hospitals suffering from a broken leg. was

From the stage hands Coroner Traeger learned the cause of the mysterious explosion which occurred shortly after the fire was discovered. It was caused by the falling of the big fan scene, which contained eighty incandescent electric lights. This scer, was not in use at the time of the fire, but set in the rear of the stage. The opening of the double doors in the rear of the stage created a draft which caused the big fan scene to topple over and break the incandescent buibs. This produced a noise like an explosion. calcium tank on the stage at the time of the fire.

of the 180 drop scenes in the theater was hung in new, oily Manila rope. It is estimated that there were 75,000 lineal feet of the inflammable matter used in supporting the drop scenes and that it added fuel to the flames in the rigging loft.

Suicide Causes Another Beath. GRUNDY CENTER, Ia., Jan. 2.-As a result of the suicide of Miss Lizzie Lynch

WAR TALK STILL CONTINUES

St Petersburg Acknowledges Rejection of Proposals Made by Japan.

JAPANESE DIPLOMAT HAS LITTLE HOPE

Minister to London Says He Does Not See How Demands May Be Modifled to Suit Russian Gov-

ernment.

ST. PETERSBURG, Jan. 2 .- It appears to be true that Russia has decided not to accept Japan's precise proposals. But the Foreign office here today informed the Associated Press that Foreign Minister Lamsdorf and the Japanese minister, M. Kurrino, are still conferring with the view of arriving at an amicable settlement. Unofficially the situation is regarded as being most serious.

London Fenrs for War.

LONDON, Jan. 2.-The Japanese minister, Baron Hayashi, when shown the dispatch from St. Petersburg announcing that it appeared to be true that Russia had decided not to accept Japan's precise proposals, said he had not officially heard anything further about the negotiations, but he failed to see how the Japanese demands could be modified.

It is said that the czar and Foreign Minister Lamsdorff declared yesterday that so far nothing had happened necessitating an outbreak of war and that Russia would not declare war on Japan as things now stand

No word has yet been received here tending to show when the Russian re ply to Japan may be expected. Foreign Secretary Lansdowne has informed Baron Hayashi, the Japanese minister, that he fears that the war party in Russia is in the ascendant and that he has faint hopes of Japan receiving a favorable reply.

Baron Hayashi says he has received n news of the intended dispatch of a Japanese squadron to Masampho. The last news he heard was that a Russian cruiser was there. The minister pointed out that the dispatch of a squadron to Masampho would not necessarily be a warlike action, though it could scarcely help being regarded in the line of other precautions which Japan has openly taken.

The weekly papers here share in the general feeling of sharm current in Great Britain. The Spectator says war draws ever nearer and adds: "If we are dragged into this war, as we may be, the country will not be divided in sympathy, dislike of Russia being as strong among the masses of our population as it was in 1855."

May Force Fighting on Land.

The paper surmises that Russia may keep its ships in its harbors as it did during the Crimean war, thereby forcing land actions or a dangerous attempt by exclusive and stylish, in this saie, 98c a Japan to seize Port Arthur and Vladivos-

The Saturday review adopts a somewhat similar tone, saying that the likelihood of Chinese intervention menaces the commercial interest of all Europe and of the United States.

Information has been received in a diplomatic quarter unfriendly to Russia that M. Bezobragoff, who was recently raised by the czar to a secretaryship of state, is the power behind the pcenes of the Russo-Japanese negotiation. M. Bezobragoff, according to this source of information, who is now the prime favorite of the czar and leader of the war party, is president of the Yalu River Timber company, is largely interested in commercial enterprises in Corea and is the bosom friend of Vicercy Alexieff. Although the news is evidently partial, it receives some credit and adds to the alarmist feeling.

The Cunard line steamer Umbria, which sails from New York to Liverpool today, akes among its passengers Melton Prior the war artist and correspondent of the IIlustrated London News, who is on his way

to Japan. The other correspondents who have already started include H. J. Whigham and E. F. Knight, both of the Morning Post of

One effect of the far eastern situation has been the transfer of a good deal of shipning business from Japanese to neutra flags, principally the British. The amount

of cargo from Europe for the far east has fallen off greatly. Believe Peace Possible.

WASHINGTON, Jan. 2.-Acting Secretary Loomis has received in an unofficial way communications from representatives of the United States in various foreign capitals bearing on the Russo-Japanese situation. It is not deemed proper to publish these messages, but the statement is made that they are generally indicative of a belief that some arrangement will be reached between Russia and Japan which will averwar. It is expressly stated that these advices are not positive statements of fact, but represent the trend of sentiment in the

official circles of European capitals. Japan Sends for Engineers. GLASGOW, Jan. 2.-A large number of

Clyde marine engineers received cable orders from the Japanese government today to proceed immediately to Japan. These engineers were engaged by the Japanese government six months ago on the understanding that they would be called on if active service was probable. Full instructions were sent them in cipher. They will go to the far east by way of Canada

Thinks Russia Holds Ships. NEW YORK, Jan. 2.-Although a notice

of the inauguration of a new steamship line between Odessa and New York has been posted on the Maritime exchange, advices from St. Petersburg state that the beginning of the proposed Russian volunteer fleet service between Black Sea ports and New York via Italy has been indefinitely postponed. It is supposed the Russian government is holding the ships which are to be used owing to the situation in the far east. At present there is no regular line of Russian steamers running to this country and the Russian flag either over Nuts for breakfast and very soon found sall or steam is rarely seen in American

Berlin Hears Czar is Active. A dispatch from Berlin to the American, dated Saturday, says: Last night a thousand-word telegram

from Admiral Alexieff, vicercy of the far east, reached the caur at St. Petersburg. The caar immediately summoned his minis ters in council, General Kuropatkin being fetched from a theater. The czar presided at the council, which sat until the early hours of the morning. The report is current that the Japanese

squadron, of six cruisers under Admiral Kamarui, now at Sascho, will selze the port of Masampho, Corea, and that its departure has been fixed for January t In well informed circles, however, doubted that Japan would seize Masampho or any Corean port, except to forestall Russia in the event of the latter showing evidences of any intention to make such a step, or in the event of the negotiations between the two countries finally ending in failure.

Great activity prevails and the force of workmen has been increased at the Osaka arsenal. The holidays of the arsenal operatives have been curtailed in order hurry up the work in hand.

Will Move Out of Japan. TOKIO, Jan. 2.-Owing to the demand of

the government for a guarantee deposit upon its legal reserve funds, the Equitable announced its withdrawal from Japan.

Departments Complete Arrangements to Send Material to Panama if Necessary.

Under Consideration Which Will Require Expenditure of Half a Million Doliars for

Army Depot.

WASHINGTON, Jan. 2.-All the supply departments of the army have made arrangements for the transportation of troops and supplies from New York and San Francisco to the isthmus in case such a movement is determined upon. Plans also have been considered for the construction of large storehouses and temporary barracket on Panama territory and it is estimated that \$500,000 may be required for such construction.

Reyes is Held in Suspense.

General Reyes has not yet received the reply of the Washington government to his note in which he officially charges the United States with violating the treaty of 1846 in preventing Colombian troops landing on the isthmus for the purpose of putting down the rebellion.

Until, he knows the character of this reply and whether it precludes the expediency of further negotiations, General Reyes cannot fix the date for his departure for home. If the answer gives hope of any action by the United States in the direction of relief for Colombia however small, the negotiations probably will continue. If the note be final in its refusal to consider any of the proposals of General Reyes, it will, in the eyes of Colombia, assume the form of an ultimatum and General Reves and Dr. Herran will lose no time in leaving the country. Their departure will mark the suspension of diplomatic relations between the two countries.

Admiral Glass cables to the Navy de partment from Panama today as follows:

"All is quiet on the isthmus." Rumor of Fight Unconfirmed.

COLON, Jan. 2.-The reported sinking of the Colombian gunboat General Pinzon by an American warship is still unconfirmed and is discredited here.

Rear Admiral Coghlan on board, which left Colon yesterday morning, returned here late yesterday evening from Puerto Cabello, where the cruiser Atlanta is patrolling. The gunboats Bancroft and Castine were last reported off the San Blas coast. It is thought probable they may have gone to Cartagena to demand the release of the Indian chief, Inanaquina, who is reported

greatest importance were placed in the Vatican library. All the others have been distributed among the ecclesiastical colleges of Rome.

The announcement made by the World correspondent that the pope was about to introduce serious reforms in church music with the co-operation of the famous composer. Abbe Perost, became a fact this week, when he issued a long letter embodying the teachings of the church on the subject. The letter gives a complete history of the development of church music since the first century. It complains of the fact that for the mystical and devotional chant of the clergy was gradually substituted in many churches compositions which, because of their profane and theatrical character, are apt to distract from prayer and meditation. The use of pianos or other chorded instruments is prohibited in the churches and the general adoption of the Gregorian chant, or f Palestrina's compositions, are strongly advocated. These measures, however, will not affect church music in the Lifited States, but only in Italy and France, where abuses such as described in the pope's letter have greatly increased in the

The Board of Trade closed an hour earlier than usual and a number of mercantile and manufacturing establishments also closed early. The large retail dry goods stores were notable exception. The managers concluded that the extraordinary demand for mouraing goods would work a hardship to the

stores close, so they were kept open until noon. The banks were open as until noon. The banks were open as usual. Thirty teachers in the public schools are known to have lost their lives in the fire and the schools will be closed Monday in their memory.

Des Moines Victims Buried. DES MOINES, Jan. 2.-The funerals of Mrs. N. M. Stark and Mrs. Lynn J. Tuttle, sisters, victims of the Chicago fire, were held from the family residence here today. Only relatives and immediate friends were present. The body of Mrs. Tuttle was scorched but little. That of Mrs. Stark was badly charred. The remains of Miss Helen McCaughan, daughter of Attorney George E. McCaughan of Chicago, reached here this morning. A private funeral was held from the First United Presbyterian church. Funerals of John H. Holland and daughter, The stage hands deny that there was a Mrs. Lillian Peiton, will be Monday afternoon. Two diamond rings, one a solitaire,

and a pair of diamond earrings are missing from the body of Mrs. Pelton. CORONER GETS MORE LIGHT Learns of an Oily Hemp Rope that

Flames. CHICAGO, Jan. 2.-Twenty men arrested in connection with the Iroquois theater tragedy were arraigned before Justice Caverly in the Harrison street police court today on a charge of manslaughter. Five of the defendants were members of the chorus of the "Mr. Blue Beard" company and were defended by Attorney Thomas Hogan. No testimony was given in court and it was immediately agreed that a con tinuance be granted. Most of the time was devoted to an effort of the attorney to have bonds of his clients reduced from \$5.000, in which they had been held. In the

dar for hearing January 11. Attorney Hogan told the magistrate that his clients had nothing to do with the management, construction or handling of the scenery. He said they continued singing even after the theater became panicstricken in a vain effort to allay the fear of the frightened audience.
