BANKERS' UNION WINS POINT

Allowed to Continue Business by Giving Bond of \$15,000.

MERITS OF CASE NOT YET PASSED UPON

Coming Banquet of Young Men's Republican Club Promises to Be a Most Enjoyable

Affair.

(From a Staff Correspondent.) LINCOLN, Feb. 4 .- (Special.) - The Bankers Union of the World this afternoon in the supreme court won first blood in the injunction proceedings brought against its officers at the instance of Insurance Deputy Pierce, and tomorrow will resume business, the supreme court having so modified the temporary injunction as to permit of this pending the taking of testimony by Judge Robert Ryan, appointed referee The order of the court provides that President Spinney and the other officers of the company against whom the temporary injunction operated shall give a \$15,000 guaranty bond within five days. President Spinney said the bond would be filed with

the clerk of the court tomorrow. The hearing began with a statement of facts in support of the contention for a permanent injunction by Attorney General Prout and a general and specific denial for the defendant company by Judge Fields and M. H. Gering. Some personalities were indulged in. Mr. Gering severely arraigned Examiner Wiggins, while Mr. Prout made strictures on the management of the com-

After the statements had been made by counsel for both sides amdavits were filed supporting each and the judges went into consultation for an hour, handing down the order late this afternoon. The case attracted many lawyers to the court room and much interest was manifested,

Beek Improper Remedy. Mandamus is not a proper action to recover from a state or county official who has illegally retained moneys of his office after the expiration of his term of office. The supreme court has decided that the proper action was not pursued in the case the County of Gage against G. W. Maurer, former county treasurer. Maurer retained from the funds received by him while county treasurer a sufficient amount in excess of the fees of the office to make

up the salaries of himself, deputies and elerks. When he made settlement with the county board he acknowledged the retention of the money and deposited a certified check in the Beatrice National Mank for the amount retained in excess of the fees, to be paid to the successful party in the action by the County Board of Supervisors to recover from him. The case was a test one brought in the interests of the county treasurers of the state to ascertain if a treasurer had a right to retain from the treasury funds of his county a sufficient portion to make up the difference between his salary as fixed by law and the fees of the office.

Lets George Barker Out.

In the case of Michael Francis Clancy against George E. Barker et al, wherein Clancy sued the defendant for damages because his son was accidentally shot by a bell boy in the employ of the Barker hotel, causing the loss of an eye, the supreme court dismisses the proceedings against Barker and remanded the case as to the other defendant. In the trial in the lower court Barker set up the defense that he was not engaged in the management of the hotel, but was merely the president of the corporation, and had no voice in the man-

Library Title Valid.

The title to the ground on which the Carnegie library stands, in the city of Lincoln, was declared valid by the court. Sarah Gruninger, a nonresident, claiming to have an equity in the site, asked the court to open a decree of foreclosure rendered against her and others. The court refused to reopen the case and affirmed the decision of the lower court.

Big Time at Banquet.

The Young Men's Republican club banquet, to be given on the evening of February 12 at the Lindell hotel, promises to be one of the most enjoyable that this popular club has ever given. The speakers provided for and their subjects are; Governor Bailey of Kansas, "Kansas and Nebraska, Historical and Political Sketch;" Congressman George W. Prince, Galesburg, Ill., "Our Country;" Judge W. M. Robertson, Nerfolk, "Abraham 'Lincoln." Congressman Burkett will accompany Conattend the banquet. A committee will meet these two at Omaha, will meet Governor Bailey at the state line and will meet Judge Robertson somewhere outside of the city limits of Norfolk. All this was decided last night at a meeting of the club at which time committees were appointed and the hour for the banquet to begin was set at 9:30 o'clock. President P. James Cosgrove of the club will be the toastmaster. Tickets will not be on sale to the general public, though members of the club may get some if they apply in time at \$1.50 each. I know what it will do.

My success comes from strengthening the inside nerves. I bring back the nerve power which alone oversies all the vital organs.
I don't dector the organs, for the best results of that method are only temporary. I give those weak togans strength to do their duty by restoring the only power that makes them act.

There is no other way. Tou cannot restore a weak sagins by doctoring the machins. You must give it more steam—and inside nerve power is the steam of the body.

Talk About Senatorship. Now that the official call for the repub lican state convention has been issued, I is up to the republicans to seriously con sider the advisability of adopting the rec mmendation of the state committee to have the convention indorse a candidate for United States senator to succeed Senator Dietrich. And from the reports coming to Lincoln the matter is being seriously con sidered and the indications are now that if/there is not a radical change of opinion throughout the state there will be a fight in the convention. The indersement will not be made without a fight and that is certain and the recommendation of the state committee will not be turned down

Boys Held for Burglary. L. C. Bishop and Perry Loar, each aged

19 years, were bound over to the district court this afternoon in the sum of \$500 each on a charge of burglary, to which they pleaded guilty. Recently many stores in Lincoln have been robbed of small sums of money and goods and last night Officers Overton and David arrested these two boys, who admitted having entered two of Maxwell's stores and the Vienna bakery, taking several dollars from each. The supreme court today affirmed the decision of the lower court in the case of

the Omaha Gas company against South Omaha. In the case of John against Connell the

judgment last rendered was vacated and the judgment of February 6, 1901, was reinstated.

STOPS SALE OF LIQUOR BY COMPANIES

Alleged that Representatives o Transportation Companies Have for Years Nullified Prohibitory Law of the State of Kansas.

KANSAS CITY, Feb. '4.-Wholesale in dictments by the federal grand jury of express agents in Kansas City, throughout Kansas and in the prohibition counties of Texas and of liquor dealers who have been shipping liquor into these prohibition states, are imminent as the result of a movement started by John W. Yerkes. commissioner of internal revenue at Wash-The local agents of three large whole

sale liquor houses, it was announced today were indicted yesterday and arrested, bu released on their own recognizance, and additional bills will, it is said, be found against the agent of every express company in Kansas City, in the state of Kansas, and in the prohibition counties of Texas, who have acted as agents for the liquor houses in selling whisky as fast as the evidence against them can be presented. For years practically every express company in this part of the southwest has acted as agents for liquor companies, who have sold liquor in Kansas and Texas, the express agents of the different companies acting nominally as agents at the various points, thus practically nullifying the prohibition law. To avoid the law, the whisky was sent in sealed packages to ficticious names and sold by the agents for "express charges." Millions of cases of whisky have been sent into Kansas

For each case disposed of the expres agents were allowed 50 cents., This naturally has proven not only a violation of the prohibition laws of the states named, but has deprived the federal government of an immense amount of revenue. It is stated today that the federal government has sent dozens of agents in Kansas and the parts of Texas affected to gain evidence upon which to convict the offenders.

Three Kansas City liquor dealers were indicted by a federal grand jury, sitting at Wichita, Kan, and the indictments sent to the office of the United States district attorney here.
