PLEAD GUILTY TO ASSAULT

Zimmerman and Burks Get Twenty-Five Years According to Agreement.

JUDGE THORNELL TALKS TO COLORED MEN

Negro Attorney Who Appears for De fendants Delivers Address Much Along the Same Lines as the Judge.

In accordance with the agreement reached on their electing to plead guilty, Judge Thornell vesterday morning in district court sentenced Nealey Zimmerman and George Burke, the negro assailants of Mrs. Mary Stark and her daughter, Mrs. Harry Sanders, to twenty-five years each in the penitentiary at Fort Madison. Five years of the sentence was imposed on the robbery charge and twenty years on the attempted criminal assault count. The sentences are onsecutive and not concurrent, the prisoners, according to the order of the court, having to first serve the shorter sentence and then the longer one. If the prisoners earn every minute of good time allowance they can secure their release at the end of fifteen years,

In passing sentence Judge Thornell spoke on the crime to which the prisoners had pleaded guilty, saying in part: "There is race are prone to commit assaults on white women, but during my eighteen years on this kind which has come before me. Nevertheless, the opinion prevails, and this being the case the man who commits this crime must be the most bitter and vindictive enemy of his race and himself. Other black men should brand the black man who commits this crime as his own worst enemy and should be willing to see him punished."

George W. Woodson, a negro attorney from Muchakinock, Ia., who had been engaged to defend the prisoners, replied to Judge Thornell and created a most favorable impression by his eloquence. He said: "The negro race does not countenance the crime of which these two men have pleaded guilty. The sentiment of the colored race is that it has no toleration for any man, whether he be white or black, who touches a woman, white or black, with any but a hand of kindness."

The court room was crowded during the proceedings, but there was no demonstration. Zimmerman and Burke will be taken to the penitentiary this morning.

Charles Stevenson, indicted for inciting a riot the night the mob gathered at the county jail with threats to lynch the two negroes and who was found guilty of "unlawful assembly," a lesser offense, by a district court jury, was sentenced to thirty masoo, Mich., of Holbrook T. Estill, alias days in the county jail. Nate Bethers, grrested with Stevenson and indicted on a similar charge, was allowed to plead guilty last November on M. P. Park, chief clerk to the lesser charge and received a like senter ce. Stevenson and Bethers have already been forty-seven days in jall.

Frank Schenck, who was indicted on charge of assaulting his wife with murderous intent, was sentenced to thirty days in the county jail. His trial was draft purporting to be signed by C. C. May, begun yesterday morning, but after the for the state was submitted Schenck was permitted to plead guilty to plain assault and battery. Schenck is the to cut the throat of his young son, whom he held on his knee with one hand, while An information charging Estill, alias he brandished a big knife in the other. The trial of J. M. Faith, charged with contracting a bigamous marriage with Mrs.

May Welsh, will be taken up today. Judge Thernell will this morning hear the motion for a new trial in the case of Peter D. Burke, convicted of assaulting Real Summitt with intent to commit manslaughter. In the motion for a new trial there is alleged among other things misconduct on the part of the jury. It is alleged that the jurors were guilty of misconduct in that they spoke of the relations said to exist between Burke and the mother of Reel Summitt and that for this cason they should not believe her testimony. It is also alleged that several of deliberations to what certain newspapers

had written about the case. A motion for a new trial was filed by the plaintiff in the suit of N. A. Crawford against W. C. Droge and others.

The hearing on the application has been set for this morning before Judge Thornell, but as there are other matters, including the trial of J. M. Faith, assigned for today, it is expected that the hearing will go over until Monday. Carter in his application for a writ of habeas corpus states he can prove by witnesses that he was at home in Council Bluffs the night of the robbery in Omaha in which he is alleged to have been implicated

Must Go to Farm or Hustle.

The county supervisors spent the greater part of yesterday securing prices on furniture and other supplies for the new ounty poor farm. It is expected that the ulidings on the poor farm will be ready

for occupancy in a few weeks. All percons now being cared for by the county will be removed to the farm or in the event of their refusing to go there they will be cut off from the county's bounty and required to shift for themselves.

J. C. Bixby, who was employed by the county to locate the source of escaping sewer gas in the court house, reported that it was due to a defect in the mair sewer and recommended that the plumbing be replaced with modern appliances. This he estimated would cost in the neighborhood of \$500. This matter was referred to the committee on buildings and grounds with power to act. The committee will, it is expected, ask for bids.

> This disposition of the little girl, it is said, was made without the knowledge of the mother, who only learned of it when she received in Des Moines Wednesday papers for her to sign, relinquishing her rights in the child to Mrs. Conner. Mrs. Johnson, who said she supposed that the child was merely visiting with Mrs. Conner, at once hastened to Council Bluffs, accompanied by her sister, with the intention of regaining possession of her child. The child, she learned, was at the Eighth avenue school and there the mother and aunt hastened. Little Maud cried with lov when she saw her mother and begged her to take her home with her. At the time the mother was lying on a quilt on the floor in the sitting room taking an afternoon nap, as was her custom. The murder was discovered by Mrs. Mangus Nelson, a sister-in-law of the dead woman, who went to the house to see her. She was met at the door by the daughter, who in answer to a query about her "I just killed her."

The frightened woman went to the neighbors for help and when she returned the had been in contact with the brass rails girl had disappeared. Investigation found her body at the bottom of the cistern, where she had jumped after tying three coma from this city about three months flatirons around her neck. The young woman returned from the insane asylum several months ago, but had shown no signs of insanity since. Since her discharge from a position in the public schools in this city three years ago she has been despondent. BIENNIAL ELECTION

owa Senate Adopts Proposed Amendment by Almost Unanimous Vote.

STATE FUNDS LIKELY TO DRAW INTEREST

House Passes the Bill in Spite of Determined Opposition of Des Moines Bankers-Hearst Men Satisfied.

(From a Staff Correspondent.) DES MOINES, Feb. 11 .- (Special.)-The enate of the Iowa legislature today set its seal of approval on the measure to provide that there shall be elections in Iowa only every other year by adopting by an overwhelming vote the proposed amendment to the constitution to that "You won't let them take me away from effect. Only two votes were cast against the bill and three senators, while voting for it declared themselves as personally opposed to the measure. Those who voted no were Mesers. Wilson of Clinton and Spaulding of the Chickasaw-Floyd district. Senator Newberry in casting his vote declared his county in previous action had given a majority in opposition to the amendment, but the voters of the state seemed to favor it. He therefore voted yes. Senator Gilliand of Mills, while he personally believed elections are educative and are not too frequently held, declared that he voted in deference to the senti-Omaha. > Interest on State Funds. Senator Lewis called up his bill to require that banks shall pay interest on state money deposited with them and it bitterly opposed by the Des Moines bankers who now hold over \$1,000,000 of state money on which they pay no interest. It is estimated the bill will give the state a revenue

of \$30,000 to \$40,000 a year from this source. The binding twine question came up in the house today, when Mr. Powers introduced a bill to establish a plant at Anamosa, appropriating \$100,000 for the building and \$150,000 for the plant and that twine shall be made by the state and sold at cost to the people, plus 50 cents a day for pay for convicts. At the same time the senate reported that the concurrent resolution for an investigation of the subject had been passed and the speaker appointed on this committee of investigation Messrs. Powers, Jones and Delano They are directed to make a full investiofficer placed her and Mrs. Routson under gation of the subject and report at as early a day as possible.

Completing Inchrinte Asylum. The State Board of Control made a report to the legislature on the probable cost of remodeling the state buildings at Knoxville so that they may be used for the state asylum for inebriates. The board reports that if all the inebriates are to be sent to Knoxville then there should be an appropriation of at least \$300,000 to put the buildings in right condition and secure the necessary land and new buildings, for the buildings will have to be arranged to provide for restraint of the inebriates. Two hundred acres more of land should be purchased, the present buildings would have to be remodeled, an administration building added, a power house, engine room, coal house, laundry, shop, and cot-tage for 100 persons. All this will cost at the inside \$119.525, but the board suggests \$125,000 as a reasonable sum, but if the uildings are to be equipped for at 200 inebriates and all classes are to be sent there, including the vicious and criminal, then the appropriation should be at

least \$200,000. In the house today the bill to require that county recorders shall re-record instruments where errors have been made, and this without expense, was passed. The bill to fix the salary of the county recorders the same each and every year and to prevent fluctuations in the compensation owing to change in the amount of fees

from year to year, was also passed. Monuments to Iowa Men.

The bill to appropriate \$10,000 for deficiency in the national guard funds was Also the bill to appropriate \$500 for monuments for General George A. Stone, Governor William M. Stone and Beneral M. M. Crocker.

The bill to complete the Iowa historical end memorial building in Des Moines was introduced in the house by Representative English. It carried an appropriation of \$200,000 and provides that the executive council may purchase or secure by condemnation the additional ground needed for the building.

The military committee of the house in troduced the bill to appropriate \$11,500 for the Andersonville monument to Iowa soldiers. A bill appropriating \$5,000 for the League of Iowa Municipalities and \$1,000 a year to a poultry association were intro

Applying for a Pardon.

A hearing was given today by the pardons ommittee of the legislative to the cases of Haley and Robbard and Frank Rainsbarger. The Haley and Robbard case is one in which the two are serving time for a murder in Dubuque eleven years ago. Huley is editor of the Prison Press and shrewd man. He prepared a pamphlet for the members of the legislature which con-

tained the statement of their case. The two men admit that they had held up and robbed a woman the night before the murder was discovered, but claim they did not murder the men and that there was no real evidence against them. The petition was resisted by the county attorney of Dubuque. who came here for that purpose. In the case of Rainsbarger, who has been in the penitentlary many years, a strong petition was presented, and the attorney who prosecuted the case originally appeared to ask that he be pardoned.

Scleeting Ames College Trustees.

Caucuses of members of the legislature have now been held in all the districts where there are members of the board of trustees of the State college to be elected with this result: Eighth district, George S. Allyn; Fourth district, Ellison Orr; First district, C. C. Letts; Second district, C. S. Barclay. The democratic member of the board was in the Eighth district, but the Eighth district people insist it shall go to some other district, and one of the four republicans mentioned will have to be sacrified because of the necessity for a democrat on the board. The old fight of last year over the presidency entered to some extent into the contests in the district with the result that two of the present members of the board were defeated.

State Conventions Held.

The state conventions of grocers and hardware dealers were given banquets this evening, but the hardware men have not yet finished. The grocers elected these officers: President, A. M. Huff, Newton: vice president, B. T. Jackson, Cedar Rapids; secretary, Ira B. Thomas, Des Moines; treasurer, A. A. Scruby, Des Moines, They condemned the parcels post measure and endorsed the pure food bill in congress and a similar one in the legislature.

The hardware dealers spent most of the day in executive session, considering the report of National Secretary M. L. Correy and other papers on the program.

The state meeting of Patriarchs Militant was concluded. A. E. Hyland of Des Moines was elected vice president and E. E. Lambert of Newton treasurer, the only officers elected at this time. The degree of chevaller was conferred on Charles Bauer of this city. The next meeting will be at Atlantic in February next, but there will be a summer encampment at Waterloo.

Hearst Boomers Satisfied.

The Hearst boomers in Iowa claim victory at the meeting of the democratic state central committee yesterday afternoon. The victory was gained in the selection of the day of May 4 for the convention to choose delegates to the national convention. The anti-Hearst men on the committee were in favor of a much later date, and the latter part of June was suggested and argued by them, Representative Springer of the Third district taking the ead in the fight for delay. The vote stood eight to four in favor of May 4. It was said after the meeting of the committee that the Hearst men would proceed to push their organization throughout the state and would begin at once their efforts to gain control of the various county cen-

Discuss Township School.

MISSOURI VALLEY, Ia., Feb. 11,-(Special.)-The school directors and patrons of the four district schools of Calhoun township will hold a meeting Tuesday, February 16, for the purpose of considering the proposition of establishing a township graded school and arrange to carry the pupils from a distance to and from school. This plan has been tried in several localities and has proven a success, not only by being more economical for the school districts, but also by giving the country pupils the advantage of a graded school. A similar school is being conducted now in Spring Valley township, Monona county, with splendid results. County Superintendent Brainard, Prof. Beveridge of the Missouri Valley schools and Prof. Blodgett of the Logan schools will deliver addresses at the meeting in favor of the township graded school.
