MAKE A FIGHT ON WEBSTER

EDMISTEN CALLS POPULIST COMMITTEE Prospect for Harmony at Bryan Banquet Grows Less as the Time

for Holding it Appronches.

(From a Staff Correspondent.) LINCOLN, Jan. 12-(Special.)-That the epublicans of Lancaster county are not for John L. Webster for vice president was shown at the meeting of the Roosevelt club held at the court house last night. When Dr. Greene, superintendent of the Lincoln asylum, in his speech said he was n favor of a delegation to the national

onvention instructed for Roosevelt and Webster, the audience almost enmasse cried "No." When Judge Reese stated he wanted the Nebraska delegation to go to the convention instructed for Roosevelt first, last and all the time and with no second choice, he was cheered to the echo. The meeting was attended by about 250 republicans, including those men who control Lancaster politics. For some time there has been a growing sentiment in Lincoln in opposition to Webster. H. T. Dobbins, former chairman of the county ommittee, has stated his opposition to

Webster and in all probability will use his influence to prevent the endormement of Webster by the state convention. Edmisten on Populist Plan. The populist national committee will be called to meet in Denver February 22. This announcement was made today by Vice Chairman Edmisten for Chairman Butler,

A consensus of opinions of prominent members of the party all over the United States has recently been secured, and these are that the populists should go it alone next year unless the Bryanites should control the democracy, which is regarded as improbable. Mr. Edmisten says:

The southern wing of the party, the mid-roaders; meets at St. Louis on the same day, and our idea is to call a na-

tional convention in advance of either of the old partles. It looks as though Bryan would be for the nominee, whoever he is, and reunited democracy will poll a marvelous vote. There are mixed considerations, however, which throw more uncertainty in this campaign than in years, and we intend to name one whom the country knows something about and whose fight on an antitrust platform will appeal to the masses. The people's party is not yet out of the running, and I favor trying to cement into one body all who are opposed tost ruls. If we do we won't be third

in the race. Dinner but No Harmony. Prospects for a harmony meeting in Lin-

coln when Mr. Bryan comes sailing home are anything but flattering and the fight for this most coveled condition by the rank and file of the party in all probability will result merely in renewed fights. If the Jacksonlans of Omaha imagine they are to be welcome guests at the dollar dinner and sit at the right hand of the elect without wearing sackcloth and ashes they are referred to this paragraph from the announcement of Chairman Worrall of the arrangement committee;
