

ONE BREAK IN REVENUE LAW

Section Relating to Peddlers Held by the Supreme Court to Be Invalid.

CONFLICTS WITH INTERSTATE RIGHTS

Court Passes on State Game Law and Holds It Constitutional in Every Particular—Boom Reese for Delegate.

(From a Staff Correspondent.) LINCOLN, Jan. 7.—(Special.)—The new revenue law was declared defective late yesterday afternoon when it was attacked on the sections relating to the taxation of peddlers. The court in its attempt to make Menke of Lancaster pay a license fee for peddling goods was in violation of the federal constitution and therefore could not be enforced. Menke was the agent for a Chicago firm and took orders and then had the goods delivered. Commissioner Ames wrote the opinion and he said while the section violated the federal constitution it did not violate the state constitution, the former being violated because it interferes with the interstate commerce laws. Commissioner Ames said:

The supreme court of the United States in its decision in the case of Menke vs. the state of Nebraska, rendered on June 12, 1897, held that the state of Nebraska, in imposing a license fee upon a peddler of goods, was in violation of the federal constitution. The court in that case held that the state of Nebraska, in imposing a license fee upon a peddler of goods, was in violation of the federal constitution. The court in that case held that the state of Nebraska, in imposing a license fee upon a peddler of goods, was in violation of the federal constitution.

Brief in Little Case.

Attorney General Prout today filed his brief in the supreme court in the case wherein Mrs. Lilly is charged with murdering her husband at David City. The woman is now under a life sentence though she has not yet been removed to the penitentiary. The brief argues at length against the granting of a new trial.

With the exception of Judge Lee Estelle of Omaha, all of the newly elected judges of the district courts filed their oath of office by the time the office of the secretary of state was opened for business this morning.

Mary Leffel, who escaped from the insane asylum here about a month ago, was returned to that institution today by the local police. The woman was discovered at work in a block in the city where she was sewing for a living. Several days ago she showed signs of being insane and the police were notified.

Old Soldiers Appeal.

A. Gulman, Thomas Gilkerson and David Stevens, all former inmates of the Milford Soldiers' home and all discharged, were called to the office of Governor Mickey this morning. The governor has granted them a new hearing. The men were admitted to the home last March and were discharged for having whiskey in his possession and taking a drink Christmas day. He told the governor that it was the only drink he had since being admitted to the home. Gulman is said to have given a drink to a comrade. Stevens told the governor he had been dishonorably discharged on general principles. He did not want to be taken back as long as the present commandant holds forth at the institution. The men said the charges against them had been heard by two members of the visiting board and the evidence showed that many of the old soldiers had been in the habit of taking an occasional drink, but that no attention had been paid to them. The men said they had taken into the matter and see what could be done.

Veterans Boom Reese.

A number of the old soldiers, of which there is a considerable organization in Lincoln, are just now talking seriously of booming Judge M. B. Reese, former dean of the law department of the university, for delegate at large to the national republican convention. It has been the general impression that a majority of the old soldiers would back L. M. Raymond for the place and this defection to Reese, should the judge decide to stand for the honor, will cause something of a fight for the local support.

Organize Harvest Hand Bureau.

Chief Clerk Despain of the department of labor returned this morning from Kansas City, where he went to attend the meeting of the labor commissioners of Missouri, Kansas, South Dakota and Iowa for the purpose of organizing an interstate association to handle harvest hands. Mr. Despain was elected president of the association and A. B. Jamison of Kansas City was elected secretary. The headquarters of the association will be in Kansas City and in two or three months another meeting will be held to outline plans of procedure. Minnesota has signified its intention of becoming a part of the organization and other of the wheat raising states will likely join. Governor Mickey has appointed Mrs. J. F. C. McKesson a member of the Visiting Board of the Soldiers' Home to take the place made vacant by the resignation of Mrs. A. J. Sawyer. Mrs. McKesson resides in this county, within ten miles of Milford.

Full Breaks His Leg.

FAPILLION, Neb., Jan. 7.—(Special Telegram.)—While riding horseback yesterday

Get My Book, if Sick.

Don't Send a Penny.

Don't send a penny. Just wait till you see what I can do. Let me take the risk. Let me prove to you that I can cure you. I will give you my book for nothing. I will give you my book for nothing. I will give you my book for nothing.

Dr. Shoop's Restorative

A Month on Trial.

I will absolutely stand all the cost if it fails. If you say "It did not help me," that ends it as far as I am concerned. Do you understand now? I am willing to take the risk. I will give you my book for nothing. I will give you my book for nothing. I will give you my book for nothing.

attempting to catch a horse in a pasture

William, a young son of George Knapp, was thrown to the ground, breaking his right leg. His horse stumbled and both horse and rider fell. A physician dressed the boy's wound and he will recover.

GENERAL VIFQUAIN NO MORE

Veteran of Two Wars Dies at Lincoln

Home After a Long Illness.

(From a Staff Correspondent.) LINCOLN, Jan. 7.—(Special.)—General Victor Vifquain, for years one of Nebraska's foremost citizens, died late this afternoon after a long illness, at his home at 1312 S. 12th street. Arrangements for the funeral have not yet been completed. General Vifquain was 67 years of age and was born in Belgium and has, since his residence in Nebraska, been a prominent factor in state affairs. In 1878 he established and edited for a number of years the Lincoln Democrat. Under Governor Boyd he was adjutant general of the state and during the Spanish-American war, after the retirement of Mr. Bryan from the head of the Third Nebraska, General Vifquain was appointed colonel of the regiment.

SECOND VICTIM OF FAST TRAIN

Frank Matejcek of Schuyler Struck and Instantly Killed While Crossing the Track.

SCHUYLER, Neb., Jan. 7.—(Special.)—Another victim of the fast train service on the Union Pacific must be recorded for Schuyler. No. 2, the evening eastbound fast train struck Frank Matejcek as he was crossing the track just east of the depot and killed him instantly. He was evidently preoccupied, as he started across, became bewildered upon hearing the roar of the approaching train and did not recover in time to save himself. He must have turned half around in an effort to clear the track, as he was going north and the train was coming from the west and he was struck on his right side. The train did not stop at all which makes it evident that the crew did not observe what had been done. It has not been more than two weeks since the same train killed Mrs. Thomas Drapela. Mr. Matejcek was 28 years of age, has one married and one single brother, farmers in Colfax county. He has been working on the farm of Joseph Osborne and was in town yesterday to go to work at Joseph Baria's mill, four miles north of here. He was on his way to work when he was struck and killed in the fatal accident.

Medical Society Meeting.

FREMONT, Neb., Jan. 7.—(Special.)—A joint meeting of the Dodge County Medical Society and the Elkhorn Valley Medical Society was held here yesterday, thirty physicians being present. Dr. J. J. Williams of Wayne, vice president of the Elkhorn society, presided. Rev. F. Emerson James of the Christian church welcomed the doctors to the city. The morning and afternoon sessions were both devoted to papers and discussions of medical topics and were of much interest to the profession. The meetings were concluded with a banquet at Masonic hall last evening. Dr. H. M. McCluhan of Omaha presided as toastmaster and responses were made by a number of those present. The following officers were elected: Elkhorn Valley Society—J. J. Williams, president; E. E. Frink, vice president; H. P. McKnight, secretary; W. H. Hoyer, treasurer. Dodge County Medical Society—J. S. Derris, president; E. W. Martin, vice president; A. P. Overgaard, secretary; W. J. Davis, treasurer; B. W. Houser, member of board of censors.

Crossing Must Be Kept Open.

GRAND ISLAND, Neb., Jan. 7.—(Special.)—At last night's session of the city council a communication was received from the Union Pacific officials in answer to a note sent them regarding the blockading of crossings. The Union Pacific yards are nearly in the heart of the city and much complaint has been made as to the blockading of crossings. Several arrests have been made from time to time of railway trainmen who constantly have blocked the crossings. The officials have contended that trainmen have orders not to blockade but immediately cut trains. As a general thing, fines imposed following arrests have been suspended. The railway officials say, however, that trainmen should be arrested and the city authorities will take them at their word. The council has ordered the chief of police to issue orders to trainmen, together with the mayor's orders to the police to arrest every violation of the ordinance, and still more frequent arrests are expected.

Little Change in Cuming.

WEST POINT, Neb., Jan. 7.—(Special.)—Today was house cleaning day in the county court house. The sheriff, F. W. Klotke, rep., succeeds himself, having served the county for the last two years with marked ability. The treasurer, P. W. Meyer, rep., also succeeds himself, having been re-elected by a large majority. Clerk of Court J. C. Finker, dem., is likewise his own successor and enters upon another four-year term. A. F. Wallis, county clerk, is succeeded by Joseph F. Kaup, dem., a new man. County Judge Louis Dewald, dem., takes the place of Judge S. S. Krake, who has served in that capacity for six years. The political complexion of the Board of Supervisors remains the same as for the last three years, namely, five democrats and two republicans. Superintendent Stahl again assumes charge of the schools of the county. His term just expired has been a very successful one, the grade of the schools throughout the county having been materially raised through his efforts.

Creamery Pays Well.

SCHUYLER, Neb., Jan. 7.—(Special.)—The annual meeting of the stockholders of the Schuyler Creamery company occurred this week, the business of the company being shown by the secretary's annual report to be in good condition, although the present volume of business or the future prospects were not as hopeful as in former years. The company is in financial condition to meet all its obligations, but on account of the surplus invested in good advantage decided that it would be better policy not to withdraw the amount from investment and deferred the payment of the 6 per cent dividend ninety days. In the reorganization J. A. Pence was re-elected president. August Herde vice president. Frank E. Moore, who made the organization of the company in March, 1897, has been secretary-treasurer and manager, declined re-election to take up newspaper work on one of the local papers, the Schuyler Sun.

ROOSEVELT AND WEBSTER

President is Again Endorsed as Nebraska's Republican Choice for Head.

OWN MAN FOR THE VICE PRESIDENCY

Resolution Adopted Pledging Support to No Delegate but Who Favors This Ticket—Early Convention Advocated.

Resolved, That we favor and recommend to the republicans of the state an early state convention for the purpose of unequivocally pledging the support of the state to the candidacy of Theodore Roosevelt for vice president, and that John L. Webster be recommended as delegates to the national convention, and that persons only as are known to be earnestly and aggressively favorable to the candidacy both of President Roosevelt and John L. Webster.

This resolution, drafted by a committee composed of W. G. Whitmore of Valley, E. J. Halner and Roscoe Pound of Lincoln, was unanimously adopted at the organization meeting Thursday afternoon in the Millard for the Webster campaign. Delegates were present from all parts of the state and of Iowa and the meeting was called to order at 1:30 o'clock by Chairman John L. Kennedy.

Frank E. Moore, dean of the law school of the University of Nebraska, brought up the subject of the anti-Roosevelt rumors, saying: "It has been spread about in Lincoln and other parts of the state where I have been that the campaign for Mr. Webster is not what it appears on the surface—that wrapped up in it somewhere, as its real motive and object, is the support of a man who is something aimed against the candidacy of President Roosevelt. I know that there is nothing in such suggestions and anyone who knows those associated in this movement will know how absurd the stories are. Anyone who has taken any interest in political movements knows how ridiculous they are. In the communities where I have been I have said that this rumor was not true. It would not seem necessary to put it upon a post that we are for Roosevelt. Everybody is for the president; but it seems that in order to prevent any possible misconception we had best make some statement."

F. W. Barber, Robert Cowell, Chairman Kennedy and others spoke in the same strain. W. C. Whitmore of Valley said:

"If this is true, as I believe it is, that the rock-ribbed republicans have got the idea that the candidacy of Mr. Webster holds something inimicable to the president, I think we should adopt some resolutions which would unequivocally state that we are for Roosevelt. This hullabaloo was started where the racket about Hanna started—in the democratic party. They hope it is true."

After the resolutions had been read Attorney General F. N. Prout moved, and the motion was adopted, that a copy of the resolutions be sent to the president. E. J. Halner moved that the chairman and secretary of the committee attend the meeting of the state central committee and urge an early date for the district and state conventions. During a recess taken funds were contributed and pledged to the work. Chairman Robert Cowell of the ways and means committee being the bank.

E. Rosewater was next called upon, and began by saying that he was sorry not to have participated in the original organization of the movement, but that he had been out of the city a great deal and also had been very busy on matters of great importance to the party in the state.

"It is needless for me to say that I heartily approve the resolution just adopted," he continued. "I am, of course, for Roosevelt. No one here should doubt that. It has been said in some places in the east that I am disgruntled because Attorney Summers was not dismissed. I am for Roosevelt because he represents in every fiber true Americanism; I am for Webster because he is a Nebraska republican. I should support him because of his standing, integrity and capacity. If he is not nominated his candidacy will have been an honor to him, but I believe he has an equal chance with any other candidate. It would be no disgrace to any republican for Roosevelt and Webster."

Favors Early Convention.

"I believe that we should have an early convention in February. It will be a good thing if the flag of the state is early up for Roosevelt and we constantly have in the east that I am disgruntled because Attorney Summers was not dismissed. I am for Roosevelt because he represents in every fiber true Americanism; I am for Webster because he is a Nebraska republican. I should support him because of his standing, integrity and capacity. If he is not nominated his candidacy will have been an honor to him, but I believe he has an equal chance with any other candidate. It would be no disgrace to any republican for Roosevelt and Webster."

Benefit for Firemen.

YORK, Neb., Jan. 7.—(Special.)—On next Tuesday night a benefit ball will be given by the York Volunteer Fire department at Boyer's hall for the purpose of raising money to defray the expenses of the York delegation to the annual firemen's meeting, to be held in Fremont. York has the material for one of the fastest teams in the world, and there is some talk of making up an all-Nebraska team from York to enter the world's horse contests at the World's Fair at St. Louis this year. An all-Nebraska horse team would be hard to beat. The citizens of York always liberally patronize benefits to its volunteer fire department and every one is purchasing tickets.

Beatrice Firemen Elect.

BEATRICE, Neb., Jan. 7.—(Special.)—How many No. 1 held its annual meeting here last night, at which the following officers were elected: H. W. Alkquist, president; Charles Pagels, vice president; Harry Scott, secretary and treasurer; Harry Scott, foreman; Will Hoagland, first assistant foreman; John Lubberger, second assistant foreman; John Lubberger, steward. A banquet was held at the business session, which was attended by about fifty members of the fire department. Mayor Shultz was present and delivered a short address, in which he paid a glowing tribute to the Beatrice fire department.

Protects Himself for Future.

FREMONT, Neb., Jan. 7.—(Special.)—Arnold Kurz of Scribner was given his final citizenship papers in the district court yesterday. Kurz made a visit to Germany this fall and shortly after his arrival he was placed under arrest and sentenced to serve the time to the regular army. He had been in this country for some many years, but had neglected to take out his second papers. His arrest was brought to the attention of the United States minister and he was finally released, the proceedings costing him several hundred dollars. He took out his final papers as soon as practicable after his return.

Reward for Hog Thief.

GRAND ISLAND, Neb., Jan. 7.—(Special.)—At its meeting yesterday the County Board of Supervisors offered a reward of \$20 for the apprehension of a recent hog stealing case and escaped by jumping from the wagon as Chief of Police Keeplin was bringing two prisoners and their team into the city. His accomplice was arrested and is being held to the district court with a plain case against him. Vanney is smooth faced, light complexioned, about five feet eleven, and has somewhat drooping eyelids.

Organizing Roosevelt Club.

GRAND ISLAND, Neb., Jan. 7.—(Special.)—A call for a mass meeting of republicans was circulated this morning, the purpose being the organization of a Roosevelt club

the consideration of organization reported

at the opening of the meeting. They proposed a committee on ways and means, to which afterward were appointed: Robert Cowell, chairman; G. W. Wastles, J. C. Wharton, Rome Miller and L. L. Lindsay; a press committee, for which E. Rosewater, chairman; B. P. Heiser, secretary and N. P. Dodge, Jr., were appointed, and a committee on literature, which was made up of Ralph W. Breckenridge, chairman; E. M. Bartlett, W. J. Connell, T. W. Blackburn and H. M. Waring.

The state committees which were recommended to consist of three men each, who had been born or had formerly lived in each state to work that state in the interest of Mr. Webster. Men volunteered to use their influence in various states—Iowa showing the strongest delegation—but the composition and naming of these committees could not be completed, as persons had been heard from, and this will need several days.

ALL READY FOR THE FREMEN

Fremont Proposes to See that the Visitors Have a Pleasant Time.

FREMONT, Neb., Jan. 7.—(Special.)—The committee having charge of the arrangements for the annual meeting of the Nebraska Volunteer firemen, which will be held here January 19, 20 and 21, has made full preparations for that gathering and it will not be their fault if the visitors do not have a good time. The meetings of the association will probably be held at the Lawson theater, an entertainment will also be given at the theater on the evening of the session, the entire downstairs being reserved for the visitors. The meeting will close with a banquet at Masonic hall.

Changes in Cass County.

PLATTSMOUTH, Neb., Jan. 7.—(Special.)—A number of new county officers succeeded the old ones in the court house today. J. E. Douglas, a republican who has filled the office of county judge for two terms, was succeeded by H. D. Travis, a democrat, who appointed Mrs. McVicker deputy. L. A. Tyson succeeded himself as county clerk, with J. L. Barton deputy. W. D. Wheeler, a democrat, who has served Cass county as sheriff for two terms, succeeds J. L. Barton, a republican, as county treasurer, with Kelly Fox and Frank E. Schuster as deputies. D. Hawkins, a democrat, succeeds J. P. Frazier, a democrat, as county commissioner. J. W. Teegarden, a republican, who has been appointed deputy county assessor, will office with the county commissioners. J. M. Roberts succeeded G. F. Houseworth as clerk of the district court, each being a republican. J. D. McBride, sheriff, and C. S. Wortman, superintendent of public instruction, both democrats, succeed themselves. Ed Tutt has been appointed deputy assessor, succeeded G. E. Coroner, and E. E. Hilton, surveyor, both republicans, succeed themselves in office.

Omaha Boys Held for Trial.

PLATTSMOUTH, Neb., Jan. 7.—(Special.)—The preliminary hearing of Gray Yates, who claims his home with his six sons on Nineteenth street near Mason or Pierce in Omaha, and George Rigby, who claims his home with his mother at 1716 Nicholas street, Omaha, was had before Justice Archibald today on a charge of daylight burglary. One of the boys was wearing a shirt that had been stolen when arrested and the other was wearing some of the jewelry and had in their possession two keys which could unlock the room in the Perkins hotel in this city from which the goods were stolen. The boys admitted that they stayed all night at the hotel and went to Omaha the day the goods were bound over to the district court, their bond being fixed at \$500.

Thanks York Firemen.

YORK, Neb., Jan. 7.—(Special.)—The York fire department was among the first to send contributions for the benefit of families of the firemen who lost their lives in the Alien Brook fire at Omaha and this week they received the following letter from Mayor Moore of Omaha:

Your kind letter of December 2, with check for \$25 enclosed, for the benefit of the families of the firemen who lost their lives in the Alien Brook fire, received, and I hasten to express my sincere thanks for your generosity on this occasion. Your firemen have our deepest gratitude for your efforts and I am sure it will be appreciated by the families of the unfortunate ones who are left to mourn. We have a fund of little more than \$1,000, and I expect it will reach the \$5,000 mark before we close the fund. Assure your firemen that I am very grateful to them for their assistance in the matter.

Do what it was intended to do!!

Or were they forced from lack of early training, to "grind up something" and "advertise" that will make it go? The first year of the life of these imitators they did not assume that their foods were "predigested" or were "brain" foods, but when for some unexplained reason the demand did not come up to expectation, they concluded perhaps it might be because they were not advertised as "predigested brain foods."

So, without any change in the articles, and with most amazing effrontery, the makers of some have now suddenly begun to talk "Brain Food," "Predigested," etc., etc., copying the announcements of Grape-Nuts that the public have been familiar with for seven years past. When you read our words and phrases, "Predigested," "Made from entire Wheat and Barley," "A Food for Brain and Nerve Centers," etc., etc., fitted to some breakfast food, you may know these claims have been cribbed from the original, and are pretences. A genuine originator must have as his actuating motive, honesty of purpose. Imitators have but one object, MONEY, and that to be gained from the thought and work of others.

There is but one and only one genuine predigested Brain Food and that is Grape-Nuts. Look for the little book, "The Road to Wellville," in each package. POSTUM CEREAL CO., L'dd BATTLE CREEK, MICH.

COLOMBIA IS TURNED DOWN

United States Government Declines to Reopen Panama Question.

ANSWER IS POLITE BUT EMPHATIC

Special Envoy Reyes Asks that Correspondence Be Submitted to Senate, So its Publication is Withheld for Present.

WASHINGTON, Jan. 7.—General Rafael Reyes, the Colombian special envoy, has received the answer of the Washington government to his note charging the United States with open violation of the treaty of 1846. The answer, which was prepared by Secretary Hay, though couched in the most diplomatic terms and expressing the wish of this government to deal justly with Colombia, is an emphatic refusal to reopen the Panama question. Prior to the receipt of the reply General Reyes wrote to the State department requesting that the correspondence be transmitted to the senate for its consideration. Pending an answer to this request, the correspondence will not be made public.

Reopens Old Business.

EDGAR, Neb., Jan. 7.—(Special.)—F. M. Thompson has purchased the hardware business and stock of Ong & Edgar and will take possession on January 15. Mr. Thompson built the store and established the business in its present site four years ago, sold to Ong & Edgar two years ago, and has now repurchased his former business.

Inannaquina's Men Hostile.

NEW YORK, Jan. 7.—The United States gunboat Bancroft has returned from a cruise along the coast of Caledonia, made to investigate conditions and circumstances of the alleged abduction of the Indian chief, Inannaquina, says a Herald dispatch from Colon. It is stated that the Ban Indians were found to be most unfriendly. They objected to the landing of the Bancroft's officers and to their remaining ashore. They also refused to sell fruit or fresh water. Chief Inannaquina was seen at a distance wearing a fine new Colombian uniform.

Lineman Gets Heavy Current.

NORFOLK, Neb., Jan. 7.—(Special.)—A special to the Daily News from Butte, Neb., says that Oscar Strand, a lineman, very nearly met death on a live wire through which a current of 10,000 volts was passing, today. His life was only saved by the fact that his body did not touch a pair of wires and thus complete a circuit. For a time the man was thought to be dead. After having received the terrible shock for several minutes his limp and apparently lifeless form was tenderly taken down, burned fearfully by the current. Every means of restoration was employed and within two hours signs of life were noted. Consciousness has now been restored and the man will live. About 150 people assembled at the scene of the accident. The wire was the one which connects the flouring mill with its power plant several miles away.

Judge Babcock Qualifies.

BEATRICE, Neb., Jan. 7.—(Special.)—Hon. A. H. Babcock yesterday took the oath of office as judge of the First judicial district. He named J. A. O'Keefe of this city as his court reporter.

Drill into Gold Bricks

and examine the Shavings.

Whenever you read the advertisements of Breakfast Foods

announcing "Predigested," "Brain Food," "Starches turned to Grape Sugar," "Made of Entire Wheat and Barley," etc., etc., you can apply the following

...FACTS...

Seven years ago the original ready-cooked, predigested Grape-Nuts Food was discovered and placed before the people.

Its early history shows that the inventor, after recovery from a long attack of nervous prostration and a well-nigh fatal attack of appendicitis, was brought to realize the urgent necessity for a predigested cereal food that the system could absorb, and that would furnish the body with energy and also rebuild the Brain and Nerve Centers.

That was the PROBLEM

With years of training at his back perhaps no man was better equipped to solve that problem.

He knew that weak intestinal digestion meant, either leave off eating any starchy foods, Potatoes, Wheat, Oats, Bread, Cakes and Puddings, or suffer distress and disease.

He knew that some starchy food is necessary to supply energy.

He also knew that delicate particles of Phosphate of Potash assimilate with Albumen in the food and go to build the gray matter in the Brain and Nerve Centers, so, the experiments began and extended over a period of about 2 years resulting in the now world famous food Grape-Nuts.

Special parts of the Wheat and Barley are selected and so treated by moisture, heat and time as to change the starch into sugar which can be seen exuding from every granule of Grape-Nuts.

This form of predigested starch (now sugar) is quickly taken up by the blood and deposited in the muscles and tissues, stored and ready for use when energy is demanded.

Then the little particles (microscopic) of Phosphate of Potash are there as well, and with the Albumen of food, surely, steadily and perfectly do their work in re-building and making new the worn down Brain and Nerve Centers.

That is the reason why people who know these facts and have proven them, use Grape-Nuts.

Truly "There's a Reason."

Persons who have been built back to strong, sturdy men and women by adopting scientifically made food, particularly when delicious to the taste, are not quick to forget it.

A great original success is always a bid for imitators, but Grape-Nuts was so hard to copy that for the first five years, but feeble attempts were made by anyone to imitate either the food or the announcements of its merit.

However about 2 years ago a tremendous rush was made to get into the ready-cooked food business.

Several hundred factories were built and the hopes of the stockholders ran high.

Had these money-seeking followers gone through the days, weeks and years of hard experience, in sickness, investigation, study and experiment that fitted the old originator to bring forth from his food laboratory a genuine article, intended for a purpose, and so skillfully and scientifically blended and made that it would—

Do what it was intended to do!!

Or were they forced from lack of early training, to "grind up something" and "advertise" that will make it go?

The first year of the life of these imitators they did not assume that their foods were "predigested" or were "brain" foods, but when for some unexplained reason the demand did not come up to expectation, they concluded perhaps it might be because they were not advertised as "predigested brain foods."

So, without any change in the articles, and with most amazing effrontery, the makers of some have now suddenly begun to talk "Brain Food," "Predigested," etc., etc., copying the announcements of Grape-Nuts that the public have been familiar with for seven years past.

When you read our words and phrases, "Predigested," "Made from entire Wheat and Barley," "A Food for Brain and Nerve Centers," etc., etc., fitted to some breakfast food, you may know these claims have been cribbed from the original, and are pretences.

A genuine originator must have as his actuating motive, honesty of purpose.

Imitators have but one object, MONEY, and that to be gained from the thought and work of others.

There is but one and only one genuine predigested Brain Food and that is Grape-Nuts.

Look for the little book, "The Road to Wellville," in each package.
