WILL BEGIN SMOOT INQUIRY Senate Committee Will Investigate Polygamy Charges and the Question of Church Interference.

WASHINGTON, Jan. 23.-The senate of mittee on privileges and elections today determined to enter upon an investigation into the charges made against Senator Smoot in connection with the demand for his expulsion from the senate.

Some of the members of the committee express the opinion that when the investigation is once entered upon it will be impossible to prevent opening the doors wide and going into all the points thoroughly. The resolution will be introduced in the senate Monday, and it is not probable that it will be antagonized.

The committee had before it Senator Smoot's reply to the specific charges made by Mr. Taylor at the meeting on January 16, and it was agreed that the charges and the reply constitute a sharply jointed issue, Officer of Defunct Cleveland Instituespecially on the point as to the interference of the Mormon church in temporal affairs. in Figures Over Previous

NEW YORK, Jan 23.-This week's bank statement breaks all previous records, particularly in loans and deposits. Loans for the week show an increase over all previous figures by about \$200,000, and the previous grand total is increased by about \$15,000,000, bringing that item to within \$35,-000,000 of the \$1,000,000,000 mark. The week's increase in deposits is \$5,500,000 over all previous figures and the totals are now greater than the loans by over \$21,000,000, Various theories have been advanced to account for these record figures. The most plausible one is that during the week there was a very general shifting of moneys by trust companies to clearing house banks.
