FOR THE COMENIUS SCHOOL
Complete Natural History Collection Will Be Installed There Soon.

As a result of a musicale given before the holidays Comenius school is soon to install a natural history collection that, when finished, will be the most complete collection of the kind in the grade schools of the city. A few of the schools have a few specimens, but this is the first attempt at anything at all pretensions. The collection is to be a memorial to Miss Ellen M. White, for years principal of Comenius and the old Hartman school. The enthusiasm with which the patrons as well as the pupils of the district worked for the concert and are still working for the collection is but one evidence of the interest generally manifested in all pertaining to the school. A taxidermist of the neighborhood has given the birds that are being studied by each grade. These are excellent specimens and all well mounted. Another patron has contributed a set of specimens showing the various processes and stages of the cotton from the raw in the boll to the refined oil and cotton thread. Another has contributed a set of specimens showing the sugar in its various stages of refinement, while several other things have also been contributed. The proceeds of the musicale have not yet been invested. The collection will be placed in cases on the landing of the south stairway, which is sufficiently large to afford room for an entire class to inspect at one time or for the lines to pass in and out without difficulty.

We Guess They Are Tired.
The Omaha druggists who have made up their minds to STOP (?) the cut-price system must be either scared or tired—THEY WON'T PLAY ANY LONGER—they won't publish any prices, and we presume the reason is that they know from experience that we will make any price which they will quote look mighty silly. You know, as Mr. Bennett says, "GOD'S WORD IS GOOD," and we will sell any article on which any Omaha, South Omaha or Council Bluffs druggist will quote a price for 20 or more LESS than their price. \$2.50 Marvel Whirling Spray Syringe to any address in the United States..... **25c**

A Bona Fide REDUCTION SALE
of Women's Garments.

Thursday — Friday — Saturday

We have just finished our annual inventory in our ladies' department and have closed up one of the most successful seasons' business in the history of this department. Naturally, where such a large increase of business is done—leaves us with a larger stock at the end of the season—Therefore—Thursday—Friday—Saturday—we will make a genuine reduction of 33 1-3 to 50 per cent on every heavy weight garment in our ladies' department. A bona fide reduction, remember. Women who have shopped here earlier in the season will observe that our goods have not been marked up in order to be reduced—but a genuine bona fide reduction of 33 1-3 to 50 per cent on every heavy weight garment—

Listen how we've marked the goods.

Florida Excursion
Via "Dixie Flyer" Route.
PERSONALLY CONDUCTED.

On Thursday, Jan. 14th, an excursion will be run from Nebraska to Florida, with through Standard and Tourist sleeping cars from Omaha and Lincoln via Burlington Route to St. Louis, and the "Dixie Flyer" from there to Jacksonville.

This excursion will be a personally conducted one and will be in charge of our excursion manager, who is thoroughly familiar with the points of interest enroute and in the state of Florida.

A day will be spent in St. Louis, visiting the World's Fair grounds and other points of interest. The daylight trip from Nashville to Atlanta will be an interesting and instructive one, as the line follows the route of Gen. Sherman's famous march to the sea.

An early application for sleeping car space is suggested. Write for full information and copy of illustrated booklet, outlining the trip, to

W. H. BRILL, Dist. Pass. Agent, 1402 Farnam St. Omaha, Neb.

GENERAL RAISE IN RATES

Advancement Scheduled by All Western Roads, Effective January 18.

REASON GIVEN IS ADVANCE IN WAGES

It is observed that Movement Comes About on Heels of Abolition of Return Live Stock Passes.

It was stated on good authority yesterday morning that on January 18 western roads will advance commodity rates on an average of 1 1/2 per cent. It is said the new tariffs to be issued will affect nearly all shipments made by eastern jobbers and middle eastern jobbers to the Pacific coast and will compel a readjustment of all through tariffs. It is stated that the Union Pacific, Burlington, Southern Pacific, Great Northern, Canadian Pacific and Northern Pacific have all agreed to the new schedule.

The reason given for the large advance in rates is that during the past few years wages, supplies and in fact everything has been steadily advancing, while rates have been declining, and it is to make up the difference that the new rates are to be put into effect—the same old reason assigned many times before.

It is understood that repeated conferences have been held by traffic officials for the consideration of the subject, but until recently no agreement could be reached. While rumors to the effect that a large advance was contemplated by the interested lines have cropped out from time to time, they have been denied, and the idea that any action so radical was to be taken has been scouted. It is contended now that conditions are such there is no alternative left the roads but to increase the rates. Some of the rates now in effect, it is said, fail to pay the cost of transporting the goods, much less leaving any margin of profit for the stockholders.

Shippers are complaining that they are being very much discriminated against by the many recent moves made by the roads, which appear to be in direct opposition to their well being. The advance in rates, it is pointed out, follows directly upon the heels of the discontinuance of issuing return live stock transportation and also the cutting off of transportation for men in charge of poultry shipments.

Nearly all of the new rates will apply to railroad shipments, but in some cases the local business will be adjusted to preserve the differentials.

Announced in San Francisco.
SAN FRANCISCO, Jan. 6.—It was announced at the Southern Pacific company's offices today that the western roads, which have agreed upon the advance of west and east bound freight rates effective on January 18, are now arranging for an expansion of these rates to points beyond Chicago.

Accompanying this announcement is another to the effect that the advanced rate in the new schedule is to be withdrawn on certain commodities, a list of which is now being prepared.

New Step in Old Fight.
Another step has been taken in the legal battle which has been waging for some time looking to the granting of a license to F. J. Anderson to open up a saloon in Irvington, Union precinct. Notice of appeal has been filed with the county judge. A remonstrance and protest were filed before the county commissioners, and after a
