QUEER MATRIMONIAL STORY

Silver City Man Weds Wife of Another with Consent of Her Husband.

HIS OWN WIFE ALSO WITNESSES FUNCTION

Man with Two Wives, Woman with Two Rusbands and Husband Who Is Out a Wife Are Now in County Jail.

A marriage license was issued last Saturday morning by F. L. Reed, clerk of the district court, to J. M. Faith, aged 41, and May Weish, aged 20, both giving their restdence as Silver City, Ia. The marriage record bears the signature of James Welsh as witness. Justice Ouren officiated at the wedding, the ceremony being performed in is office. There was nothing at the time the parties applied for the marriage license or while the marriage ceremony was being performed to arouse the suspicions of the clerk of the justice that there was anything wrong.

The groom, however, it has since developed, was already a married man, and his wife, strange as it may seem, was one of the witnesses at the marriage ceresony. The bride also was not in position to take unto herself another husband, seeing that she was already provided with one in the shape of James Welsh, the man who had attached his signature as witness to the marriage record at the time the license was issued. Welsh, like Mrs. Faith, was present when Justice Ouren performed the marriage ceremony. Informations chargng Faith and Mrs. Weish with committing bigamy and Welsh with alding and abet ting them to do so were filed yesterday in the court of Justice Ouren.

County Attorney a Doubter.

The case is probably one of the strangest ever brought to the attention of the authorities of this county. When a woman claiming to be a relative of Mrs. Faith called on County Attorney Killpack Tuesday evening and told the story, it seemed so utterly improbable that Mr. Killpack could hardly believe it. The woman, who failed to give her name, insisted she was telling the truth, however improbable it might seem and Mr. Killpack decided to investigate. Yesterday morning Mrs. Patth appeared at the county attorney's office and corroborated the story as told him by her friend the evening previous. The marriage records also confirmed it and further in vestigation showed that the case was a on' talk among the people of Silver City.

J. M. Faith and his wife and three children, aged 17, 18 and 7 respectively and James Welsh and his wife occupied to gether a house on a small farm about one mile west of Silver City, just over the Mills county line. According to the story for a correspondent at Washington must told the county authorities by Mrs. Faith, her husband became enamored of Mrs. his wife that he could not live without the younger woman and also told the hushand of the young woman the same story. Weish, who is only 19 years of age, it ap-150 pears became tired of married life and rights in Mrs. Weish to Faith. The young woman was also willing, Mrs. Paith being, she stated, the only one who objected to the peculiar arrangement. Her objections she said, proved of no avail and they forced her not only to attend the wedding but to keep her tongue silent. She says her husband and Welsh threatened her that if she made any complaint, they would

send her to the penttentlary.

Pecultar Legal Advice. It is said that Faith and Mrs. Welsh be fore deciding to get married secured the advice of an attorney in Glenwood, whose name has been given to the county author ities. They say that the attorney advised them that a divorce would be unnecessary if all parties consented to the marriage. They say that acting on this advice they came to Council Bluffs, secured the marriage license and were wed.

Mrs. Faith accompanied the others back to Bilver City after the wedding ceremony but not caring to see her place in the household usurped by another left the house and went to Omaha where she is at present living with the friend who first told the story of the strange marriage to the county attorney.

Faith, Welsh and Mrs. Welsh were arrested and placed in the county jail here last evening. Welsh is a nephew of Mrs. Faith.

Since last July O'Grady and his wife have been living rent free and recaiving peddler's pack has a further significance 80 a month and other perquisites without having anything else to do than take care of the house. It has been suggested that river and is said to have confided to friends O'Grady be appointed health officer and attached to the city marshal's force and thus be retained in the service of the city so that when needed he could be called upon to eare for such patients as might

be sent to the hospital. City Physician Houghton, to whom the matter of making a new contract with O'Grady was referred by the Board of Health, is opposed to leaving the hospital without some one to care for the property and who would be available in case of emergency to care for patients. While there has not been a case of smallpox in the city since last July Dr. Houghton rea ises that one might turn up at any me ment, as there is considerable smallpo throughout the state, there being over thirty cases at Clinton alone.

The subject of reformation of the penal statutes and system of Iowa was uppermost at the conference of superintendents. Judge G. S. Robinson of the state board, read a valuable paper on punishment and reformation. And in this noble work he should have the loyal support of those who believe that our state should lead in everything that tends to the uplifting of our unfortunate fellow beings, and the bettering of their condition so far as it is within our means, our ability and our powers."

Superintendent Fitzgerald of the Mitchellville school read a paper on the influence of music and Belle Anderson, matron of the same school, read a paper on "Educa-tion as a Reformatory." Colonel C.
