Enlarging Library Work. The Iowa Library commission has resolved upon broadening its scope and work so as to include the school libraries of the state. At the last meeting the state superintendent presented the fact that there are now upwards of 600,000 volumes in the school libraries of the state, a majority of them having been placed there in the last three or four years under a new law which makes it possible to establish these libraries from the funds of the district. was found that there is no system in the rtion of books and that there is great need of some definite instruction to the rural teachers as to how to make use of these libraries. Want an Indian Agent. Residents of Tama county are preparing to make a vigorous protest against the scheme broached in the annual report of Mr. Jones, United States Indian commis r, to have abolished the agency for the Indians in Iowa. Mr. Jones proposes that the duties of the agent be performed by the superintendent of the school at Tolede. The people of Tama county believe that this would cause friction and make certain a repetition of the troubles experienced some years ago with these Indians when they refused to send their children to school. The superintendent of the school is regarded as an enemy by the Indians and they get along very well with an agent. The Sucs and Foxes are resolufely determined that they shall not allow their children to become civilized and Iowa delegation will take a stand against removal of the agent.

Inquiry Into Cause of Death. The coroner's jury is making an investiation into the cause of the death of Mrs. Charles Graves, who was found dead in her home yesterday. There is some little ments made by the husband as to when he returned home and the surroundbegs of the case, and that there had been rouble in the family. It was discovered hat Mrs. Graves had once applied for divorce from her husband on account of cruelty and that the petition was withdrawn on account of his agreement to conduct himself better; but that two weeks ago she again filed a petition for divorce which she made grave accusations she stated that he had threatened to "hire ! a man for \$2 and a drink of whisky" to ill her. This was looked upon as a sign indicating a motive for a possible murder but as yet nothing further has been de veloped that would connect the husband with the death in any way.

In Not a Candidate.

Denial comes from Dubuque of the story that Colonel D. B. Henderson is likely to again become a candidate for congress in the Third district. The story is regarded as having no foundation whatever. Colonel Henderson, who is in Dubuque, states that there cannot be any occasion for the story, as he is not a candidate and will not be a candidate, and he is not interested at all the disposal of the judgeship in the northern district. It is anticipated, however, that the judgeship matter will be considered by the members of congress at homes at holiday time. The possibil ity of an outside candidate coming into the race is regarded as yet remote.

This will probably dispose of the whole matter, as at best the eastern Iowa jobbers had little reason to expect action.

A few nights ago eight hogs were taken from the same place and sold at Columbus. The man who sold them gave his name as Hooper, but he was found at Richland, this county, where he was known by the name of Wilson, and was staying with James Bailey, who had charge of a butcher shop for C. F. Bottker. Wilson was arrested, and, in company with Deputy Sheriff Van Housen, Commissioner Egertop and Mr. Koudele, was started toward Schuyler to the jail. While passing the cemetery a mile west of this city and just dusk Wilson leaped from among his captors to the ground, cleared a barbed wire fence at a bound and struck into the fields at a marvelous pace. He was twenty yards away before the officer could get his gun into play, and clear of all danger, unhurt and still running by the time three or four shots were fired at him. He has not been seen or heard of since his escape. James Balley, with whom Wilson was glaying at Richland, was arrested and is now in jail for supposed complicity in the hide and hog stealing.
