## HARRIMAN ITS PRESIDENT

Union Pacific's Election in New York Has This Result.

HE MAY SERVE ONLY TEMPORARILY Circumstances Foster a Bellef that He

Accepts the Place Mr. Burt Vaentes Only for a Short Time.

NEW YORK, Jan. T .- E. H. Harriman was today elected president of the Union Pacific Railway company.

The resignation of Horace G. Burt as president was first accepted and the election of Mr. Harriman immediately followed, after which the directors adjourned. There is reason to believe that Mr. Harriman's acceptance of the presidency is

only temporary, Meetings of the various Harriman syndicate roads were also held today, but they were said to be of a routine and unimpor tant character.

President Burt received the news that Mr. Harriman had been elected to succeed him. His private secretary, T. M. Orr. stated that no further changes in the offientirely in the hands of the board of directors in New York.

A report was current yesterday to the effect that the charter of the Union Pacific provided that the president of the company must reside in the west. It has been ascertained, however, that this was true under the old charter, but it is, not true under the new one, and that he can reside wherever he desires.

The news was received here with no surprise whatever, as it had been generally board will meet later to elect officers. anticipated that Mr. Harriman would suc ceed to the presidency. As was pointed out by a local railroad official in an interview in The Bee several days ago, Mr. Harriman already was president of the of the Harriman system was actually head ident of each.
