ELECTRIC POWER IN CAPITOL BUILDING

Ames College Stock Judging Team Anxious to Know Why the Spoor Trophy is Not Awarded-Candidates for Congress.

(From a Staff Correspondent.) DES MOINES, Dec. 18.—(Special.)—Mrs. May Groves, living on East Seventh street, near Wainut, came to her death in a hormanner teday. She was not feeling well this morning and her husband went to his work, leaving her in bed. He returned at noon for his dinner and found the door locked. She had evidently got up and locked the door. He crawled in a window and found her dead body lying on the kitchen floor still smoking. She had burned to death all alone. There was evidence she had been at work with the gasoline stove. She leaves also a daughter, who is with theatrical troupe, and who had planned to return this evening to spend Christmas with her parents in Des Moines. To all apsearances her death was from an accident and there was no suspicion of foul play. She had applied for divorce some time ago.

Start Electricity at Capitol. For months workmen have been engaged in fitting up the state capitol of Iowa with electric apparatus for the running of the elevators, the fans for the ventilators and for lighting. Two of the generators, with engines, are now in place, and it is announced that they will be started tomorrow and be run for some time for the purpose of testing all the machinery. It is expected that the new machinery for the state house, which replaces an old and worn-out system, will all be in full operation the first

Will Go to Oklahoma.

Ex-State Auditor Frank F. Merriam, who retired from office the first of the present ear, has been spending some time in California and Oregon, and it is learned he plans to engage in the newspaper business at Okiahoma City. Mr. Merriam was editor of a paper at Hopkinton when he was elected to office. He expects to join with W. C Weeks, formerly editor of a newspaper at Winterset, Ia., in the publication of a daily paper at Oklahoma City.

Candidate for Congress. Colonel E. S. Ormsby of Emmetsburg is announced as a candidate for the republican nomination for congress in the Tenth district and will make an effort to defeat Judge Conner of Denison. Colonel Ormsby is an old resident of the city and engaged in business many years. He was twice in the race for the repulbican nomination for governor and was strongly supported. It s expected there will be other candidates

for congress spring up soon in the district. Spoor Trophy is Wanted.

There is much speculation in Iowa as to the reason for not awarding the Spoor trophy at Chicago. The trophy was offered by the president of the stock yards company and one of the conditions was that if it should be won three times in uccession by a class it would remain with that class. The prize goes to the college class that does best in stock judging at the International show and for two years was won by the class from the college at Ames. No award has yet been made for this year, lows college sent as good a team as before and it is the belief that won and that efforts are being made to effect a juggling of figures so as to cheat

Disease. AUBURN, Neb., Dec. 18 - (Special.)-The disease known as anthrax, or mere popularly called "blacking," has began its ravages in this section of the country. About six weeks ago Clifford Young, who lives

in the vicinity of Stella, contracted the disease in some mysterious manner. Shortly afterward his sister, Miss Minnie Young. ecame infected. Dr. Montgomery was called and treated the cases, and Clifford, while far from well, is recovering but Miss Minnie, while considerably improved, is still suffering from abceases.

Here in this county the disease has broken out in several berds of cattle. It is ported that Fred Schele has lost several ad of cattle and that a fine steer and calf have died from its effects on Frans Moerer's place down on the Muddy. The disease is sporadic and results from germ which becomes malignant in a smperature of 93 degrees centigrade, about he temperature of the human body. It is

treated by vaccination. Tecumseh Schools Crowded. TECUMBER, Nob., Dec. 18.-(Special.)-The school board of Tecumsah district has decided to divide the memberahip of the grammer school and establish another

SHOWS BLAIR A LIVELY TIME Dick Daniels and Cash Phillips Load Up on Whisky and Cause All Kinds of Trouble.

> BLAIR, Neb., Dec. 19 .- (Special Telegram.)-This city experienced a reign of terror for about three hours tonight. Dick Daniels and Cash Phillips took the afternoon to fill up on whisky and about dark started out to do up the town. While in the Nate Deaver saloon they insisted on everyone treating them. Henry Seirt, a young farm hand, with a companion, asked for a glass of beer, and while drinking Daniels rushed up and struck Seirt, knocking him to the floor, where he jumped onto him and chewed almost all of his left life as the entire center part of the ear is the livery owners and the Drivers the stove in the Gutschow saloon, went to the depot, where they were ordered out by Agent A. Attnek. CHICAGO, Dec. 18. Sixteen hundred livery drivers, backed by every teamsters' union in Chicago, struck today. Nearly 400 livery stables are completely tied up. The decision to strike was reached last night after four weeks of negotiations for better wages and working conditions. The men have been receiving \$12 a week of seven days. The demand is for an increase of \$2 a week. More than a dozen meetings ear off. Young Seirt will be maimed for were held between committees representing gone.
