AFFAIRS AT SOUTH OMAHA

Superintendent McLean Reports Increased Attendance in Schools.

MANY BUILDINGS ARE BADLY CROWDED

Report Has It That Coming Election Will See Change of Cashiers at the South Omaha National Bank.

There was only a short session of the Board of Education held last night. The principal business was the allowing of some bills.

Superintendent McLean reported that the attendance at the city schools for the four months of the school year was now 4,415, as compared with 4,347 at this time last year. The high school now has 284 pupils, while last year at this time the membership was only 277. Owing to the crowded condition of buildings in the eastern portion of the city the board agreed to fit up an additional room at the Brown Park school.

This new room will accommodate about forty pupils.

The second semester commences on January 15 and it is expected that on this date about 300 additional pupils will be added to the primary grades. Superintendent McLean continually calls for more room and the board appears to be doing the best it can to supply the demand for additional seating capacity. There is such an increase in the number of students in the high school that there is hardly room for all.

The next meeting of the Board of Education will be held on Monday evening, January 12.

New Name for Republican Club.

The Regular South Omaha Republican club at its meeting Tuesday evening passed the following resolution:

Whereas, The members of this club are in perfect harmony with all republicans and the great majority of the people of the west in securing the nomination of Hon. Theodore Roosevelt as president, and, knowing that the Creator in His infinite wisdom has at all times in cases of great emergency provided the nation with men suitable to the occasion, therefore, we are assured of the nomination and election of Hon. Theodore Roosevelt as president of the United States, and,

Whereas, We recognize that the second place on the ticket is of great importance, therefore be it

Resolved, That we heartily approve the action of the republican club Tuesday evening in its endorsement of Hon. John L. Webster for the vice presidency, and, knowing the ability of this great and representative Nebraskan, we believe that to associate him with President Roosevelt on the republican ticket of 1904 will be making the selection of that ticket doubly sure.

The club decided to change the name of the club to the South Omaha Roosevelt and Webster club.

Renowned Bank Changes.

It was reported on the streets in South Omaha yesterday that C. B. Anderson was soon to sever his connection with the South Omaha National bank. Rumor says that Mr. Anderson will not be re-elected cashier of the bank at the annual election to be held on January 12. Mr. Anderson was elected cashier on July 1, 1903, but did not remove to Douglas county from Crete until September 1. When Mr. Anderson was elected cashier H. C. Rootwick was chosen as vice president in charge. While the resignation of Mr. Rootwick and Mr. Anderson are of the most friendly nature the understanding is that Mr. Anderson is to withdraw. He will, it is stated, return to Crete. As far as known this is the only change of importance to be made at the annual election of officers of the banks here to be held on the second Tuesday in January.

Hospital Association Election.

The South Omaha Hospital association met at the South Omaha club parlors yesterday afternoon and elected these officers: W. S. King, president; Mrs. G. H. Brewer, first vice president; Mrs. Byerly, second vice president; Mrs. Otto Maurer, treasurer; Miss Madeline Pollock, secretary. The directors are: Mrs. C. M. Schindler, Mrs. Etta Clark, Mrs. C. L. Talbot, Mrs. Josephine Carroll, Mrs. J. A. Hall, Mrs. Blanchard and Mrs. M. D. Brewer.

It was decided to hold the annual charity ball at the exchange dining room on the night of January 12. Tickets for this ball will be on sale today. Reports from the retiring officers were read and approved at this meeting and an effort is to be made by the new officers to secure additional funds for the support of the institution.

Eagles Install Officers.

Last night Aerie No. 154, Fraternal Order of Eagles, met at Eagles' hall, Twenty-sixth and N streets, and installed officers. The installation was a semi-public affair, admission being by card. P. J. Barrett was installed as worthy president, with William Cole as vice president. Henry Rothols is secretary and R. S. Berlin treasurer. Joseph Moore will act as chaplain for a year. The trustees are: Fred Parks, Daniel Hinchey and Edward Christie. Jay Williams was installed as worthy conductor. Visiting Eagles from aerie in Omaha, Council Bluffs and Plattsmouth were present.

As soon as the officers had been installed and a few candidates put through the mill there was a social session which lasted until near midnight. A quartet furnished music and the refreshments were in charge of a special committee. A most enjoyable evening was spent by those who attended the installation.

Officials Seated Friday.

The officers of the South Omaha Live Stock exchange will be called together on Friday of this week and officially seated. There will be little if any ceremony. Captain Parkhurst will turn over the chair to his successor, M. E. Murphy, and the new directors will meet immediately after this for a conference. The directors are to name a secretary and a treasurer. T. B. McPherson, cashier of the Union Stock Yards National bank, is the present treasurer.

GOOD NEWS.

Many Omaha Readers Have Heard It and Profited Thereby.

"Good news travels fast" and the thousands of bad back sufferers in Omaha are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the little conqueror of kidney ills. Here is an example worth reading:

Mr. A. Rauechert, house and sign painter, 105 North Twenty-eighth avenue, whose office is at 105 South Fifteenth street, telephone 190, says: "Backache, why, I had it no bad for two years that it awakened me at night and when the attacks were at their height trouble with the kidney sections set in. When I went to Kuhn & Co's drug store for Doan's Kidney Pills I had very little faith in their merit, but half a box cured me, although I took more to make a job certain. It seems curious that after using liquid medicine and other preparations for my kidneys Doan's Kidney Pills should effect such a wonderful and rapid cure."

For sale by all dealers. Price 50c per box. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

urer, and J. M. Guild is the secretary. Some interest is manifest by members of the exchange in the selection of these two officials by the directory.

Another Damage Claim.

Martin O'Connor, through his attorney, W. C. Lambert, has filed a claim against the city for \$1,000 damages for alleged personal injuries. It is asserted by O'Connor that on the night of December 30 he slipped and fell on the sidewalk at Thirty-eighth and Q streets and sustained severe injuries to his right foot, ankle and knee. The claim is made that there was a plank missing in the walk and that the fall would not have occurred had the walk been in good condition.

No Police Board Meeting.

There was no meeting of the Fire and Police board last night. Member Mason is in Michigan, where he expects to remain for a few weeks, and Mr. Nolan is in Lincoln. As only three members of the board reported, it was decided to postpone the meeting until a later date.

Adverse to Stearns' Claim.

When the claim of L. C. Stearns for damages amounting to \$500 was made to the city council it was referred to the city attorney for investigation. Mr. Murdoch sent out a man to look into the matter and the report of the special agent was that Stearns had no particular claim on the city. Stearns asserted that he fell off from a bank fully thirty feet high and landed on a stump of a tree. After this fall Stearns asserts that he got up and walked home.

The Ice Harvest.

Cudash is still at work at Seymour lake cutting ice. Since the cutting commenced about 3,000 tons have been put away each day. The ice at the lake now is about a foot thick and the men employed are working hard to get the first crop under cover. No more men are needed at the present time at Seymour lake.

General Manager Howe of the Armour company said yesterday that the ice on the Armour lake at Memphis was only about seven inches thick. He asserted that he would not commence cutting until later unless the temperature dropped. Swift is putting by all the ice that his houses can hold and is laying aside a supply for refrigerator car contracts.

The ice at Jetter's lake is half a foot thick and then some, but no start toward cutting has been made, and nothing will be done there until the ice is fully a foot in thickness.

Meat for Manila.

Armour of South Omaha has in preparation an order for 50,000 pounds of smoked meat to be sent to the government at Manila. Mr. Howe said about this shipment yesterday: "Such orders from the government come right along, and there is no special significance attached. We prepare meats of the kind in question nearly every month for the use of the War department." All meats shipped to the Philippines are specially smoked and are inspected by a government official several times during the process of curing. Yesterday Armour sent out a large shipment for the west, but this shipment was meat previously inspected and ordered two months ago.

REPORT ON STAMP SITUATION

Retail Grocers' Association Holds Another Meeting to Discuss Question.

The trading stamp situation was again considered by the Retail Grocers' association at its regular meeting in the Commercial club-rooms last evening. It was reported that outside of one of the large department stores only four of the retail grocers were still giving the little green stamps with every purchase. It is expected that the delinquent four will soon be brought into line.

Communications were read from various places showing that the stamps were being discarded, and it was stated that some of the eastern states were contemplating legislation against them.

The local flour dealers were in attendance at the meeting last evening and considerable enthusiasm was worked up with a view to making Omaha a strong flour distributing point. A more local support of the local mills was urged and promised.

The association unanimously adopted a resolution favoring the selling of home manufactured articles.

The Retail Grocers' association will give a social on Tuesday evening, January 12, when the Council Bluffs and South Omaha grocers will be invited to attend and become acquainted.

COMING TO A COMPROMISE

Brewery Interests Reach an Understanding and Will Abandon Pending Protests.

It was intimated last night that a settlement had been effected between the warring interests in the saloon controversies that have been taking up the time of the Board of Fire and Police Commissioners, the district court and the supreme court for some weeks. Definite and detailed information regarding the arrangement is slightly withheld from the public, but it is cheerfully admitted that "there is something doing" to put a quietus on the long list of protests that have been filed as a result of the dispute between the brewers.

It is understood that the brewery interests of the city and Walter Moise & Co. have agreed to bury the hatchet in a nice, gentlemanly kind of way. Moise, it is said, has capitulated entirely and that is all the other brewers wanted. On the other hand, the combined brewers have done some capitulating, also, which means that the fight on Moise will be ceased off as quickly as is convenient and decent. Likewise, that the reformation of the town under the Stouck and gambling laws by Moise and his lawyer, Dunn, will be pursued with somewhat less zeal.

STOP HAPPY HOOLIGAN SHOW

Police Prevent Performance at Washington Hall on Orders from Mayor.

LARGE AUDIENCE IS TURNED ASIDE

Hall Will Remain Closed Until Proper Fire Escapes and Exits Are Put in and Pass Inspection.

Washington hall is the first public assembly place to be closed by Mayor Moore in his crusade against all such places in the interest of public safety.

The mayor has the co-operation of Chief of Police Donahue and Building Inspector Withnell in his determination to see that no theater, auditorium, dance hall or church in the city shall evade the laws in affording a perfectly safe place for the gathering of large assemblies of people.

Building Inspector Withnell and his force of deputies will continue to inspect the various places over the city and as fast as they find any which they consider unsafe will report it to the mayor, who asserts he will order it closed until put in proper condition.

In compliance with an order issued by Chief Donahue, Sergeant Sigwart and an officer stopped a performance of "Happy Hooligan" at Washington hall Tuesday afternoon and cleared the hall of several hundred women and children who had gathered to witness the performance. This action was inspired because Building Inspector Withnell does not consider the building safe in event of fire, and especially is it considered unsafe for an audience of women and children. The hall proper, on the second floor, is approached by a winding stairs and there is but one fire escape at the rear, the inspector finds, which must be approached by passing through two rooms after leaving the auditorium. Chief Donahue asserts that all meetings scheduled to be held in this hall will have to be called off until adequate fire protection is provided.

Theaters Getting in Line.

The building inspection department is still awaiting the convalescence of Inspector Withnell before making a thorough examination of all buildings. The Boy theater has, so the department is notified by Manager Burgess, employed ex-Captain Sullivan as a house fireman. Sullivan was formerly a captain in the department and withdrew and went to Butte. He is now on the substitute list of the department. He will be on the stage at every performance and also will inspect the house.

A telegram has been received from Hudson & Judah that the asbestos curtain for the Krug will be finished and ready to put up in a week.

The steel curtain at the Orpheum has been completely overhauled and fitted with new gears, so that it can now be lowered in forty seconds.

WAS BOUND TO SEE THE SHOW

Frank Martin of Council Bluffs Ad-ventures Far to Attend a Theater.

Stranded amongst strangers, without a cent in his trousers and five miles from home, was the sad plight of 10-year-old Frank Martin of Council Bluffs when Officer Mansfield arrested the boy at the Union station last evening for trying to steal a ride on a passenger train.

When taken to the police station and questioned the lad stated that when he read in the papers that "The Katzenjammer Kids" were billed for appearance at the Krug he made up his mind he would see the kids, even if it took his last cent. He left home yesterday evening with 20 cents and after paying his car fare across the river and buying a gallery ticket and a sack of peanuts he found himself insolvent at the depot. But he saw the show, which compensated for any little inconveniences incident to his journey.

Dock Sergeant Marshall gave the boy 10 cents to pay his fare home, with the warning that his next attempt to board trains would not be considered so lightly.
