HURRY TO FAR EAST

Russian Boats, Now at Tunis, with Others Will Proceed There Soon.

PREDICT TROUBLE FOR UNITED STATES

Senator Nelson Says Russia Interferes with Trade of This Country.

NEW TREATY WITH CHINA IS RATIFIED

Believed This Will Have Bearing on Settlement of Question.

TROOPS GO STEADILY TO PORT ARTHUR

Russian Officials Inclined to Discount Rumors of War and Say that Present Conditions May Continue.

BIZERTA, Tunis, Dec. 18.—The Russian naval forces now anchored here, comprising a battleship, three armored cruisers and several torpedo boats, commanded by Admiral Wirum, will be reinforced in a few days by six torpedo boats and will proceed hence to the far east.

Situation More Unfavorable.

TOKIO, Dec. 18.—The situation here today is more unfavorable than yesterday. The letter of Mrs. Anita Newcomb McGee, president of the Association of Spanish-American War Nurses, offering to the government of Japan, through the Japanese minister at Washington the services of trained nurses in the event of war with Russia, has produced an excellent impression and is warmly appreciated as a mark of the traditional American friendship for Japan.

Ratifies Chinese Treaty.

WASHINGTON, Dec. 18.—The senate in executive session today ratified the treaty "for the extension of the commercial relations" between the United States and China and then removed the injunction of secrecy. No opposition was manifested by any senator to the treaty, although Mr. Nelson, rep. (Maine), made a long speech in which he criticized the convention as making insufficient provision for the trade of the United States. He said it indicated that the hand of Russia had been shown against this country, making it impossible for the United States to receive the concessions needed in the open ports. He said that the ports of Mukden and Antung, which are opened under the treaty provisions, are in fact inland ports, accessible only to vessels of light draft. He blamed Russia for this condition of affairs and warned the senate that we may have trouble with that country over the Manchurian question, which he said had been responsible for the inability of the United States plenipotentiaries to obtain the opening of other important ports under more favorable conditions.

The attitude taken by Mr. Nelson was upheld in speeches by a number of other senators, although it was argued at the same time that this treaty is an entering wedge to our trade and that it was the best China was able to do under Russian duress.

May Have Bearing on Question.

Mr. Lodge of Massachusetts urged the importance of having the treaty ratified at once, and said the state department considered immediate action as essential. He declared that the ratification probably would have a bearing on the settlement of the far eastern question. Senators Morgan, Cullom, Spooner and a number agreed with Mr. Lodge.

It was stated by some of the speakers that if Russia had objection to the treaty it had not been apparent, and on the contrary it was said that it had openly expressed its approval of it. There was no division on the motion to ratify.

Troops Go to Port Arthur.

ST. PETERSBURG, Dec. 18.—A traveler who has just returned from Manchuria says Russian troops are still moving night and day toward Port Arthur.

The opinion here is that the Russo-Japanese negotiations will proceed. It is pointed out that there is no reason why Japan, if not satisfied with Russia's reply, should break off the negotiations. It is pointed out in no sense an ultimatum, leaving the way open for counter-proposals. It is suggested as an expedient, in case no agreement can be reached, that an arrangement might be made to maintain the present status for a number of years.

Insurance Rates Advance.

LONDON, Dec. 18.—A special dispatch from St. Petersburg says: Optimistic anticipations of a Pacific solution of the Russo-Japanese crisis are still entertained in the leading official circles in spite of some disquietude on the part of the public and alarmist press reports.

Risks at Lyons Road about 5 per cent today, 20 advance per cent being quoted to the end of January and 25 to the end of February. Ordinary insurance on a cargo to and from Japan rose about 5 per cent, with a fair amount of business.

Japanese Bonds Declined on the Stock Exchange from three-quarters to one point, but rallied and closed unchanged.

Russians Active in Corea.

SEOUL, Dec. 18.—The attitude of the Russians here indicates a possible determination to prevent Japan from gaining a foothold in Corea. The Russian insist that Russia must reach the sea to insure protection in the future, and argue that Japan in possession of Corea would be a constant menace.

The emperor still studiously avoids an answer to the questions of United States Minister Allen in regard to Wiju. The latter is now pressing the matter and has asked for another audience. The Russians are inclined to resent American activity concerning Wiju and say that the Americans are playing the Japanese game. The Russians do not object to Americans coming to trade with Manchuria, but they assert that the opening of Mukden and Antung admitted Japanese, whose presence is constantly irritating, and that it might lead to a repetition of this if Yonaguchi and Wiju are opened. They say that Americans now enjoy a large trade with Manchuria, which, except in the matter of flour, will largely increase in the future, and insist that the present attitude of America only injures a friend and customer and favors a manufacturing rival.

Japan Would Buy Ships.

NEW YORK, Dec. 18.—It is understood here, says a Herald dispatch from Buenos Ayres, Argentina, that the reported offer by an English firm to purchase the Argentine war vessels built in Italy was made on behalf of the Japanese government. No decision has been reached by the Argentine government.

HONDURAS REVOLUTION NEXT

It is Scheduled for Early January, with an Ex-President at Its Head.

MOBILE, Dec. 18.—Advises received here by steamer indicate that another revolution is imminent in Honduras and that it is expected to take place soon after the first of the year. It is expected to be fostered by ex-President Sierra, through a special agent, with the purpose of ousting President Bonilla.

On his retirement from the executive chair of Honduras Sierra named Senator Arias for president and he was given the position. Then Bonilla organized a revolution and overthrew Arias, who is now an exile and in prison at Tegucigalpa. It is said the people are dissatisfied with the conduct of the government, especially in the conduct of the Honduras railway. This was built by English capitalists. Since its construction not a cent of interest or principal has been paid to bondholders and it is asserted that the English government will take cognizance of the matter and enforce the payment.

PLANS OF WAGE EARNERS

Those of Australia Will Be for Compulsory Arbitration and Other Reforms.

MELBOURNE, Victoria, Dec. 18.—The largely increased labor representation in the commonwealth parliament is expected to give a great impetus to the demands for white labor in Australia, for the restriction of alien immigration and for generally preserving Australia for the Australians. The efforts of the labor party representatives undoubtedly will be bent toward securing recognition of unions, a limitation of the hours of labor, compulsory arbitration and discrimination against foreign vessels in the coast trade.

The ultimate labor program will include the nationalization of government control of many of the financial and commercial functions now left to private enterprise. Speaking generally, the labor party is strongly protectionist. Its attitude in regard to preferential trade will be to heighten the wall against the foreigner without lowering it in favor of Great Britain.

FRENCH FARMERS PROTEST

Do Not Like Idea of Admitting American Salt Meat Under Low Tariff.

PARIS, Dec. 18.—The agricultural group of the Chamber of Deputies met today and protested against the proposed law allowing minimum tariff rates on American salt meats and appointed a committee to wait on the minister of agriculture.

The Chamber of Deputies today adopted by 22 to 28 votes a resolution in favor of the proposition of M. Mirreyer, secretary of the union of the producers of all decorations. Premier Combes opposed the urgency motion, and the result, therefore, was a slight ministerial reverse. The vote on the main question was deferred.

CAPITULATES WITHOUT FIGHT

Puerto Plata, in Northern San Domingo, Lets Revolutionists Have All.

NEW YORK, Dec. 18.—This city has surrendered to the revolutionists without fighting, says a Herald dispatch from Puerto Plata, San Domingo.

The government forces, after a severe battle, have been forced to abandon San Domingo de los Caballeros. They were short of ammunition.

General Caeceres, who announced that he would support the provisional president, Morales, has fled and covered up his tracks. This is reckoned as establishing the supremacy of ex-President Jimines in the northern part of the island.

LONDON, Dec. 18.—Among the experts who have consented to serve on Joseph Chamberlain's commission are Henry Birchenhead, a member of the council of the Statistical society, director of the Imperial Continental Gas association and a silk manufacturer, who was sent to South Africa as a commissioner of the Board of Trade to inquire into the political condition and prospects of British trade in that country; A. BERLIN, Dec. 18.—The report published by the Journal Paris that Princess Charlotte, sister of Emperor William, is suffering from cancer and that the verdict of the physicians has created consternation in the German court is officially denied as "nonsense." The princess is not even ill.

Emperor William shot two stags and three wild boars at Goehris today. The foresters beat up the game past stags, when the emperor and his guests stood concealed behind pines and fire stork in the ground. The sport lasted two hours.

MANILA, Dec. 18.—The United States transport Kingsley is ashore at Maricabua, north Mindanao, with a rock through its bottom.

A small British steamer, the Kingsley, sailed from Manila October 20 for the Philippine province. It may have been chartered as a transport by the authorities at Manila. Otherwise there is no record of a United States transport named the Kingsley.

PARIS, Dec. 18.—The Journal here from Berlin that the Princess Charlotte of Saxe-Meininingen, a sister of Emperor William, who has been ill for some time, is suffering from cancer and that the verdict of the physicians creates consternation in the German court and had a deep effect upon the recovery of the emperor.

POPE RECEIVES TREASURE

Nine Million Dollars Given by Leo XIII to Cardinal Gottl Restored.

OTHER MONEY FOUND AT SAME TIME

Workman Removing Hangings from Walls Finds Hoop in Wall Containing More Than One Million Dollars.

ROME, Dec. 18.—According to the Tribune, the Vatican had sudden wealth poured into its coffers today. For some time certain sums which were known to be possessed by Pope Leo were looked for without result, the search toward the end becoming somewhat feverish. Cardinal Gottl, prefect of the propaganda, accompanied by Monsignore Marzolini, one of the late pope's secretaries, drove up to the Vatican today and getting out hurriedly began tugging at a heavy object in the carriage. Assistance was offered, but it was refused, and Cardinal Gottl and Monsignore Marzolini, between them, carried the mysterious object to the apartment of Pope Pius. They were immediately admitted and remained for two hours.

Intense curiosity was aroused by this act, as it was believed to have some relation to the missing wealth and the wild rumors were circulated. It soon became known, however, that the bag contained 4,000,000 francs, (\$60,000) in bank notes. When Cardinal Gottl entered the presence of the pope he sank to his knees and pointing to his burden, said:

"Your holiness, the lamented Leo, just before his death, confided to me the money which I now lay at your feet, saying that if I succeeded in finding it, you would think me a thief, but that if another took his place I was to turn the money over to you after the pope's death."

The pope was much affected. The Tribune goes on to relate that just about the time this scene was being enacted in the papal apartments an electrician, while covering the hangings in the late pope's chamber in order to get at the electric light wires, found in a hole in the wall several bags, which were carefully tied. These bags when opened were found to contain 2,500,000 francs (\$38,000).

Receives Negro Priest.

The Rev. J. E. Burke, rector of the negro church of St. Benedict the Moor, New York City, has received in private audience by the pope today. The pontiff evinced great interest in Father Burke's account of his mission and said:

"Carry our love and apostolic blessing to the colored people."

The pope complimented Monsignor Kennedy, rector of the American college, on the high standing of the American students.

Some Money Money is Bought in the United States Shipbuilding Receiver's Office.

NT. N. K. Dec. 18.—When the hearing in the United States shipbuilding receiver's office, was resumed today Mr. Untermyer continued his examination of Charles B. Alexander of the firm of Alexander & Green.

It is recognized by counsel that the hearing will extend well into next year. Mr. Untermyer saying that he has a number of witnesses yet to call in addition to Messrs. Schwab, Pam and Young before the defense begins to present its case.
