### THINK IT WILL BE HARRIMAN

Local Railread Men Pick Him as Successor to President Burt.

MAN POLICY TO BE CARRIED OUT

Mr. Burt Declares His Resignation is Entirely of His Own Volition and Denies Friction

with Harriman.

"I think you will find that none other than E. H. Harriman will succeed Mr. Burt as president of the Union Pacific," said a local railroad man who is in a posttion to give a very good opinion, at least.

He sums up the case in this way: There is no question but that Mr. Burt's esignation is generally regretted by Mr. Harriman and the board of directors, and I believe these powers would gladly have Mr. Burt withdraw his tender if they could. But this probably is out of the question. for when he makes up his mind Horace G. Burt is not the man to so quickly reverse his action. I was pleased to see by The for a better medicine than Chamberlain's Bee this morning that Mr. Burt had come out with a statement that his resignation was entirely of his own volition and not can always be relied upon. It is pleasant in any way influenced by outside causes. "Now, as to Mr. Burt's successor, there | Large size fifty cents.

s every reason to think that it will be When C. M. Hays resigned as president of the Southern Pa- On Rock Island system, Sunday, January city Mr. Harriman simply assumed the 2, 1904, on and after which date train leav position himself, and he is president of the ing Omaha at 1:30 p. m. daily and arrivincluding the Union and Southern Pacific, senger trains Nos. 25 and 26, running be Chicago & Alton, Oregon Short Line and tween Fairbury and Nelson; also train No Oregon Railway & Navigation company, he &7; leaving Omaha 4:10 p. m. daily, and is really head of all the roads after all, in That is the Harriman idea, and that is with passenger trains Nos. 9 and 10 to what I look for."

## One Man Policy Grows.

Not only with the Harriman system, but with all the great railway systems the general tendency is toward concentration of power and authority. James J. Hill, for instance, is actually head of the three roads embraced in the Hill system, and Gould of the Gould system.

"But returning to our own Union Pa-Who can be the actual head of it but the chairman of the board of directors? The traffic management of that and the entire Harriman system centers in J. C. Stubbs, the land department in W. D. Cornish, vice president of the system, the legal department in W. S. Pierce, the accounting in Erastus Young. Only last week Mr. Young's salary was raised to \$15,000 a year and he is given general supervision of the auditing department of the entire system. So, after Mr. Burt, who has practically remade the Union Pacific, leaves, why should another president be elected except E. H Harriman? Of what would he be president? Why all he could be is a man to run the trains. My own impression is-

ASTHMA CAN BE CURED. Dr. L. D. Knott, Lebanon, Ky.; Dr. F. E. Brown, Frimghar, Iowa; Dr. J. C. Curryer, St. Fani, Minn.; Dr. M. L. Craffey, St. Louis, Mo.; Dr. C. F. Beard, So. Framingham, Mass., bear witness to the efficacy of his treatment and the permanency of the cure in their own cases. Dr. Whetzel's new me had is a radical departure from the old fashioned smoke powders, sprays, etc., which relieve but do not cure. FREE TEST TREATMENT

road men-that not even a general manager will be appointed for the Union Pacific, but that it will remain as it is now, with Mr. Buckingham superintendent of transportation, with perhaps a vice president or such as J. Kruttschnitt is to Mr. Harriman, assistant to the president. Who his latter will be is hard to tall but think it will be J. C. Stubbs of Chicago."

## Will Reward Mr. Burt.

NEW YORK, Jan. 4.- The resignation of Horace G. Burt as president of the Union Pacific railroad probably will be presented to a meeting of the directors this week. In well informed circles the belief prevails that it will be accepted and that substantial recognition of Burt's services will be

Reports that E. H. Harriman will suc ceed him are encouraged in high quarters, though the name of J. C. Btubbs is frequently heard in the same connection,

## The Sale of Women's Undermuslins a Great Success.

Notwithstanding the extremely cold weather Monday, the first day of our Muslin Underwear sale was an undoubted success. The large number of ladies who came to our first floor department, was very gratifying, especially so from the fact that everyone bought more or less of the garments that are on sale. Every lady seemed to realize that the sale was more important this year than ever before. The large advance in the price of cotton making it a matter of economy to buy a season's supply now-while our prices are so low. Never before have we made such extraordinary preparations for a musiin sale. For months we've been planning it, and the sim has not been how cheap we could sell you-but for how little we could supply thoroughly good undermuslins. As a result, we now invite you to inspect an aggregation of muslin underwear that will establish our supremacy in this line for all time.
