OPERATIONS A FAD

Public Gradually Awakens to the Fact. The latest fad in operations has been the appendicitis fad; before that the fad for rectal operations (piles, etc.) held sway. Hundreds of patients were frightened and hurried into hospitais, operated upon and robbed of their last dollar, when the trouble was a simple case of hemorrhoids or plles only, easily cured at home with a simple

remedy costing but fifty cents a box. "I procured one fifty cent box of Pyramid tion of buying a larger box later, but was the least sign of piles since I used this one Athletic club, as it is his daily custom to box, which has beeen about two months; previous to using Pyramid File Cure I had the worst kind of bleeding and protrucing plies for over thirty-one years, and no one knows, except those who have had the piles, the pain and misery I suffered.

"I am a poor man, but have often said I would give a fortune, if I had it, to be cured of the piles, and now I have been cured for fifty cents. I should be very ungrateful if I did not thank you and give you every privilege to use my name and this letter, when I know there are so many who suffer as I dtd." J. A. Weismiller, 1:00 Bindensburg Road, Washington, D. C.

The Pyramid Drug Co., Marshall, Mich., publish a little book on the causes and cure of piles, which they will be glad to mail free to any applicant, and we advise all sufferers from this painful disease to write to them for it.
