Important Negotiations Now Under Way Likely to Result in Erection of at Least One New Church.

For some time there has been considerable talk about moving the First Presbyterian church from its location at Twenty-fifth and J streets to the site recently purchased by the trustees of the church at Twenty-third and J streets. When it became known through the press that the church building was to be moved the German Lutherans took the matter up and are now pegotiating for the purchase of the property. Trustees of the Presbyterian church are willing to sell the property, as they consider that the building on the cash than can possibly be secured by movball public in years.

Hog Decrease Again.

For the first time this year the receipts of hogy at the stock yards showed a decided decrease. Up to date 150,504 hogs have been yarded here, but the decrease as compared with a year ago was not noticeable until yesterday. With dates compared there is now a decrease of 2.702 head. Commission men at the yards assert that the weather conditions of the last few days have tended to discourage shipments. As compared with the same date a year ago cattle and sheep show a marked increase in receipts.

Club Elects Officers. The members of the South Omaha club met Monday night for the purpose of electing officers. Bruce McCulloch, the president, occupied the chair until his successor was chosen. First came reports of the ofofficers and the chairman of the house com mittee. The treasurer reported the club to be in good condition financially. When it came down to electing officers there was short cuscus and it was agreed that Harry Tagg should be president, Robert Hall, vice president, and Harvey Mosely, secretary-treasurer and chairman of the house committee. The directors of the club are: Harry Tagg. Robert Hall. Harvey Mosely, John M. Mulien and Walter Sinte.
