that the Mormon Church Claims Supreme Authority, Divine Sanctioned.

WASHINGTON, Jan. 9 .- The response of Senator Reed Smoot of Utah to the charges made against him was presented to the senate committee on privileges and elections by Senator Burrows, chairman of the committee. The document was in printed form and the members of the committee did not go through the formality of reading it during the session. It was agreed that at the meetings of the committee to be held next Saturday the attorneys for Mr. Smoot and for the petitioners should be heard. John G. Carilsle of New York, formerly secretary of the treasury, R. W. Taylor, formerly a representative in congress from Ohio, will appear for the prosecution, while Mr. Smoot will be represented by Messrs. Worthington of Washington, D. C., C. Waldeman Cott of Utah and W. E. Bosah of Idaho. The attorneys will be heard as to the merits of the case as already presented. They will examined to show precedents and authorities and after they shall have made their presentation the committee will decide what to do further in the matter by calling witnesses or dispose of it on the showing which will then have been made. Senator Smoot's answer follows:

This respondent is advised and avers that This respondent is advised and avers that but two of the charges made against him in said protests, either directly or by im-plication, are such as, if true, could legally affect his right to hold his seat in the senate. These two charges are: 1. That the respondent is a polygamist. 2. That he is bound by some oath or ob-ligation which is inconsistent with the oath required by the constitution, which was administered to him before he took his seat as a senator.

as a senator. Both these charges respondent denies. As to the charge that he is a polygamist, the respondent says that he was married on September 17, 1584, to Aipha May Eldridge. She is still his wife and is the mother of all his children. He has never had any other wife and never cohabited with any other wife. As to the charge that the respondent is bound by some oath or obligation controll-ing his duty under his oath as a senator, the respondent says that he has never taken any such oath or in any way assumed any such obligation. He hold the constitution and laws of the United States, including the condition in reference to polygamy upon which the state of Utah was admitted into the union.

Some tomachs will stand much more abuse than others, but every stomach has its limit; and when that limit is reached it is a very dangerous and unwise proceeding to attempt to force it into doing further work. The sensible and reasonable course is to employ a substitute to carry on the work of digestion and give the stomach an opportunity to recuperate and regain its lost strength

Stuart's Dyspepsia Tablets are the only perfect substitute to take up and carry on General A. R. Chaffee, who has been actthe work of tired, worn out stomachs. They work independently of surrounding conditions and the fact that the stomach is weak or diseased does not influence them at all in their useful and effective work. They will digest food just as well in a glass jar or bottle as they will a stomach. You can see that for yourself by putting one of them into a jar with a square meal and some water to enable it to work.

Senator Dictrich was discharged by the Omaha court because the bribery which was alleged against him was not charged to have been committed before he took his seat in the United States senate.
