TO RAISE ELEVATOR FUNDS

A. B. Jaquith Goes to Minneapolis in Interest of Omaha Enterprise.

WANT TO LOCATE ON UNION PACIFIC

Idea is to Get on Line Whose Terminus is Here and Not Chicago, Affording Local Advantages.

A. B. Jaquith, formerly with the Omaha Elevator company, has gone to Minneapolis in the interest of another elevator com pany recently organized in this city.

A local grain man said: "Mr. Jaquith's trip to Minneapolis is for the purpose of securing capital with which to finance a company to carry on an extensive grain business, with headquarters in this city. large cleaning elevator on the right-of-way one of the lines running through this point, but in order to secure business, the way the grain trade is conducted at present, it is necessary to have a large number of elevators located throughout the state, to serve as feeders for the main elevator, which will be operated here, and it is to secure the capital to build. lease and operate these feeders that Mr. Jaquith has gone north.

To Locate on Union Pacific.

"It is the intention of the new company to try and secure the location of the recelving elevators along the line of the Union Pacific if possible. As the Peavey company has a large number of elevators on that system, it is believed some difficulty will be experienced by the new concorn in securing locations for its buildings along that line, as it will have the Peavey concern as a competitor at all points where It wishes to operate.

"The reason it is desired to locate on the Union Pacific is that in case of low through rates the company will not be handlcapped by being located on a line which runs directly through to Chicago, The Union Pacific having its terminus at this point, all grain which originates on that line in Nebraska must necessarily come to Omaha, and there would be no danger of the large elevator, which it is the intention to build here, being left without business in case a low through rate was made similar to the one announced by the Northwestern yesterday."

VAN DEVANTER WILL BEHERE A Sandwich

TRIAL TO BEGIN MONDAY MORNIN

Ill Witnesses, Including Those from Washington, Are Summoned to Appear Saturday-No. Capins for Richards.

United States Circuit Judge Willis Van Devanter of the Eighth circuit, with Judge Munger, will preside at the trials of United States Senator Charles H. Dietrich, which are set for Monday, January 4. Judge Munger has received a letter from Judge Van Devanter stating that he would be present to assist in the hearings before the United States circuit court, set for the special continued term now on. The witnesses in the Dietrich cases all

have been summoned to appear Saturday, including those from Washington. The present is a busy week in the United States district court. Preparations are being made for the trial of many of the criminal indictments found at the recent session of the federal grand jury. These include the several alleged violations of the United States postal laws and a score

or more of the bootlegging cases. Possibly the most important-cases to come before the United States district court will be that of General L. W. Colby, charged with embezziement of funds while adjutant general of Nebraska, and that of Alfred Olson, the alleged embezzling stamp clerk of the Omaha postoffice.

No Capins for Richards.

Nothing new has recently developed in the land fencing cases for which indictments were brought, neither has a capias been issued for Bartlett Richards. It now looks as if an effort will be made to have these cases tried in the circuit court, before Judge Van Devanter, if the Deitrich cases can be finished in time.
