

CITY COUNCIL PROCEEDINGS

Mayor Moore Again Presents McGough's Name as Electrician.

APPOINTMENT IS UNANIMOUSLY REJECTED

Another Chapter in the Fire Engine Serial is Referred to the Committee on Fire, Water and Police.

Mayor Moore for the second time submitted the name of Eugene F. McGough as city electrician Tuesday night, and the council for the second time rejected the appointment by a unanimous vote. The mayor said in his communication that he felt McGough competent to fill the place despite the council committee's report that he did not have the experience demanded by the charter. His honor remarked that he thought McGough was being shelved in favor of a man who would be more acceptable to the electric light company.

Another contribution was added to the fire engine literature by this communication from the mayor, which was referred to the committee on fire, water and police.

In the St. Paul Pioneer Press of Saturday, December 13, 1933, sent me by the chief of the fire department of St. Paul, Minn., and the following article under the heading, "Fire Engine Bids: Makers Will Have Chance to Remedy Defects."

A meeting of the board of fire commissioners and representatives of the W. E. Notch company of Minneapolis was held last night for the purpose of discussing engine No. 4, purchased by the board last summer. The board decided to give the company an opportunity to fix it. The engine is the only one of its kind in the department, and the manufacturers are anxious to make it give satisfaction.

This engine was made by the W. E. Notch company of Minneapolis. The company that your honorable body seems determined shall furnish an engine to the city of Omaha, as an experiment, they never having built an engine of the size wanted. This seems to be a second time when the city has been misled by the engine company. The engine breaks down and becomes a failure. In all due respect to your honorable body, I cannot but call your attention to the mistakes that you are making in forcing the engine upon the city and without first considering your action in referring to the board of fire commissioners, the advisory board with the American Fire Engine company of Cincinnati for an extra large engine with Fox boiler.

To Maintain City's Credit.

The council adopted unanimously the following resolution, which was introduced by Councilman Huntington:

That the city treasurer be and he is hereby authorized to forward to Koutsky Bros., bankers, New York City, each week every month sufficient funds to meet the obligations of the city of Omaha, maturing monthly, and have all special maturing bonds returned or held uncollected, as may be deemed for the best interest of the city; and, in the event that funds are insufficient in any special fund which obligations have been incurred, and a balance exists in any other special fund or funds, that such balance be levied in bonds of such district or districts in which the taxes have not been collected as provided in the charter, and upon receipt of proceeds of bonds so levied, the treasurer be and he is authorized to pay out of the proceeds of said bonds, and to make this their make this. Mrs. Egbert was Miss Lillian Snell.

Mr. and Mrs. Frederick Smith have gone to St. Paul, Minn., to remain until next week.

Miss Carrie Boutelle has returned from a visit with friends in Galesburg, Ill.

Mrs. F. H. Gaines, accompanied by her small son and mother, has gone to Tulsa, Okla., for the rest of the winter.

Mrs. W. D. Givens of Seneca, Neb., is the guest of Mr. and Mrs. Ed Smith.

Mr. and Mrs. F. H. Hase of Lincoln are spending the holidays as guests of Mr. George E. Ford.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. It never fails and is pleasant and safe to take.

At the request of Councilman Back the street marker ordinance was allowed to lay over another week under the rules. Back referred to it merely by number in his motion.

Bids for cleaning and renewing the council chamber were received as follows: Henry Schonen, \$780; Sam Newman, \$1,100; Henry Lehman & Sons, \$1,040; Stephens & Moore, \$1,040; Hart & Barker, \$1,040. They were referred to the buildings and property committee.

Pursuant to recommendations from the committee on street improvements the council ordered the petitions in the Leavitt street deal placed on file, without action.

A. O. U. W. DEDICATES TEMPLE

Decorative Marriage and Otherwise Celebrates Its Prosperous and Thrifty Condition.

The members of the Ancient Order of United Workmen of this city are justly proud of their temple, which was dedicated last evening free of all debt and on a paying basis. The dedication services were held at the temple, 110-112 North Fourteenth street, and consisted of congratulatory addresses by local and visiting officers and the burning of the mortgage by Dr. H. A. Wexley, who destroyed all evidence of debt amid much applause.

Plans for purchasing the temple were formulated during July, 1930, and took more tangible form a few months afterward, when the Ancient Order of United Workmen Building association was incorporated with an indebtedness of \$2,000 and an additional \$2,000 for improvements since. This has all been paid off during the three years. An interesting musical program was interpolated during the speeches and the dedicatory exercises.

Have you ever tried Scott's Emulsion for a thin, weak child, one backward in growth and slow in development? Those who have know the pleasure of seeing their delicate child grow strong and become well-developed under the gentle but effective influence of Scott's Emulsion. For the weak growth of the bones, Scott's Emulsion supplies those powerful tonics, the hypophosphites. For the lack of proper healthy flesh Scott's Emulsion provides the nourishing cod liver oil in an easily digested and palatable form. Any child that needs more and better nourishment—effective nourishment—will get it in Scott's Emulsion. There is no other remedy or food that combines so much that is necessary in maintaining good health and right growth in children.

AFFAIRS AT SOUTH OMAHA

Mayor Vetoes Resolution Looking to One Minute Car Service.

HOLDS IT IS AGAINST CITY'S INTERESTS

Expresses Opinion Service Would Have Tendency to Induce Men Who Work in City to Reside Elsewhere.

Mayor Koutsky has filed another veto with the clerk in relation to the passage of a resolution by the council regarding the street car traffic. Not long ago Councilman O'Connor secured the passage of a motion instructing the city attorney to draft an ordinance compelling the street railroad company to operate cars between the hours of 6 a. m. and 8 a. m. and between 5 p. m. and 7 p. m. at one minute intervals.

The mayor sends in his veto on this resolution or motion for the reason that such a movement is not for the best interests of the city to require any such ordinance. "It should be the policy," says the mayor in his veto, "of the people of this city to offer inducements to working people to come here and make their homes in this city, and not make it a point to extend facilities to enable them to live out of the city." Continuing the mayor writes: "There should be a concerted effort on the part of all city officials to extend and build up the city, and I do not think that this would be effected in any measure by the proposed ordinance."

When told about the veto that Mayor Koutsky had filed against his proposition for more rapid transit between Omaha and South Omaha Councilman O'Connor said that he did not care what was done with the resolution as he had merely introduced it by request.

Bergquist Asks Reconsideration.

A. L. Bergquist, secretary of the Fire and Police board, stated yesterday afternoon that he would ask Mayor Koutsky to reconsider his veto in connection with the installing of police patrol boxes. Mr. Bergquist asserted that he had checked over the records and found that even with the installation of the boxes asked for the board would have \$611 to its credit at the end of the fiscal year. That is providing the economy practiced during the first third of the year was carried out during the balance of the year. Mr. Bergquist declares that he will appear before the city council at a meeting to be held tonight and endeavor to present his figures, with a view to having the mayor reconsider his veto. In case the mayor declines the council will be asked to override the veto.

Woman's Relief Corps Election.

The Woman's Relief Corps of Phil Kearney post No. 2, Grand Army of the Republic, met recently and elected these officers: Ida A. Aughe, president; Mrs. Meinzer, senior vice president; Mrs. Rayworth, junior vice president; Mary E. Cross, treasurer; Anna Wyrick, chaplain; Mrs. Crawford, guard; Helen Ingersoll, secretary; Mrs. McIntyre, conductor; Mrs. Wyatt, assistant guard; Mary Eastman, assistant conductor; Dorothy Caffrey, Mary Rayworth, Mrs. Alexander and Mrs. Etter, color bearers. Mary E. Cross was chosen delegate to the state convention, with Helen Ingersoll as alternate. Installation of officers on January 14.

Sends Money East.

City Treasurer Howe sent \$7,807 to the state fiscal agency in New York City last night as payment on interest due on some of the bonded debt. Of the sum sent \$2,500 was for interest due on the issue of \$100,000 high school bonds. This interest is for six months. The balance of the sum is for city bonds. The treasurer said he needed the money as he did the said item. First, he said, he had to make this payment, as he had funds on hand.

New Wing Occupied.

The new wing at the exchange building is being occupied. Commission firms who some time ago engaged quarters in the new building were moving in yesterday. The new wing is practically completed and is built on the same style as the new exchange building. By the removal of a number of offices into the new quarters some of the other firms will be given an opportunity to branch out and secure more rooms. In the new part of the building there is plenty of light, the best of ventilation and an entirely new system of heating.

No Meeting Last Night.

A meeting and the police board was called for the meeting last night. The council chamber was lighted for the purpose. Two members responded to the call, and as there was no quorum an adjournment was taken for one week. At last night's meeting it was expected that the board would take some action on the appointment of a number of officers on the police department and possibly make some removals. Quite a number of candidates for positions were present when the meeting should have been called to order and were disappointed when the announcement was made that there would not be a meeting of the board for a week.

Winter Examinations.

About two dozen applicants for certificates in the South Omaha schools reported for the winter examination at the high school building yesterday. The examination in the morning was confined to arithmetic, theory and practice while in the afternoon was physiology, music and reading. Today the forenoon session will be devoted to grammar and composition. In the afternoon English composition, penmanship and orthography. Thursday the program will consist of questions in drawing, history, civics and physical geography. This year the examining board is composed of Josephine Carroll, Dr. W. L. Curtis and E. R. Leigh.

GARBAGE COMPANY SECURE

Monopoly Will Continue Unless Council Acts, Says City Engineer.

HE RECOMMENDS THREE INCINERATOR

Until These Can Be Built He Insists that All Refuse Be Thrown Into the River Dumps.

According to City Engineer Rosewater, the City Garbage company, which has had a monopoly on the collection and disposal of garbage for ten years, still will control the situation after the expiration of the contract December 31, unless the council repeals part of the Advisory board rules, which are incorporated in an ordinance passed last fall.

"The ordinance as it stands prohibits the existence of city dumps along the river bank at any point within the city limits," he says. "This stretch is absolutely under the domination of the City Garbage company. Unless the council amends the ordinance we cannot establish the proposed dumps at the foot of California street and Poppleton avenue, as they are without the city limits."

Recommend Incinerators.

"I am completing an exhaustive report on the garbage question and shall recommend the use of river dumps until arrangements can be made to build incinerators, or crematoriums, as they are sometimes called. I think there should be three, one in the north end of the city, another at the south end and another in the west center. The garbage from the business and adjacent districts still could be dumped in the river without requiring the long haul and consequent expense."

"A question to be decided is whether or not the city should build and own the incinerators or grant the privilege to a company in return for the collection of garbage and refuse at stipulated prices. In order for the city to operate the collection facilities an act of the legislature will be necessary."

OWNERS NOT TO ARBITRATE

Chicago Association of Liverymen Rejects Plan to Settle Strike.

CHICAGO, Dec. 30.—A positive refusal to arbitrate was the decision of the joint associations of liverymen tonight on the proposal submitted by the striking livery drivers. The strikers asked that the adjustment of the whole difficulty be placed in the hands of former members of the Chicago board of arbitration. The reason given by the livery owners for their refusal of the proposition of the men was that the selection of the arbitrators by the drivers gave the employers no voice in the matter. Many defections from the union were reported today. At headquarters of the liverymen's association it was claimed that fully sixty strikers had applied for their old jobs and had been put back to work.

The Chicago Typothetie today issued an ultimatum to the Franklin Pressmen's union that hereafter the scale of wages would be \$12 per week instead of \$11. The pressmen, if any who will not accept this reduction, will be declared vacant.

This is the climax of the strike of Franklin press feeders which has developed into such a bitter fight in this city.

GEORGETOWN, Colo., Dec. 30.—A jury in the Sun and Moon dynamiting cases from Idaho Springs was secured at 2 o'clock this afternoon, and the taking of testimony will begin tomorrow morning.

J. E. Chandler, former financial secretary of the Idaho Springs union, who was recently arrested in California for alleged complicity in the Sun and Moon outrage, will be tried with the other defendants.
