TO PUT CHECK ON LAWYERS!

Court May Be Asked to Force Attorneys to Leave Files in Place.

ABUSE SUGGESTS NEED OF REMEDY

Lawyers Engaged with Divorce Cases the Ones at Whom Complaints Are Directed at Court House.

The multiplicity of divorce cases filed in the district court and the frequency with which the attorneys come to the court house and file the petition by simply holding I in their hands, leaving the endorsem of the parties exposed just long enough for the clerk to catch the names and then take the petition back to their offices to repose in secrecy until the day of the trial, has caused some severe criticism of local attorneys and an effort will be made to stop the practice,

An attache of the district clerk's office asserts that members of the bar are con-tinually asking for files of the office and that it was customary with many of them to return to their offices with their petitions, simply causing a record of their filing to be made and then taking the papers in the case back se that they would not subject them to general inspec In this connection attention is directed to the rules of the court, which read:

"No person, except the Judges or officers of the court, shall take from the court house or out of the office or possession of the clerk any records, papers or files of the court or pertaining to causes therein.

Want to Protect Ollents. The attorneys who have divorce cases on hand have something to say in the matter and contend that the domestic affairs of their clients should not be held up before

It is now maintained that in order to keep the court records in the court it is secessary to reduce to a minimum the withdrawals of papers from the district clerk's fice. In order to do this an order of the cout may be sought making it manda-tory, where a lawyer has a valid reason for securing possession of the files, that the attorney shall appear before the court and state the reason, and then let the court determine whether the files may be re-

A New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby."

The costumes are bright, the music is light and catchy, the songs are good and the dialogue witty and humorous, and that "The Sleepy King" has taken a high rank among musical comedies. Walter Jones and Ed Redway are two of the fundians on the stage and Cather ine Linyard is good looking and has a splendid voice. And these are among the ensons why the piece has been a success.

Little Folks Kept Well.

It is a hard thing to keep the little folks during the holidays from eating too much ndy and cake. Over-eating causes a great deal of sickness. Keep a box of Cascarets in the house, give one every night, and keep them well. The little folks like to take Cascarets because they can ent them just like candy, 10 cents's box at any drug store.
