Dr. Shoop's Rheumatic Cure Costs Nothing if it Fails

Any honest person who saffers from Rheumatism is belrome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly is years I worked to this cond. At last, in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had disappointed physicians averywhere. I do not most that Dr. Shoop's Rheumatic Cure can turn heavy fortis into desh again. That i simpossible. But it will drive from the blood the poison that cause pain and swelling, and then that is the end of Rheumatism. I know this so well that I will rummah for a full shouth my Rheumatic Cure on trial. I cannot sure all cases within a month, it would be unreasonable to expect that but most cases will yield within 10 days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism—a potent force against disease that it Promitable.

My offer in made in convince you of my faith.

MULCT STATUTE ASSAILED

Action Brought by Grand Hotel Receivers in the Federal Court.

TAKES PROPERTY WITHOUT RECOMPENSE

Attorney Wadsworth Neglects to Push Additional Injunction Proceedings and These Cases Likely to Go Over.

Judge Smith McPherson of the United States court has issued a temporary injunction restraining Attorney Wadsworth from proceeding against the Grand hotel bar under the mulct law. This temporary restraining order was issued upon application of the attorneys for the receiver of the hotel, who was appointed by the federal court.

In support of the application for the injunction it is contended that the Iowa mulct law is unconstitutional in that it operates to take property without due process of law and without compensation, in violation of the fourteenth amendment to the constitution of the United States. The petition declares that "the statutes named (Iowa mulct law) are unlawful, unconstitutional and void because under their provisions private prosecutors who are irresponsible and without the necessity of giving security for costs or of furnishing any bond whatever, without any protection or guard for the rights of citizens but merely for the purpose of personal and private gain and for the gratification of personal malice, may be permitted to prosecute and force the defendants or those who they may allege have violated the provisions of the statutes, to incur expense and costs, loss of time and deprive them of their property without due process of law."

There were no new developments in the saloon war yesterday. Attorney Wadsworth did not appear in court to prosecute the injunction cases against the last five saloons on which he had served notices of suit, and it is understood these will go over for the present.

Regarding the disposition of the paraphernalia alleged to have been used for gambling purposes, seized by Constable Raker Monday evening under the search warrant secured by Attorney Wadsworth, no time for the hearing has been set by Justice Carson.

It was reported yesterday that W. A Wells, local agent for the Storz Brewing company, as a result of the fight made against him and the company he represents, had resigned and that a settlement of the fight in consequence would be effected. When asked as to the truth of the report that he had resigned. Mr. Wells "I am resigned to the injunction issued against me; that is all." By this Mr. Wells meant the injunction against the Storz company's saloons secured by Attorney Benjamin, which was also directed against Mr. Wells personally.

N. T. Plumbing Co. Tei. 20; night. F 667. FIRE DRILL IN THE SCHOOLS

Board of Education Decides They Shall Be Held Regularly in

At the meeting of the Board of Education last night on the matter being brought up by Director Davenport it was decided to establish a regular system of fire drill in the public schools of the city. The committee on buildings and grounds, being most conversant with the different school buildings, was named as a special committee to act with Superintendent Clifford in formulating a set of rules for the drill." These rules are to be printed and distributed, not only among the principals and teachers of each building, but also mong the o'der pupils.

Fire Chief Templeton appeared before the board and in making a number of suggestions incident to the protection of the schools and pupils against fire, recmmended in the strongest terms the regular enforcement of a fire drill in each school building in the city. He called atention to the fact that recently at the drill one afternoon, the building where 800 pupils assemble, was emptied in an orderly manner in two minutes and five seconds. He expressed the opinion that with regular practice the pupils could be gotten out of the building in about one and a half minutes. At the Harrison street school he had been informed by a teacher that since the agitation looking to the revival of the fire drill had been started, the school had been emptied in forty-seven seconds. Chief Templeton recommended that the drill be compulsory and that the principal of each building be required to make a regular veport to the superintendent showing the time of holding the drill. the number of pupils in the building and the time in which the school is emptied.

In his report to the board Chief Templeton stated that he had made a personal inspection of every public school building in the city since the Iroquois disaster and that with a few minor exceptions he had found the buildings in the very best of condition. At some of the buildings he had found that the doors opened inwards instead of outwards and he had reported to the supervisor of buildings and grounds recommending that this be changed at He also called the attention of the the Star Grocery company at 343 West | board to the fact that the storage of old Broadway, where a blaze had started in a material, lumber and other supplies in the rear room. The fire was extinguished in basement of the Bloomer school was a quick order with but little loss, entirely source of considerable danger in case of covered by insurance. The fire is supposed fire and suggested that the board procure to have started from one of the clerks a storage place apart from a school buildstepping on a match, the flame from which ing. He suggested further that a section of hose with proper connections be kept in each building and that under no circumstances should gasoline be permitted in any building. Chief Templeton also made a few suggestions relative to the fire escapes, which the board agreed to see were carried out. One of these suggestions was that every window or exit leading to a fire escape should be kept inlocked during school hours and that during the same time every door in the building should be in a similar condition.

> and for his timely advice and recommenda-Secretary Ross made a report of the finances of the school district, which showed that in the teachers' fund there was just sufficient to meet the next payroll, but that in April the treasury would again be in proper condition to meet all obligations. The school house fund shows a balance of \$4,925 on the right side of the ledger, while the contingent fund is over-drawn \$7.75. There would be sufficient money, Mr. Ross said, in July to retire

He did not recommend that the use of the fire escapes be made a part of the fire

drill, but suggested that a class at a time be shown how to go down them. The board thanked Chief Templeton for his

careful inspection of the school buildings

\$10,000 of bonds, and the same amount in January next.

The resignations of Miss Nellie Parsons and Miss Mary Montgomery were favorably acted upon. Miss Myrtle Winters was added to the list of teachers at \$5 a month, and Miss Daisy Wood at \$75 a month, the latter to teach in the high school.

The resignation of G. B. Miles as janitor at the Harrison Street school was received and R. Jepson was appointed in his place. Miles was forced to resign on account of ill health.

The art department of the Council Bluffs Woman's club was accorded the use of the high school auditorium for two stereopticon lectures on American art, to take place after February 15.

Reporting on the midwinter graduating class which holds its commencement exercises Thursday evening. Superintendent Clifford stated that the eleven members, all and he suggested being permitted to establish a normal class for them until the close of the year. This he suggested would be better for them than to begin teaching in and the eleven graduates will receive normal instruction so many days a week from the superintendent and during the other days will be turned over to the care

ORIGIN OF FIRE A MYSTERY

Neither Mauager of Store Nor Fire Chief Able to Advance Any Theory

According to the statement made yestermanager, the stock of the Syndicate Trading company of Kansas City, which was have involced about \$15,500. Since the close had been permitted to lapse, but he said about \$12,500 had been retained. Later it was stated that the company was carrying \$14,000 on its stock and fixtures at the time of the fire.

Manager Shelley stated he spent Monday night in the Turkish bath rooms of the Her Grand hotel in Omaha and the first he learned of the fire was when he came to the store to open up yesterday morning. He was unable to advance any theory regarding the origin of the blaze and declared that it was entirely a mystery to him. He was the last to leave the store Monday evening, shortly after 6 o'clock, when the only light left burning was a single gas jet in the center of the store. Everything was apparently all right when he left and he could not imagine what had caused the fire.

Mr. Shelley stated that possibly the firm might open up again in Council Bluffs but that his future plans were not assured. He said he had received a telegram from his father, George Shelley, a well-known politician of Kansas City, expressing regret for the loss and urging him not to be discouraged, as they would open up again.

The chemical engine from No. 3 house while on the way to the fire Monday night collided with a telephone pole with the result that the tongue of the wagon was to guide or control his horses. Chief Temeton and two of the fron cuts from broken glass during the fire, but the injuries were not severe.

People living across the street from the Syndicate Trading company's store on Main street claimed to have heard several loud explosions when the flames were first noticed. Mr. Shelley accounted for this by stating that they may have been caused will be a hard fight in Iowa if an effort by the breaking of the air-tight glass show is made to commit the party to Hearst. cases, of which there were a number in the store.

Chief Templeton, after making an inves tigation of the burned store, yesterday was unable to arrive at any conclusion as to the origin of the fire or in-what part of the building it started.

Hafer sells lumber. Catch the idea?

Suit to Quiet Title.

William Carse of Oakland, Ia., whose farm the swindlers, John J. Foy and John Snyder, claimed to have purchased and secured \$4,500 on a forged deed from N. P. Dodge was in the city yesterday making arrangements to bring suit in the district court to quiet his title to his property and have Washington avenue school during a fire the forged deed, which had been placed on record, set aside. Such a suit will be necessary for Mr. Carse to clear his title to the land.

New York Court Holds as Worthless the Note Held by Frank A. Buckman.

BINGHAMTON, N. Y., Jan. 19.-(Special Telegram.)-A trial interesting to farmers in all sections of this country has just been concluded in an action brought by Frank A. Buckman of Council Bluffs, Ia., against D. Wellington Davis of Kirk to recover on a note for \$400, the defense being that the note was fraudulently procured. Davis signed a contract with a lightning rod agent to place rods on his barn for \$30 and furnish insurance gratis. The rods were placed and a bill presented showing a total cost of \$400. This Davis at first refused to pay, but when a threat was made to put a lien on the buildings he gave a note for \$400. The insurance was never delivered and Davis refused to pay the The jury sustained him on the note. ground that it was fraudulently obtained. There are numerous other actions of a sim-

SORE OVER THE PRIMARIES

John MacVicar Talks of Running as Independent Candidate for Mayor.

TAKING OF BALLOTS COMPLICATES RESULT

Rumor Has It that Bryan Has Deputized Towne to Write the Next National Platform of His Party.

Cutting Out Free Silver.

(From a Staff Correspondent.) DES MOINES, Jan. 19.-(Special.)-The city republican primary of yesterday left many sore spots and there is fair promise of trouble yet to come. There is no doubt young women, planned becoming teachers of the nomination of George Mattern for mayor, as he has seventy-six delegates to the convention, or five more than enough to nominate and has nearly 800 plurality of the popular vote as counted. At the same rural schools. The permission was granted time John MacVicar talks of contesting the election on the ground of the alleged gross frauds practiced and if not, then going before the people as an independent candidate. The taking of some of the ballots of some teacher or principal of the ward on the East Side in one precinct has brought about many complications. It can have no effect on the mayoralty fight, and it is now believed it was an attempt to influence the aldermanic contest. The two thieves who entered the booth while the count was in progress had an order from Chairman Harsh of the city committee and the man who did the shooting was a MacVicar judge who was armed and ready for just such trouble. It is not known that anybody was hit. The doubt as to how that precinct went complicates the assessor fight. George Schramm, the present day morning by James M. Shelley, the city assessor, has the most delegates pledged, but if the precinct should ballot over again, as has been proposed, and A. destroyed by fire Monday night, would C. Morrison should get the precinct it would be a tie between the two, with one of the hollday trade some of the insurance precinct pledged to a third man and holding the balance of power. The trouble in the precinct also complicates the aldermanic fight in the same way. The follow-

ing is the net result of the primary: mayor-George W. Mattern.
Solicitor-W. M. Bremner.
Engineer-John W. Budd.
Auditor-John B. Lucas.
Treasurer-Harry F. Gross.
Police judge-W. A. Tris.
Assessor-George C. Schramm.
Park commissioner-Sidney A. Foster.
Alderman-at-large in West Des Moines.
Alderman-at-large in East Des Moines.

rman-at-large in East Des Moinesoes to convention.
Alderman First ward—John G. Myerly.
Alderman Second ward—A. L. Smith.
Alderman Third ward—E. A. Higgins.
Alderman Fourth ward—Eugene Van

Alderman Fifth ward-C. C. Christy. Alderman Sixth ward-Goes into conven-Alderman Seventh ward-Goes into con-ention, but claimed by John Stewart.

Democrats Plan for Convention. Information received here privately i to the effect that General James B Weaver of lowa, took a conspicuous part in the conference held in New York City on the day of the arrival of W. J. Bryan, wherein it was decided that Charles A. Towne should prepare the draft of a platform for the democratic national convention embodying the views of the former populists and free silver republicans to be presented to the resolutions committee at St. Louis. It is also announced that they smashed. A defect in the hitching of the are willing to leave out all reference to harness made it impossible for the driver free silver and may modify their views on imperialism, but desire that the other radsurce to the Kunsas City platform be retained. Here in Iowa the belief is gaining ground that the movement also in cludes pushing Hearst as the democratic nominee for president. A large element of the conservative democrats who are in the house and senate of the state are op posed to the Hearst movement and there

Republican Complication.

When the republican state committee meets to fix the time and place for the republican state convention for the nomination of delegates to the national convention there is likely to be a sharp contest over the question of the representation on the committee from the Ninth district. Asmus Boysen of Audubon county, who was elected two years ago, has since removed Chicago where he makes his permanent headquarters and his home. Last year the members of the committee permitted a proxy to be admitted for him, but it is understood that any proxy coming from him will be resisted now, especially if there is a close vote in the committee on the question of location of the convention. It is expected the call will be issued soon.

Chamberlain's Cough Remedy a Fa-

vorite. The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no oplum or other harmful drug, it may be given as confidently to a baby as to an adult.

HYMENEAL.

Graves-Plant

NEW YORK, Jan. 18.-Robert Graves and Mrs. Marguerite J. Plant, widow of Henry B. Plant, millionaire Southern railroad, steamship and land owner, have been married at the Plant residence in Fifth avenue. There were only about half a dozen witness, all relatives of the bride and bridegroom.

The groom is well known in society and club life here. He is immensely rich, having inherited the fortune of his father, a pioneer wall paper manufacturer of the country. The story of Mrs. Plant's recent fight in the courts for her dower rights in the will that she contested and won is well

ECZEMA ON LITTLE GIRL

Sleepless Nights for Mother and Awful Suffering of Child.

CURED BY CUTICURA

Had Given up All Hope of Ever Making Any Cure.

"My little girl has been suffering for two years or more from eczema, and during that time I could not get a night's sleep, as her ailment was very

"I had tried so many remedies and spent much money, deriving no benefit, I had absolutely given up all hope of making any cure. But as a last resort I was persuaded to try a set of the Cuticura remedies, and to my great delight a marked change was manifested from the first application. I gave the child a bath with Cutlcura Soap, using a soft piece of muslin cloth. This I did twice a day, each time following with the Cuticura Ointment, and at the same time gave the Resolvent, according to directions. One box of the Ointment and two bottles of the Resolvent, together with the Soap, effected a permanent cure. I submit this for publication if you desire, hoping it will add to your success and assist so many thousands of sufferers in curing themselves." MRS. I. B. JONES,

Addington, Inp. T.

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickened skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent, pills, or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.

Sold throughout the world. Cutieurs Resolvent, Ste. (In form of Checolate Conted Pills, 25c. per vist of 42), Ontoment, 85c., Song. Sec. Depoints Lendon, 27 Cherre-house 8q.: Paris, 4 Rur de la Paix; Boston, 157 Celum-bus Ave. Putter Drug & Chem. Corp., Sole Proprieturs. ograced for "liew to Care Scening."
