite. Although I am 77 years old, I now feel perfectly well, and without being re-quested by any one I make this statement as a compliment to the virtue of Stuart's Dyspepsia

Stuart's Dyspepsia Tablets are for sale by all druggists at 50c a box, full size packages.

Lincoln, Tuesday, December 29.

IMPORTANT BUSINESS TO BE TRANSACTED

Invites State Officers and Congressmen to Discuss Plans of Holding Conventions and Con. ducting Campaign.

Notices have been issued by Chairman indsay of the republican state committee at the headquarters at Lincoln on Tuesday evening, December 29. Invitations also have en cont to the republican state officers ference with them will be of advantage in arranging he preliminaries for next year's ommittee try Byron Clark of Plattemouth, Victor Besewater of Omaha, Thomas Chilvers of Pierce, Hugh McCarger of Crete, E. G. Titus of Holdrege, Charles A. Robinson of Kearney, each representing the congressional district in which he resides in the order named, while the officers of the committee, besides Chairman Lindsay, are: A. B. Alien of Tecumseh, secretary, and A. H. Hennings of Omaha, treasurer. It is expected that at this meeting the date will be determined for a meeting of the full state committee, at which the definite arrangements for the conventions for next year will be made.

To Call in Officials. "A number of very important questions will have to be selved by our committee, declared Victor Resewater, the executive conference the senators, congressmen and state officers, who are all directly interpaign. Chairman Lindsey and the other members of the committee realize that they are acting only in a representative cupacity for the republicans of the state, and we are all anxious to do only that which will conduce toward party success. ombines most effectively with cream lace. have a state convention not later than down at the front, so giving the ticket and the congressional nominations oping line to the figure, is deep after the should be made at the same time is a intest model and of the same soft silk as question to be decided. HAPPY RESULTS OBTAINED.

By the Use of the New Scalp Antiacptic.

It wouldn't take long to number the halrs in the heads of some people, the reason being they haven't many to number. In most instances, however, the fault is havoc with the most luxuriant growth and causes it to fade and fail out. A remedy for this has recently been dis-covered, called Newbro's Herptoide, that acts by destroying the germ that does the damage, besides removing all impurities from the scale. In addition it permits new life and vigor to enter the scalp, and talk with Chairman Lindsay a few days happy results are sure to be obtained from happy its use. Try it.
