SIOUX FALLS, S. D., Jan. 5 .- (Special

Chief Justice Sullivan still in his old place, where he will remain until the adjournment of this sitting. Judge Fawcett, who was appointed by the court to take the place made vacant by the elevation of Commissioner Barnes, was on hand and was at once made presiding commissioner of his department. Judge Barnes did nothing this morning but watch the others and shake hands with friends. Among the cases ar-gued today was that which involves the right of the legislature to contract for the Cobbey statutes, which suit was brought representative of the State Journa'. which paper falled to secure the contract for the printing of the books.

Lysie Abbott and I. J. Dunn were busy on the Omaha gambling and saloon cases, as well as Smythe & Smith and Connell & Ives. The latter for the Omaha fire and commissioners and the mayor demurred to the alternative writ of mandamus recently issued by the supreme court to compel the closing of over 200 saloons which were charged with violating the city ordinances of Omaha and the Slocumb law. This was the return day as fixed by the court. The demurrer attacked the validity of the court's decision in ordering the police board to proceed.

Sheriff John Power, against whom an alternative writ of mandamus had been issued by the court to compel him to enforce the law against gamblers, filed his return and it was something of an innovation. He disclaims any knowledge of any violations of the law and says: "If, however, this extraordinary writ has been issued by this court on its own motion then he asks that the court communicate to him what knowledge it has respecting the keeping of a gamoling house or gambling houses in Omaha." Lysle Abbott obtained from the court this afternoon an amended writ setting out the violations of the law charged, and it is made returnable at the next sitting of the court, January 15.

In the case wherein a mandamus was granted by the lower court to compel the closing of gambling houses Connell & Ives filed a petition in error and asked that the decision of the lower court be reversed.

## Meeting of Assessors.

The meeting of the county assessors of the state, called by Secretary Bennett of the Board of Equalization for January 26, is expected to be well attended and to result in much good for the state, in that plans for the uncovering of property and a uniform mode of procedure for the assess

ment of property will be discussed. "The law contemplates assessment being hand on the market value of property. said the secretary, "and that is the way it will be assessed. In times past it has not been out of the ordinary for assessors to of Clara E. White was granted a divorce set together and agree to assess at values much less than the market value. But in the future that practice will not be tol-

'oldest living landmark," is G. W. Hanley of Big Timber, Mont, One of the original Mr. Hanty in later years built up large veterinary medicine business, hough now in his 109th year, he is hale and hearty and able to walk about as spryly as many men half his age. He states that,

as many men nan als age. He states that, he owes it all to Duffy's Pure Malt Whis-key. In a recent letter he says: "It has been my intention for some time to write and compliment you on the effects Duffy's Pure Malt Whiskey has had on my health. Last November I was 108 years old

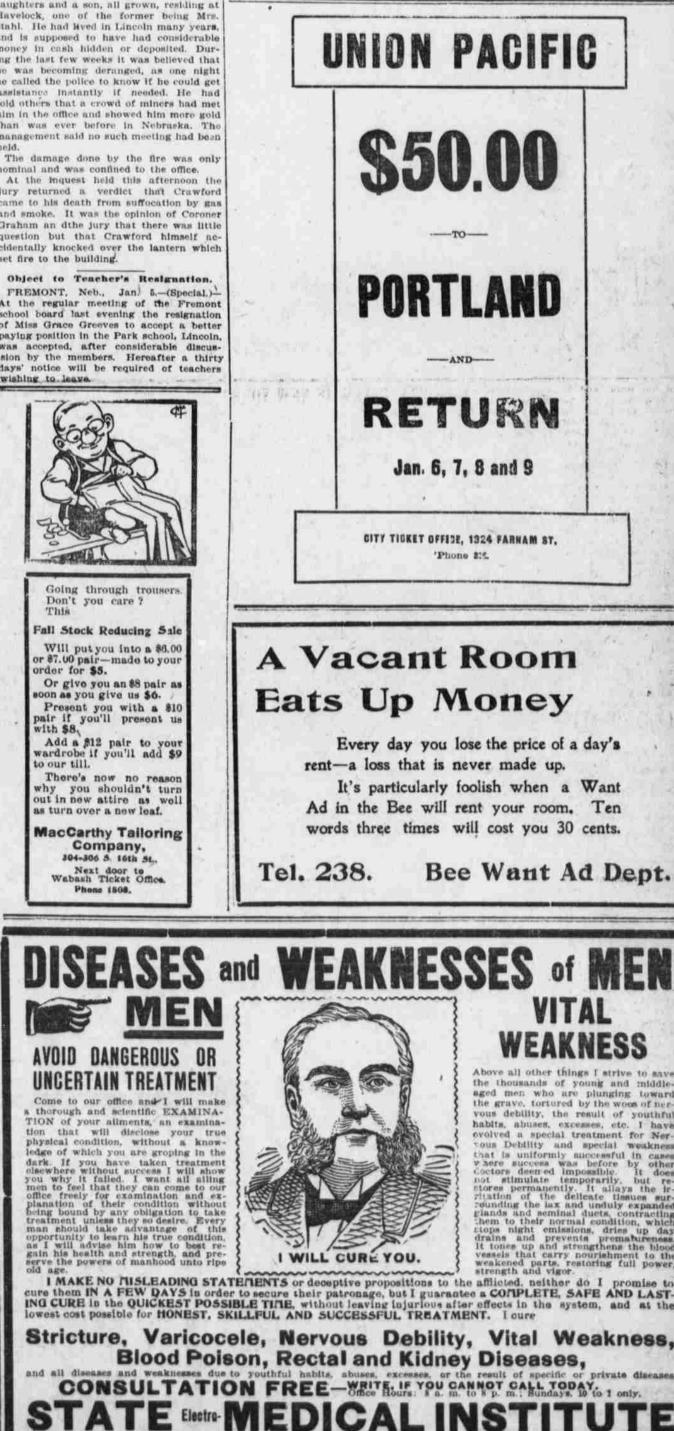

the world who are as well preserved at so great an age. For a long time your whiskey has been the only thing I have used as a stimulant or a medicine. My ap-petite is very fair, hearing and cyesight as good as with men who are thirty years younger, and nothing keeps me in better humor than my regular doses of 'Duffy's' When a cold or my bowels bother me, a little of your medicine is all that's used.

# **DUFFY'S PURE MALT WHISKEY**

Is an absolutely pure distillation of malt and is recognized by the Government as a medicine. This is a guarantee. It is a tonic-stilmulant recommended by physicians of every school; a boon to the weak and worn, to the weary and depressed. It arrests the progress of physical decay; keeps the old young, makes the weak strong. It strength-ens the heart; relieves the aching head; gives to the limbs their old time visor, and clears the brain. It enriches the blood and nourishes the vital forces of the body. In this way it drives out discuse and is a promoter of health and longevity. If you wish to keep strong and well in old age. If you wish to be free from discuse now, take a tablepoonful of Duffy's Malt Whiskey three times a day, in milk or water. Duffy's is prescribed by doctors everywhere for coughs, colds, grip, catarth, con-sumption, bronchitis, pneumonia, pleurisy, asthma and all discuses of the throat and lungs; indigestion, dyspeptia and every form of stomach trouble; nervousness, mit-daria and all low fevers.

CAUTION .- When you ask for Daffy's Pure Malt Whiskey he sure you get the genuine. Unscruppions dealers, mindful of the excellence of this preparation, will try to sell you chenp imitations and mult whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Daffy's" and be sure you get it. It is the only absolutely pure Malt Whiskey which contains medicinal, health-giving qualities. Duffy's Pure Malt Whi key is sold in scaled bottles only; never in flasks or bulk. Look for the trade-mark, the "Old Chemist," on the label, and be certain the seal over the cork is un-broken. Beware of refilled bottles. "Duffy's" contains no fusel ofi.

Attorney General spring term in February.

Prout appeared for the state. He contends that the act is a valid exercise of the police power of the state legislature, while the counsel for the Insurance Company of North America of Pennsylvania seeks avoid the payment of the tax, claiming that it is not constitutional. Another contention raised by the counsel for the company is that the law cannot apply to Pennsylvania corporations from the fact that there are no Nebraska concerns which have been permitted to operate in the Keystone state, and therefore no company from this state has been subjected to the reciprocal tax imposed by the laws of Pennsylvania. The reciprocal tax law brings about \$50,000 a year into the state treasury.

#### Two Prisoners Escape.

William Gross and Alfred Cochran, prisners at the county jail, made their escape this morning and have not yet been located. Workmen were busy around the cells, com ing and going, and at an opportune moment the two men swung open the door of the big cage, walked quietly down from the second floor and out into the street. Then they struck for the tall timber. Jaller Kirk noticed the men when about 300 yards from the jail and gave chase, firing several shots at them, but to no purpose. Gross was serving a six months' term for robbing a second-hand store and Cochran had been bound over for stealing corn from Bishop Bonacum. He is a former convict.

Increase in Prison Population.

The report of Warden Beemer of the state ponitentiary for December shows that on the last day of the month there were 272 convicts in the state prison, an increase of one over the last report. There were received into the prison twenty-one. There were discharged from the ponitentiary thirteen; paroled, six and one was sent to the asylum. There were employed by contractors 175 men.

The prisoners paroled were James Giggs, Peter Carroll, Charles Boyd and George Craig of Douglas county, Joseph Keller, Cheyenne county and George Wiegrefe of Rock county. Those discharged by expiration of sentence were Frank Betts, Gilbert Johnson, Frank Shevman, Maud Parks of Douglas county, Joseph Gelsel, Cuming county; Thomas Shirley, Frontier county; Otto Vogtman, Cass county; Wil-Ham Blower, Gage county; Harold Olsen,
