CHICAGO, Jan. 15.—Renewed fear of war pulled up both grain and provisions today. Wheat closed at an advance of 1/8c.

Wheat held steady during the first part of the session but later the market was availed of by the crowd to launch out on a general advance.

Local receipts were very light and the demand for the best quality wheat was very strong.

Provisions were weak early on the strength given for stock but later the market advanced on war news and the lower price in grain.

The heavy influx of cash indicated by the preliminary estimates of the week's currency movement was accepted with interest and the market closed barely steady.
